JANUARY- JULY 2024 ADMISSION**

Dear Student,

As per laid down guidelines of the university, you have to complete one assignment before the term end examination. The assignment carries 30% weightage. The questions are analytical and descriptive by nature. Therefore take your assignments very seriously. The main purpose of the assignments is to inspire you to thoroughly read the study materials and also to test your comprehension of the learning materials. It is advised that you should not reproduce the study materials, rather apply your judgment and if possible consult reference books and related text materials before answering the assignments. However, you do not have to be worry enough about non-availability of extra reading materials for working on the assignments.

Complete the responses on assignments in all respects. Check that you have not inadvertently left answering any question before submitting the assignments. Incomplete assignment will ensure you poor grade.

If you fail to get pass grade (40%) in any assignment, you have to submit it again. However, once you get the pass grade in an assignment, you can not resubmit it for improvement of the grade.

Remember that **you have to write the answers of the assignments in your own handwriting** and should not send **typed assignments**.
