About the Workshop

The workshop focuses on the practical use of Artificial Intelligence (AI) in research. It will help participants understand how AI tools can support literature review, data analysis, visualization, and academic writing, while also addressing ethical concerns.

There is no fee. Registration can be done by filling out the Google Form using the link provided. Link: <https://forms.gle/fd9Faze8TmG3fhcc7>. Participation is limited to 100 candidates. The decision of the organizers regarding the selection of participants shall be final. Selected participants will be informed through e-mail.

Registration & Fee

Target Participants

Faculty Members, Research Supervisors, Researchers and Research Scholars.

E-certificate will be awarded to participants attending all sessions.

Certification

Workshop Themes

AI: Meaning, Ethics, and Limitations, AI Tools for Literature Review, AI for Data Analysis and Visualization, AI in Academic Writing

Mobile: 9891628092, E-mail: ajithchalil@ignou.ac.in
