12-days Refresher Programme (Residential) *on*

Indian Knowledge Systems in 21st Century Classroom : Innovation, Ethics, and Sustainability

(Multidisciplinary/ Interdisciplinary)

23rd July to 5th August, 2026

Target Group :
Faculty/ Academics from Universities, Colleges and other HEIs

Prof. Uma Kanjilal
Vice-Chancellor, IGNOU

Prof. Anita Priyadarshini
Programme Director, UGC-MMTTC
& Director, STRIDE, IGNOU

Programme Objectives : The broad objectives of the programme are to-

- **Deconstruct Academic Bias:** Establishing IKS as an empirical, structural science.
- **Map Curricula:** Training faculty to design modules linking IKS to core academic domains.
- **Drive Pedagogical Innovation:** Introducing traditional methods like *Vada* and *Nididhyasana*.
- **Incubate Research:** Linking ancestral insights with modern technology through collaborative frameworks.
- **Syllabus Integration:** Enabling educators to integrate IKS content without compromising technical standards.
- **Resolve Modern Challenges:** Addressing global crises like climate change and AI ethics via IKS.

Core Themes:

- **Foundations & Decolonization:** Implementing IKS frameworks and Indian epistemology (Pramana Shastra).
- **Innovation & STEM:** Connecting ancient Indian sciences with modern computing.
- **Ethics & Governance:** Applying Dharma and Nishkama Karma to policy and management.
- **Sustainability & Ecology:** Using the Pancha Mahabhuta framework for environmental solutions.
- **Pedagogy & Implementation:** Integrating IKS content into contemporary classrooms.

Important Information for Programme:
