

Design & Development of e-Content for Online Learning and MOOCs Through Online Mode (18th February 2026 - 25th February, 2026)

Target Group

Teachers & Academics of Higher Education
Institutions

Learning outcomes:

By the end of this workshop, participants will be able to:

- ❑ Describe instructional design principles and models in structuring e- content that optimises learner engagement and knowledge retention in MOOCs.
- ❑ Leverage popular software tools for Text/Video/Audio to create interactive elements, multimedia presentations, quizzes, and animations for enriching the learning experience.
- ❑ Collaboratively design and develop e-content modules that can address diverse learning needs and objectives.
- ❑ Explore cutting-edge online learning trends & techniques and content development strategies.
