Vice Chancellor's Message

Dear Learners,

It gives me immense pleasure to welcome you to Indira Gandhi National Open University for the Academic Session July 2026. As India's National Open University, IGNOU has been at the forefront of expanding access to higher education through the Open, Distance, and Online Learning systems. Established with the vision of democratizing education, the University has consistently worked to make quality higher education accessible, affordable, flexible, and learner-centric for people across the country and beyond.

Over the years, IGNOU has emerged as a pioneering institution in Open and Distance Learning (ODL) and Online Education, enabling millions of learners to pursue their academic goals irrespective of geographical, social, economic, or professional constraints. The University's flexible learning framework empowers learners to continue their education while balancing employment, family responsibilities, and other commitments.

IGNOU continues to strengthen its technology-enabled learning ecosystem through digital platforms, online student services, e-content, virtual support systems, and a robust network of Regional Centres and Learner Support Centres. These initiatives reflect the University's commitment to ensuring a seamless, inclusive, and enriching educational experience for every learner.

The University's contribution to higher education has been recognized nationally through the prestigious NAAC A++ Accreditation, reaffirming its commitment to academic quality, learner support, institutional excellence, and transparent governance. IGNOU has also secured the top position among Open Universities in the National Institutional Ranking Framework (NIRF), underscoring its leadership in the field of Open, Distance, and Online Learning in India.

Aligned with the vision of the National Education Policy 2020, IGNOU continues to promote flexible and multidisciplinary learning opportunities, digital education, lifelong learning, and wider participation in higher education. The University remains dedicated to empowering learners through knowledge, skills, innovation, and continuous academic engagement.

As you explore the learning opportunities offered by IGNOU, I warmly invite you to become a part of a vibrant academic community that values inclusivity, excellence, and social transformation. Your educational journey with IGNOU will not only help you achieve your personal and professional goals but also contribute meaningfully to the progress of society and the nation.

I extend my best wishes to all applicants for success in their academic pursuits and future endeavors.

SWAYAM PRABHA teaching through DTH Channels

As broadband penetration remains uneven, for the learner in a remote hill district or tribal block, satellite television remains one of the most dependable channels for receiving academic content in real time. IGNOU coordinates seven SWAYAM PRABHA channels (Channel 10–16), operational from September 2023, delivering content in fourteen regional languages.

1. The Indira Gandhi National Open University reserves the right to amend, modify, update, interpret, or withdraw any provision, guideline, programme detail, regulation, fee structure, schedule, eligibility criterion, or any other information contained in this Prospectus without prior notice. Any such revision shall be notified through the official University website and shall become effective from the date of notification.

2. Applicants are advised to regularly visit the official website of IGNOU, namely IGNOU Official Website, for updated information regarding admissions, eligibility, programme structure, fees, examination schedules, academic regulations, and related notifications. The University shall not be responsible for any inconvenience or loss arising out of the applicant's failure to refer to the latest updates available on the website.

3. This Prospectus is intended to provide general information relating to admission, academic programmes, rules, regulations, and procedures of the University. Although due care has been taken to ensure the accuracy and authenticity of the information contained herein, the same should not be construed as a legal document or a binding guarantee of completeness, correctness, or continuance of any programme, policy, or facility.

4. The University disclaims all liability for any loss or damage caused to any person arising out of reliance on the information contained in this Prospectus. Any error, omission, typographical mistake, inadvertent discrepancy, or interpretation issue detected subsequently shall be subject to correction by the University.

5. Admission to any programme of the University shall be provisional and subject to fulfillment of the prescribed eligibility criteria, verification of documents, approval by the competent authority, and compliance with all applicable rules, regulations, and instructions issued by the University from time to time.

6. Non-compliance with any admission requirement, including non-submission of requisite documents, submission of incomplete or incorrect information, failure to pay the prescribed fee within stipulated timelines, or violation of University rules, may result in rejection or cancellation of admission without further notice.

7. If, at any stage, any document, certificate, declaration, or information submitted by a candidate is found to be false, forged, fabricated, misleading, suppressed, or otherwise invalid, the candidature/admission shall be cancelled forthwith without prejudice to any other action that may be taken by the University under applicable laws. In such cases, fees paid shall not be refunded. If such discrepancy is discovered after award of the degree/diploma/certificate, the University reserves the right to cancel the same and initiate appropriate legal and disciplinary proceedings.

8. The University reserves the right to revise, restructure, suspend, withdraw, or discontinue any programme, course, study centre, regional centre, examination centre, academic process, or mode of delivery at any time without assigning any reason.

9. The decision of the University regarding admissions, eligibility, recognition, equivalence, examinations, discipline, interpretation of rules, and all related matters shall be final and binding on all applicants and learners.

10. All disputes arising out of admission and related matters shall be subject to the jurisdiction of competent courts located in Delhi only.

CORE VALUES OF IGNOU

Openness

The University democratize education by opening it to all sections of the society by cutting across age, caste, class, gender region, ethnicity, language and religion. It offers opportunities for higher education to those sections of society who have been denied access due to life-circumstances, and draws them into the mainstream.

Flexibility

The University provides academic flexibility by removing barriers to entry, place and pace of learning and leveraging Interaction through seamless teaching-learning experiences using educational technologies.

Affordability

The University offers higher education at affordable costs to learners who have not been able to access education due to high costs and lack of resources.

Inclusiveness

University promotes inclusive education by cutting across barriers of disability, age, gender, caste, creed, ethnicity, religion and region. It also caters to the educational needs of marginalized sections of society such as sex workers, jail Inmates, PwD and transgendered people.

Life-long learning

The University customizes its programmes to the nerds of its diverse learners, and provides a learner-centric pedagogy to support lifelong learning using a multi-media approach.

Excellence

The University being a pioneer in open and distance learning is committed to setting benchmarks in all spheres of its activities such as programme design and development; preparation of self-leaming material; organisation and implementation of learner support; and use of educational technologies.

1 THE UNIVERSITY

1.1 Introduction

The Indira Gandhi National Open University was established by an Act of Parliament in 1985 to achieve the following objectives:

- democratising higher education by taking it to the doorsteps of the learners,
- providing access to high quality education to all those who seek it irrespective of age, region, religion and gender,
- offering need-based academic programmes by giving professional and vocational orientation to the courses, and
- promoting and developing distance education in India.

1.2 Prominent Features

IGNOU has certain unique features such as:

- National jurisdiction with international presence
- Flexible admission rules
- The programmes are offered in compliance to NEP 2020 Guidelines
- Individualised study: flexibility in terms of place, pace and duration of study
- Use of latest information and communication technologies
- Nationwide student support services network
- Cost-effective programmes
- Modular approach to programmes
- The programmes follow the multidisciplinary and inter-disciplinary approach
- Resource sharing, collaboration and networking with conventional universities, open universities and other institutions/organisations
- Socially and academically relevant programmes based on students' need analysis, and
- Convergence of open and conventional education systems

1.3 Important Achievements

- First Open University in the Country to have been accredited with the highest **A++ Grade by NAAC and Nirf and rank 1 in category of open University.**
- Emergence of IGNOU as the largest Open University in the world.
- Recognition as Centre of Excellence in Distance Education by the Commonwealth of Learning (1993).
- Award of Excellence for Distance Education Material by Commonwealth of Learning (1999).
- Launch of a series of 24-hour Educational Channels 'Gyan Darshan'. IGNOU is the nodal agency for these channels and regular transmissions are done from the studios at Electronic Media Production Centre (EMPC), IGNOU.
- Regular educational broadcast with facility for live interaction
- IGNOU has been entrusted with the responsibility of National Coordinator for Swayam Prabha Project for four channels (CH 17 to 20). These channels are broadcasting the recorded videos as well as live telecasting of IGNOU programmes on 24x7 basis.
- Largest network of learning support system.

1.4 The Schools of Studies

With a view to develop interdisciplinary programmes, the University operates through its Schools of Studies. Each School is headed by a director who arranges to organise its academic programmes and courses in coordination with the School faculty and staff, and different academic, administrative and service divisions of the University. The emphasis is on providing a wide choice of courses at different levels.

The following Schools of Studies are in operation currently:

- School of Humanities (SOH)
- School of Social Sciences (SOSS)
- School of Sciences (SOS)
- School of Education (SOE)
- School of Continuing Education (SOCE)
- School of Engineering and Technology (SOET)
- School of Management Studies (SOMS)
- School of Health Sciences (SOHS)
- School of Computer and Information Sciences (SOCIS)
- School of Agriculture (SOA)
- School of Law (SOL)
- School of Journalism and New Media Studies (SOJNMS)
- School of Gender and Development Studies (SOGDS)
- School of Tourism and Hospitality Service Management (SOTHSM)
- School of Interdisciplinary and Trans-disciplinary Studies (SOITS)
- School of Social Work (SOSW)
- School of Vocational Education and Training (SOVET)
- School of Extension and Development Studies (SOEDS)
- School of Foreign Languages (SOFL)
- School of Translation Studies and Training (SOTST)
- School of Performing and Visual Arts (SOPVA)

1.5 Academic Programmes

The University offers Certificates, Diplomas, Advance Diplomas, Post Graduate Diplomas and Degrees, which are conventional as well as innovative. Most of these programmes have been developed after need based survey for such programmes. They are launched with a view to fulfilling the learners' needs for:

- certification,
- improvement of skills,
- acquisition of professional qualifications,
- continuing education and professional development at workplace,
- self-enrichment,
- diversification and updating of knowledge, and
- empowerment.

1.6 Modular Approach to Programmes

The Programmes offered by the University are in compliance to the National Education Policy 2020. The teaching-learning arrangements in IGNOU are highly flexible. With this objective in mind, the University has followed a modular approach to Programme development for many of its degree level programmes. As per the University policy, programmes with modular approach are designed keeping in mind the need of the learners and offer the flexibility in the combination of courses as well as methods. The learners have the choice to decide the pace of their learning and they have the option of course-wise registration for various programmes.

Under the modular approach, each course is allocated a certain credit weightage. A learner enrolled in a modular programme can exit the programme at designated points and obtain a certificate or diploma, depending on the number of credits completed. Alternately depending on the number of credits earned, a learner with Certificate level can complete a Diploma or a Degree.

In IGNOU, modularity has been implemented in two ways. In some Programmes, exit options have been provided whereby students not wanting to complete the entire programme can make an exit after completion of a defined number

of courses and get a Diploma / PG Diploma. This helps the students in meeting their immediate professional requirement. In the other approach to modularity, students completing a Diploma / PG Diploma Programme are allowed lateral entry in a degree programme subject to rules and regulations of the University. This helps the students in upgrading their knowledge / skill as per their requirement and convenience.

1.7 Multiple Entry and Multiple Exit Scheme

The Multiple Entry and Multiple Exit Scheme is hereby introduced for the Undergraduate Programmes offered by IGNOU under the FYUP framework, with effect from July, 2025 admission session. Please refer Notification **Annexure VI.**

The details of the exit points and certification at different levels are given below:

Levels of Multiple Exit and Multiple Entry points

Sr No.	Level of the Programme	Exit and Certification
1.	Undergraduate Certificate	The learners successfully completing first year (2 semesters) of study at the undergraduate level will be awarded an Undergraduate Certificate. (Total Credits : 40+4=44)
2.	Undergraduate Diploma	The learners successfully completing the 2 year (4 semesters) of study at the undergraduate level will be awarded an Undergraduate Diploma. (Total Credits : 80+4=84)
3.	Undergraduate Degree	The learners successfully completing the 3 year (6 semesters) of study at the undergraduate level will be awarded a Bachelor's Degree with Major in the relevant disciplines. (Total credits : 120)
4.	Undergraduate Honours Degree	The learners successfully completing all the four years (8 semesters) of study at the undergraduate level will be awarded a Bachelor's Honours Degree in the relevant discipline. (Total credits : 160)

1.8 Course Preparation

Learning material is specially prepared by teams of experts drawn from different universities and specialized institutions in the area spread throughout the country as well as in-house faculty. The material is scrutinized by the content experts, in -house faculty and edited by the language experts at IGNOU before these are finally sent for printing. Similarly, audio and video materials are produced in consultation with the course writers, in- house faculty and producers. The material is previewed and reviewed by the faculty as well as outside experts and edited/modified, wherever necessary, before they are finally dispatched to the students, Learner Support Centres and Telecast through Gyan Darshan.

1.9 Credit System

Defining Credit in ODL

The University follows the 'Credit System' for most of its programmes. Each credit in our system is equivalent to 30 hours of learner study comprising all learning activities (i.e., reading and comprehending the print material, listening to audio, watching video, attending counselling sessions, teleconference and writing assignment responses). Thus, a 4-credit course involves 120 hours of study and a 6-credit course involves 180 hours of study. This helps the learner to know the academic effort he/she has to put in, to successfully complete a course. Completion of an academic programme (Degree or Diploma) requires successful completion of the assignments, practical, projects and the Term-End Examination as per requirement of each course in a programme.

1.10 Support Services

In order to provide individualized support to its learners, the University has a large number of Learner Support Centres, spread across the country. These Learner Support Centres are coordinated by 67 Regional Centres and Recognised Regional Centres. At the Learner Support Centres, the learners interact with the Academic Counselors and other learners, refer to books in the library, watch/listen to video/audio programmes and interact with the coordinator on administrative and academic matters. The list of Regional Centres is given in this Prospectus. Support

services are also provided through Work Centres, Programme Learner Support Centres, Skill Development Centres and Special Learner Support Centres.
In case the number of students enrolled in a program is small, the University shall provide Technology-Enabled Learner Support (TELS) through Gyan Darshan / Gyan Vani / Swayam Prabha/ Web based support.

1.11 Programme Delivery

The methodology of instruction in this University is different from that of the conventional Universities. The Open University system is more learner-oriented and the learner is an active participant in the pedagogical (teaching and learning) process. Most of the instructions are imparted through distance education methodology as per the requirement.

The University follows a multimedia approach for instruction, which comprises:

a) **Self Instructional Printed Material:** The printed study material (written in self-instructional style) for both theory and practical components of the programmes is provided to the learners in the form of a single print book and/or e-book, comprising blocks and units or in the form of separate printed blocks for every course (on an average 1 block per credit). A block which comes in the form of a booklet usually comprises 3 to 5 units.

Audio-Visual Material Aids: The learning package contains audio and video programmes which have been produced by the University for better clarification and enhancement of understanding of the course material given to the learners. A video programme is normally of 25-30 minutes duration.

b) The Video content is available on eGyan kosh (www.egyankosh.ac.in) – the digital learning repository of the University.

The video programmes are also telecast on National Network of Gyan Darshan and Swayamprabha channels. All Gyan Vani stations broadcast curriculum-based audio programmes as per their schedule that is notified in advance. In addition, some selected stations of All India Radio also broadcast the audio **programmes.** Learners can confirm the dates for the programmes from their Learner Support Centres. The information is also provided through the University website.

c) **Counselling Sessions:** Normally counselling sessions are held as per schedule drawn by the Learner Support Centres. These are mostly held outside the regular working hours of the host institutions where the Learner Support Centres are located. **However, in case the number of students in a programme is small, face-to-face counselling shall not be organized. In such cases the University shall provide Web Enabled Academic Support to the learners.**

d) **Tele conferences:** Live sessions are conducted via satellite through interactive Gyan Darshan Channel as well as simultaneously webcast at https://onlineservices.ignou.ac.in/empclive/and via Facebook Live sessions.

e) **Practicals/Project Work:** Some Programmes have practical/project component also depending upon the learning requirements. Practical sessions are held at designated institutions for which schedule is provided by the Learner Support Centres. Attendance at practical sessions is compulsory. For project work, comprehensive project guide, in the form of a booklet, is provided to the learner along with the study material.

1.12 Gyan Darshan

Gyan Darshan (GD) channel is a major milestone in the field of Educational Television in India. It is a joint venture of the Ministry of Human Resource Development (MHRD), Ministry of Information & Broadcasting (I & B Ministry), Prasar Bharati and IGNOU serving as the nodal agency. Launched in the year 2000, GD is a 24-hour educational channel which offers the best of educational programmes covering a variety of subjects and catering to a wide range of viewers. These include pre-school, primary, secondary and higher secondary students, college/university students, youth seeking career opportunities, homemakers and working professionals. The software is pooled from various educational Institutions and Development Organisations. GD conducts two hours of live interactive sessions every day to build interactivity in the Open and Distance Learning (ODL) system. Teachers/Resource persons and IGNOU Regional Center functionaries interact for academic and administrative matters with students. Induction Programmes for new students and convocations for graduating students are also conducted live through Teleconferencing every year.

Gyan Darshan is also available on webcast, thus extending the reach of IGNOU programmes to audience's world over. The Gyan Darshan telecast is also beneficial for students of the formal education system and the viewers can access Gyan Darshan on IGNOU's website https://onlineservices.ignou.ac.in/empclive/ . As Gyan Darshan Channel is must carry

channel as per the Government of India Gazette notification, a number of private DTH/Cable Operators carries Gyan Darshan in their Bouquets. Gyan Darshan is now part of Swayam Prabha and can be watched on MHRD Channel no.25

1.13 Gyan Vani

Gyan Vani (GV) FM Radio was conceived in 2001 as a network of educational FM Radio Channels operating from various cities in the country. With an aim to enhance and supplement the teaching-learning process, each GV Station has a range of about 60 kms and covers an entire city/town including the adjoining rural areas. Gyan Vani serves as an ideal medium for niche audience addressing the local educational, developmental and socio-cultural requirements of the people. The flavor of the channel is by and large local and the medium is English, Hindi or language of the region. The overall content pertains to Primary and Secondary Education, Adult Education, Technical and Vocational Education, Higher Education, Distance Education and Extension Education etc. Interactive Radio Counseling (IRC) facility is being provided by GV Stations to enable students to interact with the faculty, academic counselors and student support staff. The live phone-in programmes are popular components of the network. The programmes broadcast through each stations include both pre-recorded and live content. click the link – (https://onlineservices.ignou.ac.in/empclive/)

1.14 Swayam Prabha

Swayam Prabha is an initiative of the Ministry of Education, Government of India to provide 34 High Quality Educational TV Channels through DTH (Directo-to-Home) across the length and breadth of the country on 24x7 basis using GSAT 15 Satellite. Curriculum-based course content covering diverse disciplines are telecast through Swayam Prabha and are provided by NPTEL, IITs, UGC, CEC and IGNOU with the objective of meeting the needs of lifelong learners in India and abroad. IGNOU has been entrusted with the responsibility of National Coordinator for Swayam Prabha Project for four channels (CH 17 to 20) which are presently operational with effect from 1st Sept., 2020 after reorganization of earlier five channels. These four channels are broadcasting the recorded videos as well as live telecasting of IGNOU programmes on 24x7 basis.

1.15 Gyan Dhara

Gyan Dhara is an internet audio counseling service offered by IGNOU. Students can listen to the live discussions by the teachers and experts on the topic of the day and interact with them through telephone, email and also chat mode. When live sessions are not on, Gyan Vani Delhi is made available on this platform. The Gyan Dhara streaming is available for internet users anywhere in the world. Important events broadcast by GV Delhi are also relayed by all GV stations using the Gyan Dhara feed.

The Learners can access Gyan Dhara using the link https://onlineservices.ignou.ac.in/empclive/

EMPC YouTube Channel: The EMPC YouTube channel provides learners with round-the clock access to interactive educational video programmes on their smartphones. Between 3 PM to 5 PM on working days, students can engage in the live counseling Sessions with the faculty to resolve their queries and even directly talk to Experts for support on all aspects of student services. https://www.youtube.com/c/empcignou

EMPC Facebook: The EMPC Facebook page keeps learners well informed about the live interactive teleconference sessions and Interactive Radio Counseling (IRC) sessions by providing the daily updated topic wise schedules. Here also the learners make use of the live teleconference and radio counseling sessions. https://www.facebook.com/empcbroadcast

EMPC X: EMPC-X plays a vital role in keeping learners informed by providing regularly updated daily schedules of live teleconferencing and radio counseling sessions. This ensures that students can actively participate and make the most of these interactive learning opportunities. https://x.com/IGNOU_EMPC

EMPC Instagram: EMPC-Instagram displays the updated daily schedules of live teleconferencing and radio counseling sessions, and other important events of the University. https://www.instagram.com/empcignou/

1.16 Web Enabled Academic Support (WEAS)

To provide technology based academic support to the learners of the distance mode programmes, IGNOU has initiated a scheme of Web Enabled Academic Support (WEAS) for various ODL programmes of IGNOU. WEAS is a Single Window Platform providing various kinds of academic support including the study material, audio-video, quiz, discussion forum, calendar of activities, web-based video counselling, links of various web-based resources to the distance learners by using

simple and easily available ICT tools. The students enrolled in programmes being offered through WEAS are given access to their programme specific portal in which they are provided with course material in digital format, video and learning resources. The portal enables online peer-to-peer interaction and discussion, it also gives an opportunity to the students to learn online and interact virtually with teachers and experts. 1.17 Evaluation System

The University conducts Term-End Examinations (TEE) twice a year ordinarily in the months of June & December.

The system of evaluation followed by the University also is different from that of conventional universities. IGNOU has a multitier system of evaluation.

1. Self-assessment exercises within each unit of study material.
2. Continuous evaluation mainly through assignments which are tutor-marked, practical assignments and seminar/ workshops/extended contact programmes, etc.
3. Term-End Examinations (TEE).
4. Project / Term-end Practical examination.

The evaluation of learners depends upon various instructional activities undertaken by them. A learner has to write assignment responses compulsorily before taking Term-End Examinations from time to time to complete an academic programme. A learner has to submit Tutor Marked Assignments (TMA) responses to the Coordinator of the Learner Support Centre to which s/he is attached. **Term-end examination is conducted at various examination centres spread all over the country and abroad in June and December every year.**

IGNOU uses the following system of "Grading" for evaluating learners' achievement

Letter Grade	Qualitative Level	Point Grade
A	Excellent	5
B	Very Good	4
C	Good	3
D	Average	2
E	Unsatisfactory	1

For Bachelors' and Masters' degree programmes, normally the system of numerical marking is followed, and the marks secured in assignments, TE Exams, etc. are later converted into grades as per the five-point grading scale given above. However, if required by the learner, the University provides numerical marks and division (I, II or Pass).

IGNOU uses 10-Point Grading System for evaluating learners' achievement for Bachelor Degree Programmes under CBCS, as under:

10-Point Grading System of IGNOU as per UGC-CBCS Guidelines

Letter Grade	Numerical Grade	Percentage
O (Outstanding)	10	≥85
A+ (Excellent)	9	≥ 75 to < 85
A (Very Good)	8	≥ 65 to < 75
B+ (Good)	7	≥ 55 to < 65
B (Above Average)	6	≥ 50 to < 55
C (Average)	5	≥ 40 to < 50
D (Pass)	4	≥ 35 to < 40
F (Fail)	0	< 35
Ab (Absent)	0	Absent

Term-End Examination and Payment of Examination Fee

The University conducts Term-end Examination (TEE) twice a year in the months of June & December. A learner is permitted to appear in TEE subject to the following conditions: -

1. Registration for the courses is valid and not time barred.
2. Required number of assignments in the courses have been submitted by due date wherever applicable.
3. Minimum time to pursue these courses as per the provision of the programme has been completed.
4. Examination fee for all the courses the learner is appearing in the examination has been paid.

In the case of non-compliance of any of the above conditions, the result of all such courses is liable to be withheld by the University.

Term-End Examination

The learners are required to fill in the Examination form to appear in the TEE each time i.e., for every exam (June/ December) a learner has to apply a fresh. The Examination Forms are accepted online only as per the schedule available on the IGNOU website (https://ignou.ac.in) from time to time.

Examination fee and Mode of Payment

Examination Fee	Mode of Payment
@ 200 per theory course	Credit Card/Debit Card/NetBanking

The fee applicable to Projects and Practical Exams w.e.f. January, 2023 Admission Cycle shall be as under:

a. Project Evaluation Fees

Up to 4 credits project work: 300
Above 4 credits project work: 500
The fee is to be submitted by the students along with the Term-End Examination form.

b. Practical Examination

Fees Up to 4 credits: 300
Above 4 credits: 500
The fee is to be submitted by the students along with the Term-End Examination form.

Examination fee once paid is neither refundable nor adjustable even if the learner fails to appear in the examination.

Hall Ticket for Term-End Examination

No hall ticket shall be dispatched to the examinees. Hall Tickets of all examinees are uploaded on the University Website (www.ignou.ac.in) 7-10 days before the commencement of the Term-End Examinations. Therefore, learners are advised to visit IGNOU website for updates.

Students are advised to take the print out of the Hall Ticket from University website after entering the enrolment number and name of programme of study, and report at the examination centre along with the Identity Card issued by the University. Without a valid IGNOU Student ID Card issued by the University, examinees will not be permitted to appear in the examination.

In case, any learner has misplaced the Identity Card issued by the University, it is mandatory to apply for a duplicate Identity Card to the Regional Centre concerned well before commencement of the examinations so as to get a duplicate ID Card in time. Learners without valid ID Card will not be allowed to enter the Examination Centre premises. Students who have taken admission online can download their ID Card online.

1.18 International Students Residing in India

The foreign nationals are advised to visit the page of International Division of the University (https://ignouforeigniop.samarth.edu.in) for the programmes on offer for them; programme fee and other fees applicable for them. They may also contact International Division of the University at the Headquarters for more details.

1.19 Online Admission System

The Admission Forms can be submitted online through Online Admission System at https://ignouadmission.samarth.edu.in/ by the Indian Student. Currently, the facility is available for the programmes offered through Common Prospectus except entrance test-based programmes. Foreign student residing in other countries can also join the online programmes and can submit their admission form at https://ignouforeigniop.samarth.edu.in/ . The prospective learners are required to create their user ID and password for logging in the system and upload the required documents along with the submission of the Admission Form. There is no need to send the printed copy of the Admission Form to the Regional Centre. The programme fee can be paid online using payment Gateway through net banking, debit/credit card or UPI. Once the admission form is submitted online, the students can track the progress of their admission. A message is sent on the mobile number and email ID registered with the System once admission is confirmed. In case of any discrepancy in the Admission Form, the prospective students are advised to remove the discrepancy within a stipulated time. Failing to do so will lead to rejection of admission form.

The prospective learners submitting the Admission Form through this System can download the Prospectus free from IGNOU website http://www.ignou.ac.in. However, fee as prescribed from time to time will be charged as registration fee along with the programme fee.

1.20 eGyanKosh

1.23 Vidya Lakshmi Portal

Vidya Lakshmi Portal is a first of its kind portal for students seeking Education Loan. Set up in August 2015, it is a single window electronic platform for students to access information and prepare applications for Educational Loans and Government Scholarships. The Portal has the facility of tracking the students right from the inception of loan application until the completion of sanction of loan or otherwise. Students can view, apply and track their education loan applications to banks anytime, anywhere through the Portal. The portal has been developed and being maintained by NSDL e-Governance Infrastructure Limited.

Nearly 40 Banks have registered for over 131 **Educational Loan Schemes** on the Vidya Lakshmi Portal and integrated their system with the Portal for providing loan processing status to students.

1.24 Course-wise Registration and Certification Scheme (CRCS)

The University offers a scheme of Course-wise Registration and Certification (CRCS). Under this scheme, one can register for a single course or a limited number of courses, subject to a maximum of 16 credits. The rules of CRCS are as under:

1. The eligibility for registering for a course under the Scheme shall be same as the eligibility for admission to the Programme from where the course(s) are drawn.
2. The Scheme shall be offered in both Cycles of Admission, subject to the provision that the courses are on offer in the particular admission cycle.
3. Registration for all courses of all the academic programmes shall be open for registration under the Scheme except the courses offered under Research Degree Programmes and Awareness/Appreciation level Programmes.
4. Courses offered in combination shall have to be taken together by the student.
5. Course(s) once opted shall not be changed or withdrawn by the student.
6. The minimum and maximum period allowed for completion of the course(s) registered would be six months and two years, respectively.
7. There will be no separate counselling or lab-work schedule for students registered under the Scheme. The registered students under the Scheme shall be advised to be in touch with the Learner Support Centre allocated in order to know the schedule of theory/practical counselling sessions and participate in the sessions accordingly.
8. Candidates registering under the Scheme, for successfully completing the course(s) opted, shall be required to fulfill all the academic requirements as prescribed by the University from time to time.
9. Candidates successfully completing the course(s) opted shall be provided with a Certificate of Completion of Course indicating the score obtained in continuous/term-end assessment and credits earned.
10. The fee chargeable under the Scheme shall be as under:

Credit weightage of each course	Course Fee
Up to 4 credits	Rs.1000/-
Above 4 credits	Rs.2000/-

The fee shall be calculated per course and based on total number of credits taken. The Course Fee shall be subject to revision and shall be linked with the revision of Programme fee. In addition to the course fee, Registration fee as

decided by the University from time shall be chargeable. Fee once paid shall be non-refundable or non-adjustable. Examination fee, as notified by the University from time to time, shall be charged over and above the course fee and registration fee.

11. Candidates shall be allowed to seek transfer of credits earned under the Scheme by taking admission in a Programme of IGNOU subject to the following conditions:

a. Fulfillment of all the conditions as notified by the University from time to time for that particular academic programme.
b. A maximum of 50% of the credits earned under the Scheme shall be allowed at the time of taking admission in the relevant programme.
c. Credits earned for Project or Internship shall not be transferred.
d. Transfer of credits earned under the Scheme for an academic programme that falls under the purview of a Regulatory Authority shall be governed by the rules and regulations of the concerned Regulatory Authority.
e. Credit transfer of a course shall be permitted on application with requisite fee after taking admission in a programme.
f. Credit transfer shall be given only in the courses offered in that programme. In case the completed course under the Scheme is revised, credit transfer shall not be permitted.
g. Transfer of credits earned under the Scheme to an academic programme offered by the University in collaboration/under MoU with other Institutions, shall be governed by the terms of collaboration/MoU.
h. The UGC framework for Credit Transfer shall be applicable for transfer of credits.
i. Application for CRCS can be made on the online on the Online Admission Portal of the University.

1.26 Empowering Students towards Innovation and Startup

Empowering Students towards Innovation and Startup IGNOU offers well-structured empowerment programmes for incubating innovations and fostering creative thinking to its students through its robust innovation ecosystem. IGNOU stands at the forefront of fostering a new generation of self-reliant entrepreneurs and has been recognized by the Government of India as one of the top performing universities in nurturing innovation and entrepreneurship. The National Centre for Innovations in Distance Education at the IGNOU headquarters and the network of Regional Centres across India diligently work together to provide an inclusive environment that nurtures the entrepreneurial spirit among the students whereby their innovative ideas are transformed into business enterprises and startups. The students can develop their projects with the guidance of a diverse pool of industry experts and subject specialists. These mentors play a vital role in supporting the students in transforming their initial ideas to startups. Central to this mission is the enhancement of students' problem-solving skills through a variety of engaging activities. In order to promote, support and mentor the students towards innovation, entrepreneurship and startup, NCIDE organises meticulously designed workshops, training sessions and various competitions, to stimulate ideation and critical thinking, and encourage collaboration among students from diverse disciplines. Additionally, exhibitions of innovations and startups and field visits are also routinely organised, which provide real-world insights, allowing students to connect theoretical knowledge with practical applications. Students who have undertaken the empowerment programmes and guidance from NCIDE have gone on to win prestigious competitions such as Smart India Hackathons, National Innovation

Challenges and others both in India and abroad. They have also received funding in lakhs of rupees from the Government of India. Students who are interested in innovation, entrepreneurship and startup can join the IGNOU UDYAMI portal by registering at https://sites.google.com/ignou.ac.in/ignouudyami/join-ignou-udyami, https://www.ignou.ac.in/pages/168#. They will get opportunities to participate in the empowerment programmes on innovation and startup, various competitions, training sessions and workshops, etc. free of cost. There is no registration fee to join IGNOU Udyami portal. The interested students may also write to ncide@ignou.ac.in and directorncide@ignou.ac.in for further guidance.

3.18 Master of Arts (Political Science) (MAPS)

School of Social Sciences (SOSS)

The revised Master's Programme in Political Science (MAPS), with a total weightage of 80 credits, is designed to provide learners with a strong foundation in political analysis. It offers an in-depth study of a wide range of political phenomena across the major subfields of Political Science and enables learners to engage critically with political ideas, institutions, processes, and practices at different levels.

The Programme aims to develop learners' ability to analyse political processes, institutions, and structures at the local, national, and international levels. It seeks to cultivate a deeper understanding of complex political dynamics and the ways in which political processes and institutions operate in different contexts. The Programme also enables learners to examine the interplay of social, economic, historical, cultural, and institutional factors that shape political systems and political behaviour. By exposing learners to diverse theoretical perspectives and analytical approaches, it encourages a nuanced understanding of political dynamics and enables them to explain political structures and processes through major frameworks in Political Science. It further equips learners with appropriate research methodologies and strengthens their capacity to undertake systematic research in the discipline. In doing so, the Programme seeks to develop the research potential of learners so that they can contribute meaningfully to teaching, research, and academic activities in colleges, universities, research institutions, and think tanks. This revised MPS programme has a mix of core and elective courses with scope for introducing interdisciplinary courses. While the first and second semesters of the programme will have core courses, the third and fourth semesters will have core and elective courses, mostly discipline specific and few interdisciplinary courses drawn from other disciplines and Schools of study. This structure is intended to combine disciplinary depth with interdisciplinary exposure, thereby enabling learners to engage with Political Science in a comprehensive and contemporary manner.

Eligibility: Bachelor's Degree or a higher degree from a recognized University.

3.21 Master of Arts (Economics)(MAEC)

School of Social Sciences (SOSS)

"In tune with the New Education Policy 2020 and in line with the UGC Guidelines on multiple entry-exit, credit norms and national higher education qualification framework, the MA Economics Programme has been restructured. The programme is being offered in semester mode consisting of four semesters of 20 credits each. Thus, the total credits of the programme are 80 credits. While all the courses in first, second and third semester are compulsory, in the fourth semester student may opt any area of specialization out of the four groups (A-Data Analytics, B-Insurance and Finance, C-Social Policy) by completing 20 credit courses from that particular group. The programme aims to develop the abilities of the learners to explain the functioning of the economy and enhance their analytical skills to enable them to get the jobs in the market."

Note: The student may opt for any area of specialization out of the three groups A,B,C by completing 20 credits from that particular group.

Eligibility: Bachelor's Degree or a higher degree from a recognized University.

Medium of Instruction: English & Hindi

3.26 Master of Computer Applications (MCA_NEW)

School of Computer & Information Sciences (SOCIS)

The broad objective of the Master of Computer Applications programme is to prepare graduate students for productive careers in software industry and academia by providing an environment for teaching and research in the core and emerging areas of the discipline. The programme's thrust is on giving the students a thorough and sound background in the oretical and application- oriented courses relevant to the latest computer software development.

Eligibility: **Category 1:** Passed BCA/Bachelor Degree in Computer Science Engineering or Equivalent Degree.
OR
Category 2: Passed B.Sc./B.Com./B.A. with Mathematics at 10+2 Level or at Graduation Level

Students enrolling under Category-2 shall be required to study two additional courses - MCS-201 and MCS-208 in the first semester and pay an additional amount of Rs. 2000/-.
Note: The fee for bridge courses is as per the Coursewise Registration and Certification Scheme (CRCS) of IGNOU.

Medium of Instruction: English

Programme Details: The programme has been divided into two semesters per year (January-June and July-December). Consequently, there will be two examinations every year – one in the month of June for the January to June Semestercourses and the other is December for the July to December semester courses. The students are at liberty to appear any of the examinations conducted by the University during the year subject to completing the minimum time frame and other formalities prescribed for the programme.

3.27 Master of Science (Data Science and Analytics) (MSCDSA)

School of Computer & Information Sciences (SOCIS)

The M.Sc. (Data Science and Analytics) is a two-year programme that aims to train learners in computational and statistical skills for data-driven problem solving. The programme is designed for learners from a broad range of backgrounds who wish to enhance their existing knowledge and skills or convert into data science specialists. The programme prepares the leaners to apply data science techniques to solve real-world problems in various domains such as business, healthcare, social sciences, and engineering.

Programme objectives:

- to provide a strong foundation in statistical and computational methods for data analysis.
- to equip with the skills to collect, manage, analyze and interpret large and complex datasets.
- to apply data science techniques to solve real-world problems in various domains such as business, healthcare, social sciences, and engineering.
- to prepare for careers in data science and analytics.com

Eligibility: Bachelor degree of at least 3 years duration from a recognized University/Institution.

Medium of Instruction: English

Programme Details:

The programme has been divided into two semesters per year (July to December and January to June), with a balanced blend of theory and practical components:

- **Semester I and II** focus on building foundational knowledge and practical skills in core subjects such as mathematics, programming, data structures, databases, data wrangling, visualization, and machine learning. These semesters emphasize strengthening the theoretical base and developing practical competence in essential data science tools and techniques.
- **Semester III and IV** are designed to deepen the conceptual understanding through advanced topics such as big data analytics, deep learning, soft computing, cloud computing, natural language processing, and data security. The final semester also includes project work that allows students to apply their knowledge to real-world challenges, fostering innovation and independent research.

Overall, the MSCDSA programme aims to develop skilled professionals capable of addressing complex data-centric

problems using cutting-edge technologies and methodologies.

Consequently, there will be two examinations every year - one in the month of December for the July to December semester courses and the other in June for the January to June semester courses. The students are at liberty to appear for any of the examinations conducted by the University during the year subject to completing the minimum time framework and other formalities prescribed for the programme.

3.28 Master of Science (Artificial Intelligence and Machine Learning) (MSCAIML)

School of Computer & Information Sciences (SOCIS)

The M.Sc. (Artificial Intelligence and Machine Learning) offered by the School of Computer and Information Sciences, IGNOU, is a two-year postgraduate programme designed to equip learners with advanced knowledge and practical skills in the rapidly evolving fields of AI and ML. The programme focuses on key areas such as data science, deep learning, natural language processing, computer vision, and intelligent systems. It is structured to provide a strong theoretical foundation along with hands-on experience through projects and practical work. Delivered through IGNOU's flexible and distance learning mode, the programme is suitable for working professionals as well as fresh graduates who wish to build expertise in AI-driven technologies and pursue careers in academic, research, industry, and innovation.

Programme objectives:

- To provide a strong foundation in programming and ML algorithms for solving diverse problems.

- To equip with the skills to collect, manage, analyze and interpret large and complex datasets.
- To apply machine learning and deep learning techniques to solve real-world problems in various domains such as business, healthcare, social sciences, and engineering.
- To prepare for careers as Machine Learning Engineer, Data Scientist, AI Research Scientist.

Eligibility: Bachelor degree of at least 3 years duration from a recognized University/Institution.

Medium of Instruction: English

Programme Details: The programme has been divided into two semesters per year (July to December and January to June), with a balanced blend of theory and practical components:

3.29 Master of Arts (Rural Development) (MARD)

School of Continuing Education (SOCE)

The discipline of Rural Development is of vital significance for the understanding of developmental issues related to rural society. The syllabus of M.A. Programme in Rural Development is designed to include such diverse academic contents as are essential in the making of this discipline in the Indian context. An essential component of this programme is dissertation based on empirical research in rural areas. The programme will be useful to personnel working in various Government Departments/agencies, NGO's, cooperative banks and other institutes engaged in rural transformation. It will also be beneficial for fresh graduates interested in pursuing career in the discipline of rural development.

Eligibility: Bachelor's Degree or a higher degree from a recognized University in any Stream.

3.30 Master of Science (Home Science-Community Development and Extension Management) (MSCHSC)

School of Continuing Education (SOCE)

This Master's programme aims to fulfill the educational aspirations of Home Science graduates and graduates from other disciplines who wish to implement community development projects for livelihoods and skilling. It aims to build competencies in the field of community development for achieving sustainable development goals (SDGs) by understanding the nuances of extension and institutional management, development communication, social and behaviour change, advocacy, resource mobilisation, participatory media, gender mainstreaming, maternal and child health, researching in communities, and interdisciplinary areas of Home Science.

Learning Objectives:

1. To develop knowledge on community development practices and extension management for achieving Sustainable Development Goals (SDGs) in communities.
2. To build competencies in the planning, development and implementation of community development programmes.

Programme Outcomes:

After completing the programme, students will be able to:

1. Build linkages between community development and sustainable livelihoods

2. Plan and develop extension programmes by integrating interdisciplinary areas of community sciences
3. Participate in, and implement community development projects, and establish organisations that work for different types of communities
4. Forge partnerships for social change and development

Target group:

Graduates of Home Science / Community Sciences, Social Sciences, Behavioral Sciences, Sciences or any other discipline, who wish to pursue careers in the development sector. Those learners with a science background can also benefit from this programme by leveraging scientific knowledge towards community development. This programme is applicable to graduates who wish to be Development practitioners; Academicians; Researchers; and Officers in skill development, social welfare, rural development and health services. The scope of this programme extends to Programme / Project officers in Government, Intergovernmental, Multilateral and International Organisations, NGOs, Corporations, Social Enterprises; and development professionals working in rural, tribal and urban areas across sectors.

Eligibility: Bachelor's degree in any subject from a recognized University.

3.32 Master of Social Work (Counselling)(MSWC)

School of Social Work (SOSW)

Masters in Social Work (Counselling) would provide both academic learning and professional education and training in Counselling, extending beyond theoretical knowledge. This programme is tailored to suit counselors working in a wide range of organizational and community contexts as well as individuals in a family. With the fast-changing social scenario, the problems being faced by people across the board are numerous. Unlike in the western world, Counselling services are very inadequate in India. There is a growing demand for counselors in schools, corporate sector, health care setting, social and welfare sectors, correctional settings etc. However, schools/universities where Counselling course/ programme are taught in India are very few. There is a good potential for employment in government as well as NGO sectors. There is an urgent need for specially trained counselors to handle the stress of employees working with call centres, corporate sectors, families, family courts, correctional settings, school, universities and educational institutions, rehabilitation centres, refugee camps, institutions for the differently abled, aged, child care and adoption centres, family planning, voluntary Counselling and testing centres, rural sectors especially where farmers are driven to commit suicide, de-addiction centres etc.

MSW(C) Programme would be offered initially through one or two Learner Support Centres under each Regional Centre. The programme can be taken only through activated Learner Support Centres or special Learner Support Centres through each Regional Centre. This Programme is offered both in English and Hindi. For Field Work in the MSW (Counselling) programme much focus is given on specialization in Counselling and 40 percent weightage is given for the practicum.

Eligibility: Bachelor's degree in any discipline from a recognized university.

Medium of Instruction: English and Hindi

3.33 Master of Arts (Education)(MAEDU)

School of Education (SOE)

The M.A. (Education) programme aims at producing a team of well-trained individuals knowledgeable in education & its various dimensions. More specifically, the M.A.(Education) programme intends to:

a) provide learning-experience, which will enable students to understand and appreciate knowledge structures and paradigms of education;

b) develop professional for effective participation in educational actions in different areas of education; and

c) create a community of scholars adequately equipped for participation in educational discourse.

Eligibility: Bachelor's Degree in any discipline with or without a Degree in Education from a recognized University.

Medium of Instruction: English

Programme Framework

The M.A. (Education) programme comprises four groups of courses with differential weightage. The total number of credits will be 68 and each student is expected to cover 34 credits each year.

Group A: Basic Course on Education

Group B: Core Courses

Group C: Courses on Knowledge Generation in Education

Group D: Specialized Areas in Education

Programme Details:

Group A: Basic Course on Education (4 Credits)

This course provides a concise but comprehensive articulation of education. The course familiarizes learners with the various aspects and task areas in the field of education. It also provides a conceptual overview of education with its multiplicity and complexity.

Course Code	Title of the Course	Credits
MES 11	Understanding Education	4

Group B: Core Courses

The core courses are intended to provide an in-depth understanding of the significant aspects of education. They bring out the variety of concepts, processes, and tasks in education in a proper 'educational' perspective. With these in view, four courses are visualized, all of which are compulsory for all students.

3.38 Master of Science (Environmental Science) (MSCENV)

School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

Undoubtedly, the earth is finding itself difficult to sustain a growing human population. The issues concerned with the environment are many and are interconnected so much so that a holistic, scientific and sustainable environmental management strategy is the need of the hour. Master of Science (Environmental Science) Programme aims at generating skilled man power to tackle the growing environmental and developmental problems and changes arising from the transition to a sustainable society. This programme will give an insight into the socio-economic causes and the characteristics of pollution and degradation of the natural environment, including the effects on human beings, the atmosphere, ecosystem and the other organisms. The programme will provide learners with the necessary means to develop the capacity to carry out independent assessments on environmental issues. In addition, learners will be well equipped to analyze and assess environmental systems and problems; be able to propose sustainable solutions to environmental problems; and contribute to the development of policies and strategies for environmental planning. Being an interdisciplinary field of knowledge, environmental science includes specializations with multidisciplinary scope in which the students will learn to address the challenges of maintenance of environmental integrity for sustainable

development in relation to human activities.

Programme Objectives:

- To equip the learners with knowledge and understanding of the physical, chemical and biological processes of the environment
- To expose the learners with theoretical principles involved in air, water and soil pollution and monitoring systems
- To emphasize the principles and practices involved in sustainable natural resources management and environmental management
- To impart knowledge and understanding in impact assessment, environmental audit and laws.

3.39 Master of Arts (Folklore and Culture Studies) (MAFCS)

School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

Folklore is one of the upcoming areas of research and pedagogy. The modular MAFCS Programme (the first year programme being PGDFCS: 32 credits) aims at creating a pool of specialized folklorists who can create a niche for themselves in fields of study like teaching and research departments in colleges and universities, libraries, museums, archives, historical associations, culture councils, national centres of arts, publishing houses, funding agencies, and the central and state government institutions, Agriculture, Rural Sociology, Extension,Medicine and Nursing, Women's Studies, African American Studies, Popular Culture, English and Foreign Language/Literature Departmentsas translators,interpreters,curators, musicologists, teachers,artists, performers, and many more.Film industry and TV channels also have a high demand for folklorists. Folk Entrepreneurs are coming up in a big way as job creators/providers, and this programme aims at creating self-reliant scholars of folklore.

A significant trend that emerges from the review of folklore is that in any period of human history, knowledge about theory, data and method is insured by the socio-cultural conditions specific to that period. India is a country with incredible cultural diversity. Each culture has its own traditional knowledge system. We are right when we say that people in the new- millennial, the denizens of the digital societies have a notoriously short-span attention and memory, and folk traditions are a part of endangered and dying cultures. Given such a situation, folklorists and folklore researchers are vulnerable to multiplechallenges with regard to archiving, documentation and dissemination of the folk material. MAFCS sincerely aims at filling that gap and is dedicated towards the preservation of a dying/endangered traditional knowledge system. India's National Education Policy (NEP) and the University Grants Commission (UGC) pay a lot of importance to culture, languages and folklore and MAFCS maintains a balance with the points accentuated by the NEP and UGC.

MAFCS argues that all our classical art and literary forms have a folk background. Starting from our universities' syllabi to our coffee tables, classical literature always asserts its position, though we have failed to pay the due credit to folk literature. A literature, the product of and is a representation of mass culture, is definitely authentic and full fledged. Since there is this aspect of faithful representation of the ways of life of communities at the core of folk literature, MAFCS considersfolk literature as autonomous. Folk is not something out there in a museum, it is a part and parcel of our lives, and thus, is fit enough to be our mainstream research. The modern texts that have made explicit use of the folk traditions to make it available to the readers today are also treated at par with the folk texts that have only the oral tradition, called the 'pure folk'. MAFCS experiments with that idea. The key idea of the MAFCS Programme is—folklore is flexible.

About the Programme:

The Programme aims at various concepts related to general environment, environment at the work place, related hazards and evaluation of health risk assessment by providing solutions to various aspects of environmental health occupational hazard management, epidemiology, health policy and management, and environmental health promotion. The successful learners will be able to work with health practitioners, researchers and policy makers to develop, evaluate and monitor health policies, programmes and practices related to healthy environments. The program was designed with an exit option with PG Diploma after a study of 36 credits in Masters in Environmental and Occupational Health programme. **Exit option with PG Diploma after a study of 40 credits in MA in Environmental and Occupational Health. Those who have already completed existing PG Diploma with 32 credits may be allowed to get admission in to the IIyear MA with a condition to complete all the 40 credits of IIyear courses along with one additional course of 4 credit under elective courses of I year in order to meet the present credit load of the programme. After successful completion of I year the learner can get Post Graduate diploma with an exit option.**

Programme Objectives:

After completion of this Masters in Environmental and Occupational health programmethe learner will be able to:

- Describe how the environment and human health interact at different levels.
- List the types of occupations and discuss how they can cause risk to human health
- Describe pathways of human exposure to hazardous agents and stressors in the environment and workplace and their impact on human health
- Investigate how individual and population factors affect vulnerabilityand evaluate epidemiologic methods used in occupational and environmental research and interpret findings.
- Identify and measure environmental and occupational hazards and develop strategies to prevent these hazards affecting workers, property, environment and the general public.
- Develop mitigation strategies to contain and manage environmental and occupational hazards for positive health
- Exhibit the knowledge and skills needed to improve the environmental sustainability of human health systems

Target Group Profile and Admission Criteria:

Applicants must possess graduation from any discipline and a strong inclination and desire to build a career in Environmental and Occupational health and should also have an interest in issues related to public health and the environment. The admission criteria will be followed as per IGNOU norms.

- Professionals working in environmental and occupational sector and NGOs.
- Doctors, nurses, paramedical graduates & employees
- Employees from CPCB, Civil servants of State and Central Governments.
- Faculty, researchers and students in universities, research organizations and colleges.
- Graduates wanting to pursue a career in environmental management, occupational health & safety.
- Graduates wanting to pursue a career in industrial health & safety.

The programme will be offered in the Open and Distance Learning (ODL) mode.

Programme Package

The programmehas a blended approach. The package consists of self-instructional material in the form of booklets/blocks and audio video materials. Web support will be available consisting of interactive content, quiz, synchronous and asynchronous modes of communication like chat sessions, discussion forums, web resources etc.

Implementation Plan

The programme is implemented through a network of Learner's Learner Support Centres (LSCs). A team of trained teachers called counselors have been identified and trained for organizing and conducting counseling sessions, assignment and project evaluation in the Programme Learner Support Centres. The administrative control is through the Regional Centres (RCs) of IGNOU located usually at state capitals in India and the School of Interdisciplinary and Trans-Disciplinary Studies located at the IGNOU Headquarters, Delhi, India.

Evaluation

Evaluation is done through the assessment of various courses. Evaluation in the form of assignments (continuous assessments) and Term-End examination of the various courses. A minimum of 40 per cent marks in each component separately is required for successful completion of the programme. The learner has to complete 12 core courses and 6 electives in total 18 courses with 74 credits to get the post-graduation certificate. After successful completion of the Ist year, the learner can get Post Graduate diploma with an exit option. Term-end examination of theory is held twice in a year i.e. June and December. After successful completion of the programme the learners are awarded a certificate.

3.41 Master of Arts (Sustainability Science) (MASS)

School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

The Sustainability Science is inter-and multidisciplinary in character and focuses on interaction between nature and society. Sustainability Science is well established academic discipline across the world and acknowledged well as one of the tools to achieve Sustainable Development Goals (SDGs) by 2030. In India, IGNOU is the first University in the country to introduce this emerging disciplinein line with the principles of National Education Policy 2020. The MASS mainly focuses on the genesis and principles of sustainable development, its tools, implementation and assessment strategies in a holistic way. The basics of natural resource management, ecological economics, global and local efforts for sustainable development through good governance, law and policy are integrated in an academic framework so that students are able to understand the tools and techniques in developing and implementing sustainable development projects.

Programme Objectives:

- To provide opportunity to the learners to deepen their knowledge and understanding about sustainable development and the principles of Sustainability Science.
- To expand capacities of the learners on various theoretical and practical aspects of sustainable development.
- To develop professional knowledge and skills in formulation, implementation, monitoring and evaluation sustainable development projects and programmes

Multiple Exit and Lateral Entry:

- **Exit with Post Graduate Diploma in Sustainability Science (PGDSS) degree after successfully completion of first year.**
- **PGDSS holders can take lateral entry in the Second year (as per University norms) to complete Master of Arts in Sustainability Science (MASS).**

*Lateral Entry for PGDSS students: For the lateral entry, the learners registered in PGDSS (both ODL and ONLINE) from July 2017 to July 2022, will have to complete the following three courses in place of **MSDP 018: Project Work** to complete the M.A. in Sustainability Science Programme.

1) MSD 19 Global Strategies to Sustainable Development 4 credits
2) MSD 20 Population, Health and Sustainability 4 credits
3) MEVE 16 Urban Environment 4 credits

3.42 Master of Arts (Environmental Studies) (MAEVS)

School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

Environmental degradation and climate change are global phenomena where actions in one part of the world impact ecosystems and populations across the globe. The current degradation of natural ecosystems is seen in the form of environmental pollution, climate change, resource depletion, biodiversity loss, etc. In order to address the environmental challenges induced by anthropogenic activities, capacity building in Environmental Studies is the need of the hour. There is a need for developing knowledgeable workforce in the areas such as climate change, pollution, waste management, sanitation, conservation of biological diversity, management of biological resources, forest and wildlife conservation, and sustainable development.

In this context, the concept of 'Lifestyle for the Environment (LIFE) was introduced by Prime Minister at the 26th Conference of Parties to the UN Framework Convention to Climate Change in Glasgow on 1st November 2021, calling upon the global community of individuals and institutions to drive LIFE as in international mass movement towards "mindful and deliberate utilisation, instead of mindless and destructive consumption" to protect and preserve the environment.

Master of Arts (Environmental Studies) MAEVS is a step in the direction to make a meaningful contribution towards the implementation of National Education Policy 2020. The programme with a multidisciplinary and an interdisciplinary approach aims to generate awareness on a wide variety of environmental concerns. The Programme will be offered with

Modular Approach. The learners after completing the first year (courses) of study will be eligible to receive Post Graduate Diploma in Environmental Studies. The Programme will have lateral Entry and Exit. After completing the Programme, learners will be able to play decisive roles in addressing the environmental and sustainability concerns in India and across the world. It will help the learners to restore, protect, and sustain the environment and appreciate the interdependence between the components of the environment. The programme will give valuable insights to the learners with the necessary means and capacities to engage in fruitful assessment of environmental conditions, propose sustainable solutions and contribute to the formulation of suitable policies for environmental planning and sustainable development. Therefore, looking at the present context of environmental degradation and futuristic ambitious plans to meet SDGs, SOITS at Indira Gandhi National Open University is offering MA Environmental Studies Programme with a curriculum designed to touch upon various facets of environment.

The Programme will be offered with Modular approach. The learners after completing the first year (courses) of study will be eligible to receive Post Graduate Diploma in Environmental Studies. The Programme will have lateral Entry and Exit.

The target learners of the Programme include the Fresh Graduates, School Teachers, College Faculty, Environmental Executives, Policy makers, Journalists, Mid-career professionals, etc.

Programme Objectives

- To demonstrate the interrelationship between the man-nature interactions
- To provide knowledge on contemporary issues and environmental challenges.
- To capacitate the learners in the field of environment protection and sustainable development.
- To enable the learners to apply the knowledge in environmental management and achieve the Sustainable Development Goals.

3.43 Master of Arts Migration and Diaspora (MAMIDI)

School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

M.A. in Migration and Diaspora (MAMIDI) covers both theoretical and project works. The main objectives of the programme are:

(1) Promote knowledge and understanding on migration and diaspora and its socio-cultural, economic and political engagement with home and host countries. Hence it has both academic and policy relevance for large number of national and international stakeholders engaged in Migration Governance and Diaspora Engagement.

(2) Develop professionals to engage in Migration Governance and Diaspora Engagement.

The programme is important for professionals working with:

- National and State Governments
- Foreign Trade, UN organizations
- Diplomatic Missions and External Ministries
- Migrant and diaspora organizations,
- Recruitment Agencies
- Civil Society Organisations
- Immigration Departments
- Legal Jobs
- Policy Analyst
- Project-Programme Coordinator
- Teaching and Research in Universities
- Professionals dealing with sensitive issues such as Human trafficking etc.

The programme helps in providing informed understanding of migration processes, role of diasporas in development, development-migration nexus, information for policies, planning and researches, various regulations related to international migration, best practices in migration and diaspora engagement, human rights issues of migrant communities etc.

3.44 Master of Arts in Human Values and Ethics (MAHUE)

School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

About the Programme: The Master of Arts (MA) in Human Values and Ethics is an advanced postgraduate programme designed to develop ethical awareness, value-based reasoning, and socially responsible leadership. The programme blends philosophical foundations, Indian Knowledge Systems (IKS), and contemporary ethical challenges, enabling learners to respond meaningfully to moral dilemmas in education, governance, business, media, and professional life.

A First-of-Its-Kind Programme for Future-Ready Leadership: The MA in Human Values and Ethics is a unique interdisciplinary programme aligned with the National Education Policy (NEP) 2020, emphasizing ethics, values, holistic education, leadership, and research orientation in higher education.

It equips learners to:

✓ Lead ethically in education, governance, and corporate practices
✓ Address ethical dilemmas in professional and organizational contexts
✓ Serve as Value Educators, Ethics Advisors, and Policy Experts
✓ Undertake independent research in ethics, values, and social responsibility

By integrating Indian ethical traditions with global perspectives, the programme opens pathways for value-driven leadership and socially responsible careers.

3.45 Master of Science in Climate Change (MSCCC)

School of Interdisciplinary and Trans-disciplinary Studies (SOITS)

The climate has always been changing since the earth was formed. However, since the Industrial Revolution, human activities have emerged as a dominant force influencing the planet's environmental systems, ushering in what is often referred to as the Anthropocene era. Rapid industrialization, urbanization, and increased greenhouse gas emissions have accelerated climate change, making it one of the most pressing challenges of the twenty-first century. Its impacts are increasingly evident across ecosystems, economies, and societies, posing significant threats to ecological integrity, human well-being, and sustainable development.

The rising global temperature and the increasing frequency of extreme weather events underscore the urgency of climate action. As one of the world's fastest-growing economies, India is particularly vulnerable to the impacts of climate change while also playing a critical role in global mitigation efforts. Committed to achieving net-zero emissions by 2070, India has initiated several strategic measures and demonstrated substantial progress through its Nationally Determined Contributions (NDCs). These efforts include ambitious initiatives aimed at expanding renewable energy, enhancing energy efficiency, promoting sustainable resource management, and strengthening climate resilience. In this context, there is a growing need for skilled professionals capable of understanding climate-related challenges and developing innovative, science-based solutions for a sustainable future.

In this backdrop, the M.Sc. Climate Change programme is designed to provide a comprehensive understanding of climate science, climate-related risks, and sustainable solutions for building resilient societies and ecosystems. It enables learners to understand the causes and impacts of climate change, evaluate mitigation and adaptation strategies, and apply climate assessment tools for informed decision-making. The curriculum explores the interconnections between climate change and critical sectors such as water resources, energy systems, agriculture, disaster risk reduction, waste management, and circular economy. The programme offers a multidisciplinary perspective on climate change by integrating scientific, environmental, social, legal, governance, and policy dimensions.

Programme Objectives:

1. To provide a strong foundation in the scientific principles, causes, and dynamics of climate change and its interactions with natural and human systems;
2. To equip learners with knowledge of climate change mitigation and adaptation strategies for enhancing resilience and promoting sustainable development;
3. To familiarize students with climate change assessment tools, methodologies, and techniques used for monitoring, evaluation, and decision making;
4. To promote understanding of global sustainability frameworks, environmental governance, and international

efforts addressing climate change and sustainable development.

5. To examine the interrelationships between climate change and critical sectors such as water resources, energy systems, agriculture, and disaster risk reduction.
6. To encourage the application of climate change knowledge to real-world challenges, supporting sustainable and resilient communities and ecosystems.

3.46 Master of Arts (Development Studies) (MADVS)

School of Extension & Development Studies (SOEDS)

This programme has been designed to impact quality education and training in the area of Development Studies. The programme is meant for development professionals across the sectors and also to fresh graduates interested in pursuing carrier and development professionals. **Students who complete Post Graduate Diploma in Development Studies (PGDDVS) can take lateral entry to second year of MADVS.**

Programme Objectives:

- To impact knowledge on various aspects of development studies.
- To train qualified human resources in the professional area development studies.
- To develop professional skills in formulation, implementation, monitoring and evaluation of development projects

and programmes.

3.47 Master of Arts (Corporate Social Responsibility) (MACSR)

School of Extension & Development Studies (SOEDS)

CSR in India has come a long way from philanthropy in the form of charity to a regulatory mechanism. The companies in India are governed by Clause 135 of the Companies Act 2013 to perform their CSR activities. The CSR rules have been applicable from fiscal year 2014-15. CSR is rapidly evolving as a new field of study. Large companies are now strategically engaging in development issues as a part of their CSR agenda. The process of responding to the CSR agenda within an organization will require specialists in the field. MACSR will cater to capacity building of this increased demand for trained CSR professionals. **Students who complete Post Graduate Diploma in Corporate Social Responsibility (PGDCSR) can take lateral entry to second year of MACSR by taking credit transfer for PGDCSR courses.**

Programme Objectives:

1. To impart knowledge and understanding about CSR through Open and Distance Learning.
2. To expand the capacity of learners on various theoretical and practical aspects of CSR and development work.
3. To develop professional knowledge in formulation, implementation, monitoring and evaluation of CSR projects and programmes
4. To develop expertise in various thematic areas of CSR, and
5. To equip the learners with the needed skills in corporate ethics, governance and conflict resolution.

3.48 Master of Arts (Urban Studies) (MAUS)

School of Extension & Development Studies (SOEDS)

Globally it is projected that two-third of mankind will live in the urban areas by 2025. India is 2nd largest urban system in the world with more than 30 percent of urban population. It is expected that by 2025, half of the India's population will be urbane. The excessive urbanization has created manifold problems such as transportation, poverty, unemployment, unauthorized housing colonies, slums and squatter settlements. One of the estimations shows that at least 33 percent of the Indian urban population lives in slums with related implications to development. Thus, urbanization will be a problem before the urban planners and policy makers in the years to come. Therefore, proper planning and management of urban development programmes hold the key for the planners and policy makers today. The criticality of the urban problems has not been properly understood due to less emphasis on urban development issues in the academic curriculum at the graduation and post-graduation levels. Therefore, MAUS will be useful for the people involved in the urban development programmes and also to the graduates who wish to pursue urban development as a career.

Programme Objectives

- To provide opportunity to the learners to deepen their knowledge and understanding of urban planning and development.
- To impart education on urban ecology, sustainable and smart cities and urban waste management with focus on enhanced knowledge.
- To expand capacities of the working urban development professionals and elected representatives of urban local bodies on various theoretical and practical aspects of urban planning and development.
- To develop professional knowledge and skills in formulation, implementation, monitoring and evaluation of urban development projects and programmes.

Eligibility: Graduation in any discipline

Medium of Instruction: English

Who Can Take Admission?

1)The persons holding at least a Bachelor's Degree and intending to pursue urban planning and development as an area of study or specialization or career (Pre-service);

2) The persons holding at least a Bachelor's Degree and working in any sector (In-service), including those employed or involved in the field of urban planning and development such as:

- Functionaries of Corporations, Municipalities and Nagar Panchayats.
- Employees of the Institutes/NGOs, Private or Corporate sectors working in various Urban Planning and Development Sectors.
- Programme Officers, Project Officers, Research Investigators, and Research Assistants delaing with Urban Planning and Development in various International and National Organizations.

3.49 Master of Arts (Population and Family Health Studies) (MAPFHS)

School of Extension & Development Studies (SOEDS)

It is a well-known saying that "Development is the best contraceptive", which indicates that development affects population growth and vice versa. Population and Family Health are important issues in development and so the development studies also. Population Studies focuses on the trends and pattern of population change, which directly affects development and development policies. Population and Family Health Studies is a multi-disciplinary concept which includesdiaspora and transnational communities, women in the economy, gender and society, urbanization, ecology and environment, urban development, population and sustainable development. Planned population growth shows positive changes in the society while unplanned population growth affects negatively the physical, natural and human resources. These resources are affected by the population trends and health pattern in the society. It is expected that the policy makers and development agents should be aware of the demographic trends, population distribution and population structure of the society for better implementation and addressing of population and health and family welfare related projects and programmes. This programmecovers areas such as demographic indicators, measuring of fertility and mortality, communicable diseases, migration and a host of other issues. All graduates across the disciplines can pursue this programme, particularly the paramedical staff, social welfare officer, legal professional, labor welfare officer, Block Extension Educator, agriculture graduates, social scientist, IT professionals, Agriculture scientist, medical professionals (Nursing), applied statistics, etc. The population studies is also enlisted in UGC-NET.

Programme Objectives

i) to enhance knowledge of the learners on population dynamics and its related issues and challenges.
ii) to increase the knowledge of learners on migration, health, nutrition, safe drinking water and sanitation.
iii) to impart knowledge of population and its impact on ecology, environment and sustainable development.
iv) to enable the learner to establish relationship between population and human resource management.

v) to increase knowledge and capacities of learner to conduct research and studies on various aspects of population and family health care related issues and challenges.

Eligibility: Graduation in any discipline
Medium of Instruction: English

Who Can Take Admission?

1)The persons holding at least a Bachelor's Degree and intending to pursue demography, human geography, Population studies, Health studies, Urbanization and Migration, and Development as an area of study or specialization or career (Pre-Service);
2) The persons holding at least a Bachelor's Degree and working in any sector (In-service), including those employed or involved in the field of Demography, Population and Development Studies such as:

- Health Extension Officer, Health Extension Educator, Nursing, Scholar of Demography, Development professional, agricultural professional, urban planner and labour inspector, etc.
- Employees of the Institutes/NGOs, Private or Corporate sectors working in various Population, Researchand Development Sectors.
- Programme Officers, Project Officers, Research Investigators, and Research Assistants dealing with Population, Research and Development in various International and National Organizations.

3.50 Master of Arts (Women and Gender Studies) (MAWGSR)

School of Gender & Development Studies (SOGDS)

Women 's & Gender Studies are emerging and growing areas of academic inquiry today. The modular MAWGSR programme is aimed at students with a Bachelor 's degree in any discipline with an interest in this area. The programme will acquaint students with the academic area of women 's and gender studies and its history, theoretical premises and progression to present day status. It is expected that learners who have completed the MA programme would have a deeper understanding of formulations of empowerment. They would have been exposed to cultural, literary, political and socio-economic dimensions within gender frameworks through either one of the two specializations.
This degree will equip students with the ability to deconstruct the complex power hierarchies and relationships operating in society, from the perspective of women and gender.
Learners are being offered the Revised MAWGSR programme with increased credit weightage as per the NEP

requirements.

Career Options

Students completing the Master 's Degree will be able to pursue higher studies and research programmes, find employment with government agencies, corporate sector; pursue advocacy assignments through national and international non-profit organizations; pursue careers in teaching, writing, editing, mass media or opt for other appropriate career options.

Modular Structure and Specializations

This is an **80 credit** two-year programme. The first year consists of core, foundational courses which will equip learners with an analytical and critical understanding of theoretical and conceptual issues related to women's and gender studies in an inter-disciplinary context. Due to the progressive nature of the programme, students are required to complete the core foundation courses to be offered sequentially in Semester 1 and Semester 2 before proceeding further. Learners who successfully complete the requirements of the **40 credit** first year curriculum may exit with **P.G. Diploma in Women's & Gender Studies**. Thus, learners may exit at this point or continue for the second year to earn the MA degree in Women's & Gender Studies. After completion of the first year curriculum, learners may choose one of two specializations namely, Gender, Literature & Culture or Women's Studies.

The courses offered in the third and fourth semesters are specific to the individual specializations. The specialization in Gender, Literature and Culture enables students to familiarize themselves with salient topics in the humanities from the perspective of gender. Courses in third and fourth semesters enhance their critical understanding of important issues such as marginalized cultural spaces, relationship between gender and the nation, gender and discourse (especially literary), and the mutually constructive relationships between literature, culture and society.

The specialization in Women's Studies exposes students to multidisciplinary approaches of addressing historical and contemporary women's issues. It equips the students in conceptualizing and developing analytical skills required to understand women's issues through theory, praxis, research and practicum.

At the beginning of the third Semester, each learner will initiate the process for undertaking project work that has to be completed by the end of 4th semester. Project work has two components namely, a Research Study / Internship and Viva Voce.

3.51 Master of Arts (Gender and Development Studies) (MAGD)

School of Gender & Development Studies (SOGDS)

The programme is likely to be of interest to academics and researchers; trainers, facilitators, supervisors; staff of organizations working in the area of gender and development; government personnel; personnel working in banks and financial institutions.

Development policies and practices have a differential impact on women and men. This necessitates an understanding of the "gender gap" in access to resources, privileges, entitlements and choices. Consensus has evolved around the need to explore the "gender gap" in key development sectors and how this gap can be bridged. There is now greater emphasis on mainstreaming gender perspectives into the development process. This will contribute to building a gender-sensitive rubric of development, recasting development theory and action in the "direction of improved living standards, socially responsible management and use of resources, elimination of gender subordination and socio economic inequality as well as to promote the organizational restructuring required to bring about desirable change."

Exploration of gender issues has become an important activity for most non-governmental organizations. Increasing emphasis is being laid in Governmental agencies on establishing gender-differential impacts and taking positive, affirmative action towards gender equality and equity. It is now widely acknowledged that gender considerations need to be reflected in all development plans, programmes and policies. There is growing concern over the isolation of women in so-called "soft" sectors in education, employment and development rather than mainstreaming gender concerns across all organizations,institutions and activities.While the concerns are clearly articulated,national goals and the UN millennium/sustainable development goals cannot be achieved without concrete effort towards gender equality.

Achieving gender equality and gender equity requires multi-pronged approaches and strategies. One of the key approaches and strategies revolves around design and development of suitable educational programmes that equip practitioners and policy makers with the requisite knowledge and skills to make a valuable contribution in this sphere. The Master's/ Postgraduate Diploma programmes would make an excellent foundation for analyzing, critically assessing existing development interventions and promoting gender-sensitive/gender-based research and action. The strong focus envisaged on positive affirmative action would be of considerable significance.

Programme Objectives:

The programmes seek to enable learners to:

- analyze extent of gender-sensitivity of development interventions;
- conduct genderanalysis;
- critically analyze gender differentials in selected development sectors;
- identify appropriate research designs and methodologies for a range of research problems;
- suggest positive affirmative action in development planning and practice to promote gendere quity and equality.

3.52 Master of Arts (Translation Studies) (MATS)

School of Translation Studies & Training (SOTST)

The MATS programme intends to familiarise the learners with the theory and practices of translation. It is built around the concept of integrating learning with research in the vast areas of translation practices in the contemporary time. The programme provides opportunity for translators to explore job opportunities as academics and translators by honing their translation skills. As a fundamental act of cultural and knowledge exchange, it has become a key issue for accessing and managing knowledge as its various aspects: Acquisition, Preservations, Creation, Dissemination and Application among others. It underscores the importance of Translation Training as vital for knowledge dissemination in the global world.

Eligibility: Graduate in any discipline with adequate knowledge of Hindi and English.

3.53 Master of Science (Mathematics with Application in Computer Science) (MSCMACS)

School of Sciences (SOS)

This programme has the following broad objectives:

- To emphasise the relevance and usefulness of mathematics from an application point of view;
- To equip the learners with the core mathematical knowledge and training necessary for use in many application areas;
- To expose the learner to real life problems and promote the use of mathematics in industry and applied sciences; to develop a work force that is equipped with the mathematical skills that are necessary in the changing industrial and economic scenario of the country;
- To develop human resource in emerging disciplines such as Mathematical Biology, Computational Mathematics, Mathematical Economics, etc.;
- To promote collaborative research with industry and other user agencies.

Eligibility: Graduate with a Major, or Honours in Mathematics or Graduate with a BA/B.Sc. degree with Mathematics as one of the three main subjects with equal weightage.

Medium of Instruction: English

Core Courses

The core courses are designed to provide mathematical knowledge and techniques, necessary for use in many application areas. These core courses which you will be studying during the first two semesters of your studies, will prepare you well to study the courses offered during the third and the fourth semesters.

Elective Courses

The elective courses will expose you to the applications of mathematics in the area of computer sciences.

Project

Project work is compulsory. It aims to provide hands on work experience in some Industry/ Organizations/R&D

establishment/Institution. The project guide will give you all the details related to the project work.

Practical

Most of the courses of the programme have computer practical component. Practicals session will be held at the programme centres. Attending and completing the practical sessions is compulsory for each student. The total number of practical sessions per semester ranges from 11 to 36. The sessions are spread over the entire semester. In order to be eligible for attending the Term-end-Examination of the practicals in a course, the student has to complete **at least** 70% of the practical sessions prescribed for the course.

Scheme of Study

In order to enable the learners to complete your M.Sc (MACS) programme within the minimum period of two years, you will have to take 16 credits worth of courses in each of the four semesters. Registration to the programme is semester-wise. After the first/second/third semester, irrespective of whether you pass or not in all the courses of a semester, you have to register for the second/ third/fourth semester courses respectively, by submitting the Course Registration Form with the requisite programme fee.

3.54 Master of Science (Geography) (MSCGG)

School of Sciences (SOS)

The School of Sciences has developed Master of Science in Geography (MSCGG) with the help of several eminent geographers from various Universities of the country. The programme emphasises on the relevance of Geography as an integrated and holistic subject and its interrelationships that reiterate and validate the human-environment relationship.

This programme has the following broad objectives:

- to enable the learners with a better understanding of earth, its geomorphic processes as well as regional, socio-cultural and economic dimensions of the population;

- to inculcate a sense of environmental ethics among the learners that generates concerns on sustainability;
- to orient the learners towards geographical research and expose them to tools and techniques on strong theoretical background; and
- to prepare the learners for the current and emerging job requirements in the market, including both at national and international levels.

3.55 Master of Science (Applied Statistics) (MSCAST)

School of Sciences (SOS)

The School of Sciences has developed the M.Sc. (Applied Statistics) programme with the help of several eminent experts across India. Applied Statistics is an emerging field which deals with acquisition, representation, analysis, and interpretation of data. The demand for statistics professionals is increasing day by day due to its applicability in several fields. M.Sc. (Applied Statistics) programme emphasises on the courses which have vast potential for applications of statistical tools in Industrial, Business, Management, Medical, Research oriented fields, Data Science, Machine Learning, etc. This programme has been built around detailed concepts/skills processes at the basic level to make it easy to understand how Statistics can be put to practical use. The programme has been designed to make you aware of the

theories and applications of Statistics. Hands-on training is provided in the lab courses to familiarise you with the applications of statistical tools with the help of open-source software like R and Python. This programme is especially useful for the working professionals who are interested in updating their knowledge in Statistics. It would also help fresh Graduates, who wish to continue their education and are interested in getting into the field of Applied Statistics.

Programme Objectives

This programme has been designed in view of NEP 2020 with a semester approach in mind. This programme is aimed at theoretical knowledge and practical skills development in core and advanced statistics courses for providing conceptual framework as well as focused on the project/dissertation work. The objectives of this programme are to:

- provide core knowledge of statistics required for applications.
- familiarise with the real-life problems to the learners and make them able to apply various statistical tools.
- equip them with the skills of using appropriate software for statistical applications in various fields.
- provide opportunities for career progression and higher education in statistics.

Target Group:

- Working professionals in data science departments, management departments, software industries, pharmaceutical industries, national laboratories, R&D organisations, academic institutions/colleges/universities, agricultural fields, etc.;
- College/university teachers either teaching or interested to teach statistics related courses;
- Working professionals possessing basic or no exposure to applied statistics but are interested to initiate and develop skills in this field; and
- Graduates with statistics/mathematics interested to acquire theoretical understanding and develop practical skills on the aspects of data analysis.

Eligibility: **(i)** Graduation with B.A./B.Sc. (Major/Honours) Degree in Statistics/Mathematics from any recognised University/Institution/Organisation.

OR (ii) Grauation with B.A./B.Sc.degree from any recognised University/Institution/Organisation with Statistics/Mathematics as one of three subjects wit h equal weightage.

OR (iii) Graduation from any recognised University/Institution/Organisation with one year Post Graduate Diploma in Statistics/Applied Statistics/Data Science/Data Analytics.

Programme Details:

This is a two-year Master's degree programme in Applied Statistics, which is offered in both January and July cycles of admission. The programme has been divided into two semesters per year (July to December and January to June). This programme comprises 16 core and compulsory theory courses worth total 54 credits and 5 core and compulsory lab courses worth 18 credits. There is one project/dissertation worth 8 credits and 2 theory courses worth 4 credits each which can be taken together instead of project/dissertation. To successfully complete this programme, you will have to earn 80 credits over a period of 2 to 4 years depending on your convenience.

3.56 Master of Science (Physics) (MSCPH)

School of Sciences (SOS)

The aim of this programme is to offer quality higher education at the post-graduate level in physics to address the requirements of learners aspiring for a career in physics like teaching, research in frontier areas and industry. In addition, in-service personnel looking for upgradation of knowledge and professional growth will be benefitted.

This programme and its courses are meticulously designed to enable you to acquire an in-depth knowledge of the fundamental concepts in core areas of mathematical methods, classical mechanics, quantum mechanics, electromagnetism, and statistical mechanics as well as electronics, condensed matter physics, atomic & molecular physics, optics, and nuclear & particle physics. We will also provide adequate training in analytical skills as well as hands-on laboratory experience with experiments both in general physics and electronics. The course in computational physics will give you good exposure to important numerical methods and their implementations which will enable you to carry out computer-aided investigations in the physical sciences. Our special elective courses in Nanoscience, Material Science, and Reactor Physics are designed to acquaint you with current developments in these exciting areas of physics research and also introduce you to the interdisciplinary nature of science in modern times and the vast scope of its applications.

Programme Objectives:

- To build a comprehensive foundation in fundamental and advanced concepts in physics;
- To improve the analytical skills necessary for application of the physics concepts in problem solving;
- To impart adequate training in practical skills and provide hands-on laboratory experience;
- To equip learners with skills to carry out computer-aided investigations in the physical sciences;
- To enhance the understanding of interdisciplinary nature of modern day science through elective courses; and
- To enable in-service personnel to upgrade their knowledge and skills for professional development.

Eligibility:

- Graduates with Major/ Honours in Physics.
- Graduates wit ha B.Sc. Degree (including IGNOU B.Sc.Programme under CBCS) with Physics and Mathematics.
- Graduates with a B.Sc. Degree of IGNOU or any recognized Open University with a minimum of 32 credits of Physics, and Mathematics as one of the subjects.

Note:

- This programme comprises three laboratory courses (MPHL-009, MPHL-010 and MPHL-015). Attending Laboratory courses at the Learner Support Centre (LSC) is a compulsory requirement for this programme.
- Normally, Laboratory courses will be organized at your LSC. However, the University reserves the right to organize your Laboratory courses at some other LSC and you will have to attend the Laboratory courses there.
- *You will be able to appear for the term-end examinations for the theory courses of the first and second semesters for the first time one year after your admission and every six months thereafter.
- *You will be able to appear for the term-end examinations for the theory courses of the third and fourth semesters for the first time one year after your re-registration and every six months thereafter.

3.57 Master of Science (Geoinformatics) (MSCGI)

School of Sciences (SOS)

The School of Sciences has developed the M.Sc. Geoinformatics (MSCGI) programme with the help of several eminent experts across India drawn from ISRO, DRDO, IITs, C-DAC, DST and many government and private institutes/organisations. The MSCGI programme aims to provide the learners with advance theoretical knowledge and practical skills so that the learners can leverage potential of geoinformatics towards understanding natural processes, and management of natural resources, disasters, ecology and environment. It provides opportunity to learners interested in

developing skills and willing to apply in their application domain. It has been designed to expose learners to fundamental and advanced theoretical principles, techniques and practical applications involving advances in Remote Sensing and GIS, emerging applications in various fields, research methodology and professional skills in Geoinformatics and also computer programming for digital image processing and GIS.

Programme Objectives:

Objectives of the programme are to:

- acquaint the learners with basic and advance understanding of the underlying principles, concepts and techniques of geoinformation science,
- provide skills in geospatial data handling, processing and analysis,
- impart critical spatial thinking in the learners to analyse problems from a spatial perspective systematically,
- prepare the learners to apply the principles and techniques towards finding scientific solution to problems in their application domain and communicate the findings; and
- widen opportunities for learners for higher studies and developing career in different sectors of employment involving geoinformatics.

Target Group:

- Defence and law enforcement personnel
- School and college/university teachers either teaching or interested in teaching geoinformation science related courses
- Working professionals possessing little or no exposure to geoinformatics but are interested to initiate and develop skills in this field, and
- Graduates from various academic backgrounds interested in acquiring basic theoretical understanding and develop practical skills on the aspects of data handling and processing to use the data in application areas of their interests.

Eligibility: Graduate in Science/Engineering/Technology/Architechture/Planning/Computer Application/ Information Technology/Medical & Allied fields/Commerce/ Business Administration/ Management

OR

Graduation with Geography/Mathematics/Statistics/Economics/Anthropology/Archaeology as one of the subjects from a recognized University

Note: (i) *Self-learning materials of Lab courses would be available only in digital mode. (ii) Candidates having PG Diploma in Geoinformatics (PGDGI) from IGNOU or similar qualification from elsewhere may take lateral entry into the second year of the MSCGI programme subject to fulfilling requirements w.r.t. eligibility criteria, credits, contents,etc. as per University guidelines and credit transfer policy. Elective course (i.e. MGYE 022) would be available to opt as and when developed.

Exit Options:

Learners exiting after successfully completing first semester courses (20 credits) of the programme may opt to receive Post-Graduate Certificate in Geoinformatics. And, learners exiting after successfully completing first two semester's courses (40 credits) of the programme may opt to receive Post-Graduate Diploma in Geoinformatics. The existing PG Diploma in Geoinformatics (PGDGI) programme is also on offer as a stand-alone programme.

Learner Support Centres:

Learner Support Centres presently activated for the PGCGI and PGDGI programme are expected to be offering the MSCGI programme, which are currently located across several regions i.e. Aizawl (Mizoram), Bhopal (M.P.), Bhubaneswar (Odisha), Dehradun (Uttarakhand), Delhi, Durg (Chhattisgarh), Gangtok (Sikkim), Guwahati (Assam), Hisar (Haryana), Kolkata (West Bengal), Nagpur (Maharashtra), Patna (Bihar), Port Blair (Andaman & Nicobar), Pune (Maharashtra), Rampur (U.P.), Srinagar (J&K), Thiruvananthapuram (Kerala), Tikamgarh (M.P.) and Warangal (Telangana). There may be change in the list/center in future. Available Study Centres are listed in the admission Portal.

Note: IGNOU will try to make every effort to conduct Laboratory Courses of the programme at the Learner Support Centre chosen by applicants. However, due to admistrative reasons, the University may allot a different study centre to the enrolled learners at its discretion and the learners may be advised to attend counselling sessions and examination of the Laboratory Courses at the Learner Support Centre different from the one chosen by them. Learners should be prepared for such a situation.

Special Instructions:

- Self-learning materials (SLMs) of the Laboratory courses would be available only in digital mode.
- The programme encourages the use of free and open source software and data so that learners can practice with the software even beyond the scheduled contact hours at respective Learner Support Centre and apply them in their work.
- Since this programme comprises Laboratory Courses, therefore, before applying for admission in the Programme, candidates should make sure that they will be able to attend the Practical counselling and examination at the chosen/allotted Learner Support Centre activated for the programme.
- In addition, candidates should also make sure that they have access to computers and internet because they will be required to carry out exercises on computers before attending practical counselling sessions at their respective Learner Support Centre.

3.58 Master of Science (Zoology) (MSCZOO)

School of Sciences (SOS)

The primary objective of this programme is to provide the highest quality post-graduate education in Zoology. The advantage of space, time and pace inherent in the proposed programme addresses the desire and demand of a large number of our own students of th B.Sc. Programme who have been anxiously waiting for such a step on the part of IGNOU. The programme would help a large number of in-service people to upgrade their Degrees for mobility in their career path. It includes thousands of the TGT/GATE/Public Service Examinations aspirants. They would have various employment options in agriculture, health, eduation, and the environment.

The courses of this programme are meticulously designed by experts across the country to provide the learners with a thorough understanding of fundamental concepts in core areas of Zoology, such as Molecular Cell Biology, Genetics and

Animal Biotechnology, Comparative Animal Physiology and Biochemistry, Systematics, Biodiversity and Evolution, Genomics and Proteomics, Immunology, and so on. Adequate Zoology experiments and laboratory techniques to strengthen the learning abilities of students are provided in a structural manner. Students can also formulate scientific questions, exchange scientific ideas with colleagues, analyse, troubleshoot, and summarize the research data. Our special elective courses, including Parasitology, Animal Behaviour and Animal Welfare Ethics, Aquaculture, Insect Taxonomy and Morphology, Insect Physiology and Toxicology, and Applied Entomology, are aimed at introducing you to current developments in these exciting areas of Zoology, as well as the interdisciplinary nature of science in modern times and the vast scope of its applications.

Special Features of MSc Zoology Programme:

1. **MSc Zoology is being offered with specialization in Entomology.**
2. **Students have to do Project work on any one topic of prescribed courses of the programme. This will give them exposure to research and collaboration**

Eligibility:

- The candidate should have passed the B.Sc. (Hons.)/B.Sc. (Major) in Zoology

  OR
- B.Sc. (General/CBCS) with Zoology as one of the subjects

  The reservation policy of GOI will be applicable

Medium of Instruction: English

Programme Objectives:

- To impart higher education in the area of Zoology
- To provide an opportunity for the learners to upgrade their qualifications
- To provide opportunities for the learners in building their careers in research and teaching in Zoology
- To inculcate the spirit of resource conservation and love for nature
- To distinguish between the structure,, function,,behavior and evolution of different animals

3.59 Master of Science (Biochemistry) (MSCBCH)

School of Sciences (SOS)

With a substantial number of courses from the discipline of Biochemistry and a few interdisciplinary and skill enhancing courses, this Master of Science in Biochemistry programme is designed to provide an in-depth knowledge in Biochemistry while giving the learner an opportunity to explore subjects beyond the discipline. The programme has the following broad objectives:

- To inculcate the concepts of biochemistry;
- To provide the knowledge and skills required by a postgraduate in biochemistry;
- To fill the gap between academia and industry with regard to demand and supply.

Eligibility: **(i)** Graduation with B.Sc. (Major/ Honours) degree in a relevant subject (Biochemistry/ Biotechnology/ Microbiology/ Chemistry/Life sciences/ Environmental sciences/Biomedical sciences/Agriculture science/Veterinary science/Medical laboratory Technology) from any recognized University /Institution/ Organization

OR

(ii) Medical Graduates (MBBS, BAMS, BHMS, BPT) from any recognized University/ Institution /Organization

OR

(iii) Graduation with B.Sc. degree from any recognized University/Institution/Organization with Biochemistry/Chemistry/Life sciences as one of three subjects with equal weightage.

3.60 Master of Science (Analytical Chemistry) (MSCANCHEM)

School of Sciences (SOS)

This programme provides a strong foundation of fundamental concepts of chemistry. It also deals with the basic principles and applications of various analytical techniques such as separation methods including chromatographic techniques, spectroscopic methods, electroanalytical methods and other methods of analysis.

This programme has the following broad objectives:

- Provides higher education opportunities to the learners in the area of Chemistry /Analytical Chemistry
- Provides an opportunity to the learners to find suitable jobs in analytical /industrial laboratories
- Provide an opportunity to the learners to upgrade their qualifications
- Provide the opportunities to the learner in building their careers in research and teaching in Chemistry / Analytical Chemistry

Eligibility:

- Graduates with B.Sc. (Major/Honours) Degree in Chemistry from a recognised university.
- Graduates with a B.Sc. Degree (or equivalent) from a recognised university with Chemistry as one of three science subjects with equal weightage
- Graduates with a B.Sc. Degree from an Open University with a minimum of 20 Credits of Chemistry courses

Medium of Instruction: English

3.61 Master of Science (Chemistry) (MSCCHEM)

School of Sciences (SOS)

The MSc (Chemistry) programme is designed and developed by experts spread across the country and is pitched at a level at par with any central University.It provides a strong foundation of fundamental and advanced aspects of chemistry and their applications in industry and research. It addresses the desire and demand of many students of the BSc/BSc (Hons. / Major) in Chemistry looking for job prospects in teaching / research / industry and R&D labs. In addition, the programme would also help many in-service people to upgrade their qualifications for mobility in their career. This includes thousands of the TGTs in the Schools spread across the country, who can improve their qualifications by earning a credible master's degree in chemistry and become eligible for the post of a PGT.

The broad objectives of the programme are as under:

- Provide an opportunity for higher education in Chemistry.
- Provide an opportunity to the learners to upgrade their qualifications.
- Provide the opportunities to the learner in building / upgrading their careers in teaching /research and industry.

Eligibility:

3.62 Master of Arts (Journalism and Mass Communication) (MAJMC)

School of Journalism and New Media Studies (SOJNMS)

The aim of the Master's Degree in Journalism & Mass Communication is to develop skilled human resource in media and communication with a holistic appreciation of media as a tool for change and development. The programme will help the learner to develop competencies and professional skills to avail employment opportunities in media sectors. It will upgrade the knowledge and skills of those who are working in media organizations without appropriate formal training to upgrade their knowledge and competencies.

Eligibility: The learners should have Bachelors Degree in any discipline. They should have access to computers, Internet and basic knowledge of word processing (for creating word documents and communicating through the Internet for sending and receiving mails, browsing sites etc.).

Medium of Instruction: English, Hindi & Tamil

The MA (JMC) programme is modular in nature in which to earn 80 credits, the learner will have to complete 40 credits each year. There is a provision for lateral exit for those who do not wish to continue after one year and such students shall be awarded Post Graduate Diploma in Journalism & Mass Communication. Lateral entry option to the 2nd year of MAJMC is available to those who have completed PGJMC from IGNOU with 40 credits after paying the fee for internal credit transfer as per IGNOU norms.

learners holding PGJMC with 32 or 36 credits, and who seek lateral entry into the second year of the existing MAJMC (80 credits), may be assigned the following additional courses to fulfill the credit deficiency:

1. Old PGJMC students with 32 credits (from January 2020 to July 2022 admission cycle) who seek lateral entry into the second year of the revised MAJMC (80 credits) programme will be offered two following additional courses carrying 4 credits each along with all second-year courses to make up for the credit deficit (40+4+4 = 48 credits):

i. MNM-034 Mobile Journalism (4 Credit)

ii.MNM-036 Digital Media Literacy (4 Credit)

2. Old PGJMC students with 36 credits (from January 2023 to July 2024 admission cycle) who seek lateral entry into the 2nd year of the revised MAJMC (80 credits) programme will be offered one following additional course of 4 credits along with all second-year courses to make up for the credit deficit (40+4=44 credits) :
i. MNM-036 Digital Media Literacy (4 Credit)

3. PGJMC learners with 40 credits (from January 2025 onwards) and who wish to seek lateral entry into the second year of the revised MAJMC (80 credits) program will be admitted directly into the second year of the MAJMC without assigning any additional course. They will be assigned only the current second year courses of total 40 credits.

The distribution of courses is as given below:

Following is the programme structure.

3.63 Master of Arts (Journalism and Digital Media) (MAJDM)

School of Journalism and New Media Studies (SOJNMS)

The primary aim of the Master's Degree in Journalism and Digital Media is to inculcate the Skills and competencies of journalistic practices and digital media techniques. Identification of information services, data retrieval, interpretation, analysis, and presentation through various technical tools are the main focus areas of this programme. This programme will help the learners to develop professional abilities to seek employability opportunities in the digital media industry as well as in all the sectors that utilise Information and Communication Technology (ICT). **Lateral Entry only for 40 Credits diploma holders. Upon completion of First Year of MADJM, a student is being issued with PGDIDM.**

Eligibility: Bachelors Degree in any discipline.

Medium of Instruction: English

Programme Details:

This is a 80 credits programme. The programme consists of 16 theory courses and 1 Practical, 1 Project. The MAJDM programmes are carries 80 credits in total, the learner will have to complete 40 credits each year.

3.64 Master of Arts (Journalism and Electronic Media) (MAJEM)

School of Journalism and New Media Studies (SOJNMS)

Audio and video (audio-visual) content is used extensively for online media platforms as well as for traditional television and radio broadcasting. There is always a demand for professionals who can produce interesting and meaningful audio and audio-visual content in different genres like news and current affairs, entertainment, infotainment, education, edutainment, etc. M.A. in Journalism and Electronic Media will help you to learn and upgrade your skills in journalism, audio and audio-visual programme production. It is also an opportunity for working professionals to enhance and update their knowledge and to obtain a formal degree for it.

Programme Objectives:

- To impart the necessary knowledge and skills for print, television, radio and online journalism
- To equip learners with the required knowledge and skills to produce audio programmes for radio broadcasting or podcasting
- To provide knowledge and skills about digital photography and videography
- To expose the learners to different aspects of audio-visual programme production
- To acquaint the learners with the interrelationships between media and society

The MAJEM programme is modular in nature in which to earn 80 credits, the learner will have to complete 40 credits each year. There is a provision for exit for those who do not wish to continue after one year and such students shall be awarded **Post Graduate Diploma in Journalism & Mass Communication (PGJMC)**. Lateral entry option to the 2nd year of MAJEM is available to those who have completed PGJMC from IGNOU with 40 credits after paying the fee for internal credit transfer as per IGNOU norms. This programme has sixteen courses. Following is the programme structure of MAJEM:

3.70 Master of Science (Renewable Energy and Environment) (MSCRWEE)

School of Engineering and Technology (SOET)

Programme Description:

The Master of Science in Renewable Energy and Environment program provides in-depth knowledge of all major renewable energy sources along with the conversion process and their applications gives the opportunity to specialize in various areas. The core modules in advanced technology concepts and methods as well as in the production and utilization of sustainable energy give learner the opportunity in research, industry and as an entrepreneur as well. Focus of the course is to equip the learners with technologies, economics and policy involving energy systems and supply with Renewable Energy sources. Detailed expertise will be offered in Solar Energy Systems involving photovoltaic as well as Thermal Energy Systems, Wind Energy, Biomass, Geothermal, Tidal and Wave energy, Hydrogen & Fuel cells etc along with the energy conversion and conservation techniques. This 66 credit multidisciplinary program will be modular in nature with an exit option as PG Diploma in Renewable Energy and Environment after completion of first year (34 credits).

Objectives of the Programme

- To provide opportunity to the learners to deepen their knowledge of Renewable Energy and Environment and to understand the principles of energy conservation and energy conversion and its effect on the environment.
- To expand the capacities of learners on theoretical and practical aspects of renewable energy sources and their sustainable development.
- To develop professional knowledge and skills to formulate, implement, monitor and evaluate the projects and programs on energy conversion and conservation.

The University follows the credit system for offering all its programmes. One credit is equal to 30 hours of learners study time. To earn Bachelor's Degree, a learner has to complete 120 credits in minimum six semesters (Three years). The 120 credits of the programme have to be earned by completing the following categories of courses:

a) **Discipline Specific Courses (DSC):** The Total credit weightage under this Category will be 72 credits i.e. 24 credits from each of the Disciplines. Each of the Courses is of 6 credits.

b) **Vocational Courses (VOC):** Each Course is of 4 credits. The students have to study three courses worth 12 credits from this in a span of 3 years (one course each in the 4th 5th and 6th semesters).

c) **Ability Enhancement Compulsory Courses (AECC):** Two courses worth 8 credits (4 credits each) will be offered from this category in 2nd and 3rd semesters.

d) **Skill Enhancement Courses (SEC):** Students are required to study 4 courses of 4 credits each from this Category. One course in each semester will be on offered starting from 3rd,4th, 5th & 6th semester.

e) **Interdisciplinary Course (ID):** The students are required to take one Course of 6 credits under this Category from the disciplines **OTHER THAN** the three Disciplines chosen.

f) **Value Added Course (VAC):** One course of 6 credits is offered to the students from this Category. The course is on offer only in the first Semester.

g) **Exit from the Programme:** The students who would like to take exist from the programme after completion of first or second year, will have to complete a Vocational Course of 4 credits in addition to the required number of courses in these years (40+4 credits after first year and 80+4 credits after 2nd year).

4.1 Bachelor of Arts (BAM)

School of Social Sciences (SOSS)

The University offers Bachelor of Arts Degree following a multidisciplinary approach with the following Disciplines:

1. Anthropology
2. Economics
3. Education
4. English
5. Hindi
6. History
7. Mathematics
8. Philosophy
9. Political Science
10. Psychology
11. Public Administration
12. Sanskrit
13. Sociology
14. Urdu

The students need to choose any of the three Disciplines to get the Bachelor Degree.

Objectives: The Bachelors of Arts programme is a broad-based programme with a mix of disciplinary, interdisciplinary and skill-based courses. It has the following objectives:

1. Introduce the learners to the main themes and topics of disciplines in humanities, social sciences and sciences,
2. Provide the learners with the information and skills necessary to understand and analyse their world,
3. Enable the learners to work towards ability and skill enhancement through exposure to appropriate courses.
4. Impart reading and writing skills through assignments and exercises of such kind at an undergraduate level.
5. Expose the learner to the importance of interdisciplinarity.

Eligibility: 10+2 or its equivalent

Medium of Instruction: English & Hindi

Selection of disciplines:

The Disciplines have been distributed in 5 Groups and students can choose three Disciplines from the Groups. Only one Discipline will be allowed per Group e.g. if a student has chosen English from Group-1, he/she will not be able to choose another discipline from this Group. He/She can take second and third Disciplines from other Groups the same way.

Groups of Disciplines

Group-1	English	Hindi	Urdu	Sanskrit
Group-2	Sociology	Education		
Group-3	Political Science	Public Administration	Mathematics	Philosophy
Group-4	Economics	Anthropology		
Group-5	History	Psychology		

Semester-wise Distribution of Courses

In the first Semester, the credit load of courses under different categories is 18 credits. However, in the second Semester, the credit load will be 22 credits. In the subsequent Semesters i.e. from 3rd to 6th semesters, the credit load will be 20 credits per semester. The total credit load per year is 40 credits. The semester-wise distribution of courses in different Categories is given in the Table. As can be seen from Column (3) from the Table, the students are required to opt for two Disciplines in the first Semester and the third Discipline in the second Semester. The courses have been divided into 5 Groups and the students can choose only one Discipline from a Group as explained earlier. Thus, the students will be able to complete 4 courses of each of the three Disciplines making a total of 24 credits in each discipline in a span of 3 years (6 semesters).

Programme Coordinator: Dr. Vijeta Banwari, Email: bam@ignou.ac.in

4.2 Bachelor of Science (BSCM)

School of Sciences (SOS)

Objective:

To provide higher education required for a B.Sc. degree to aspirants seeking the degree for employment, further higher education, promotion in career and professional development. The programme follows a multidisciplinary approach. The Bachelor's Degree in Science is offered in the following Disciplines:

1) Botany
2) Chemistry
3) Geography
4) Geology
5) Mathematics
6) Physics, and
7) Zoology

Eligibility: 10+2 with science subjects or its equivalent

Medium of Instruction: English & Hindi

Selection of disciplines

The Disciplines have been distributed in 5 Groups and students can choose three Disciplines from the Groups. Only one Discipline will be allowed per Group e.g. if a student has chosen Mathematics from Group-3, he/she will not be able to choose another discipline from this Group. He/She can take second and third Disciplines from other Groups the same way.

Groups of Disciplines

Group-1	Physics	
Group-2	Chemistry	
Group-3	Mathematics	Botany
Group-4	Zoology	Geography
Group-5	Geology	

Semester-wise Distribution of Courses

In the first Semester, the credit load of courses under different categories is 18 credits. However, in the second Semester, the credit load will be 22 credits. In the subsequent Semesters i.e. from 3rd to 6th semesters, the credit load will be 20 credits per semester. The total credit load per year is 40 credits.The semester-wise distribution of courses in different Categories is given in the Table. As can be seen from Column (3) from the Table, the students are required to opt for two Disciplines in the first Semester and the third Discipline in the second Semester. The courses have been divided into 5 Groups and the students can chose only one Discipline from a Group as explained earlier. Thus, the students will be able to complete 4 courses of each of the three Disciplines making a total of 24 credits in each discipline in a span of 3 years (6 semesters). **The courses given in pairs need to be taken in pairs only**.

Note:

In disciplines such as Botany, Chemistry, Geology, Physics and Zoology, where Laboratory work is compulsory, a 6 Credit Course is offered as a combination of two Courses in the same subject area: a 4 Credits Theory Course and a 2 Credits Laboratory Course. Both these courses in a given subject area of a discipline are to be taken together compulsorily.

2. Every course offered by the Mathematics discipline, which does not require Laboratory work, is a single course of 6 Credits.

3. In the Geography discipline, some subject areas do require Laboratory works whereas, some subject areas do not require any Laboratory work. Therefore, the Courses of the Geography discipline are of two types: some Courses (which require Laboratory work) are combination of 4 Credits Theory Course and 2 Credits Laboratory Course in the same subject area (which are to be taken together compulsorily) and some Courses (which do not require Laboratory work) are of 6 Credits each.

Suggestions for the Candidates:

A learner can choose any of the three disciplines as per her/his choices from the 7• disciplines, i.e., Botany, Chemistry, Geography, Geology, Mathematics, Physics and Zoology for completing B. Sc. (Multi-Disciplinary) Programme under FYUP Scheme.

The learner has full freedom to select any combinations of three disciplines out of seven• disciplines mentioned above. But we suggest some of the popular combinations which are presently on offer in Indian Universities.

The suggested combinations of 3-disciplines to be chosen by the learners in 3-Year B.Sc. (Multidisciplinary) Programme under FYUP Scheme are as follows:

1. Botany - Chemistry - Geology
2. Botany - Chemistry – Zoology
3. Botany - Geography – Geology
4. Botany - Geography - Zoology
5. Chemistry - Geography - Geology
6. Chemistry - Geology – Physics
7. Chemistry - Geology – Zoology
8. Chemistry - Mathematics – Physics
9. Geography - Mathematics - Physics
10. Geography - Geology – Zoology
11. Geology - Mathematics - Physics

Bachelor of Arts

The University has launched the Bachelor Degree Major programmes and Honours Programmes with effect from January 2024 session. The Major degree in a specific discipline will be awarded to a student after successful completion of the courses for 3 years, whereas the students who continue the programme for 4th year also, will be awarded the Honours Degree of 4 years. **The course details of the 4th year will be provided subsequently.** The following bachelor degree programmes are on offer as Major (3 years)/ Honours (4-Years):

Objectives:

The Major/Honours degree programmes are designed to givean in-depth knowledge to a student in a discipline of his/her choice while providing exposure to other disciplines also. The Major (3 year)/Honours (4 year) programmes have the following objectives:

- Introduce the learner to the main themes and topics in a discipline of humanities, social sciences and sciences with core and elective courses.
- Facilitate the learners to work towards ability and skill enhancement through exposure to appropriate courses.
- Introduce learners to reading and writing skills through assignments and exercises of such kind at an undergraduate level.
- Expose the learners to the importance of interdisciplinary by enabling them to offer courses outsidetheir disciplines.

Eligibility: 10+2 or its equivalent

Medium of Instruction: English and Hindi

The University follows the credit system for offering all its programmes. One credit is equal to 30 hours of learners study

time. To earn Bachelor's Degree, a learner has to complete 120 credits in minimum six semesters (Three years). The 120 credits of the programme have to be earned by completing the courses in different categories. Similarly, the credit load for an Honours degree programme of 4 years will be 160 credits. **The details of the courses for the 4th year will be provided subsequently.** The credit load of courses per Semester under different categories is 20 credits. The Major degree programmes have a mix of following categories of courses:

a)Discipline Specific Courses (DSC): The Total credit weightage under this Category will be 60 credits. Each of the Courses is of 6 credits. A students need to chose one Discipline in which he/she wants to earn the Major degree. Once selected, it is not changeable.

b)Minor Courses: The students are required to study 6 courses (4 credits each) worth 24 credit from this category. There are two types of courses in this category: Vocational and Discipline-specific. Three courses are to be opted from each category. It may be noted that the Discipline-specific minor courses have to be from a discipline other than the Major Discipline. For example, a student enrolled in BA with Major/Hons in History cannot opt for minor courses from the History discipline.

c)Elective Courses: The student is required to study 3 courses (4 credits each) worth 12 credits from one Discipline as a Minor Discipline other than the Discipline selected as Major. These courses need to be taken from a single discipline.

d)Vocational Courses (VOC): The student is required to study 3 vocational courses (4 credits each) worth 12 credits in a span of 3 years (6 semesters). These may be related to the Major discipline or otherwise as per the choice of the student.

e)Ability Enhancement Compulsory Courses (AECC): Two courses worth 8 credits (4 credits each) will be offered from this category in 2nd and 3rd semesters.

f)Skill Enhancement Courses (SEC): Students are required to study 4 courses of 4 credits each from this Category. One course in each semester will be on offered starting from 1st, 4th, 5th, and 6th semester.

g)Interdisciplinary Course (ID): The students are required to take one Course of 6 credits under this Category. This course will be **other than** the Major and Minor Disciplines taken by the students.

h)Value Added Course (VAC): One course of 6 credits is offered to the students from this Category. The course is on offer only in the first Semester.

Exit from the Programme: The students who would like to take exist from the programme after completion of first or second year, will have to complete a Vocational Course worth 4 credits in addition to the required number of courses to be completed in these years (40+4 credits after first year and 80+4 credits after 2nd year).

5.11 Bachelor of Arts (Journalism and Digital Media) (BAFJDM)

School of Journalism and New Media Studies (SOJNMS)

The Four Year Undergraduate Programme B.A. (Journalism and Digital Media) focuses on four core components - fundamental components of journalistic practices, core dimensions of the emerging digital media, the application of digital media in various media practices, and online and digital research methods with particular reference to big data analytics. This program explores the skill sets that connect journalism media and communication technology. With potential employability in the digital media field, the program aims to provide the required skill sets for the students to explore better career opportunities.

Objectives:

1. To acquire journalistic skills such as reporting, writing, editing and publishing techniques;
2. To describe the process involved in the specialised subject-based reporting;
3. To understand the concepts and characteristics of digital media platforms, including their growth, cross-national dynamics, relationship with other social institutions, merits and limitations of the platform and, specifically, the nature of the digital media audience;
4. To apply journalistic skills and digital media understanding in the new form of news gathering and presentation - digital journalism. Three specific sets of skills will be familiarised - forms, methods and techniques;
5. To explain the journalistic skills, digital media understanding and application side of digital journalism within the realm of a sound knowledge of the social and cultural dynamics and
6. To acquire the knowledge and skills of research methods. Particularly in big data, data mining, and data analytics, including a sound understanding of statistics.

Eligibility: Passed 10+2 or equivalent

Medium of Instruction: English

Practical and Project manuals will be available in digital form only on eGyankosh.

5.12 Bachelor of Commerce (BCOMF)

School of Management Studies (SOMS)

The University offers Bachelor of Commerce Degree under the FYUP Scheme.

Objective of B. Com Programme:

- The main objective of the programme is to inculcate knowledge, skills and attitude amongst the learners to meet the challenges of various dimensions of business and commerce.
- The programme focuses on the development of skills in the commerce domain areas and facilitates the employability as well as self-employability of the learners.
- The programme aims at providing commerce education to the large number of learners located at different parts of the country including the far-flung areas and selected abroad centres. Commerce education is provided to the masses as well as the disadvantaged and marginal groups of the society.
- The multimedia and interactive teaching-learning system provides opportunity to acquire education at the doorstep with flexibility in pace and place of learning. Accessibility and flexibility are very important features of the programme which provide opportunity to large number of heterogeneous groups to acquire education through open and distance mode.
- The programme aims at the development of analytical skills, financial and accounting skills as well as managerial skills.

Eligibility: 10+2 or its equivalent

Medium of Instruction: English & Hindi

5.14 Bachelor of Science (Biochemistry) (BSCFBC)

School of Sciences (SOS)

The University follows the credit system for offering all its programmes. One credit is equal to 30 hours of learners study time. To earn Bachelor's Degree with Major in Biochemistry, a learner has to complete 120 credits in minimum six semesters (Three years). The 120 credits of the programme have to be earned by completing the courses in different categories. Similarly, the credit load for an Honours degree programme of 4 years will be 160 credits. The details of the courses for the 4th year will be provided subsequently. The credit load of courses per Semester under different categories is 20 credits.

The Major degree programmes have a mix of following categories of courses:

The programme has the following objectives:

- Introduce the learners to main themes and topics in Biochemistry.
- Expose the learners to work towards ability and skill enhancement through exposure to appropriate courses.
- Introduce learners to reading and writing skills through assignments and laboratory practices appropriate for undergraduate study.
- Expose the learners to the importance of interdisciplinary approach by enabling them to take courses outside their disciplines.

5.15 Bachelor of Science (Mathematics) (BSCFMT)

School of Sciences (SOS)

Programme Objectives: With a substantial number of courses from the discipline of Mathematics and a few interdisciplinary and skill enhancing courses, this Bachelor of Science Honours programme is designed to provide an in-depth knowledge in Mathematics while giving the learner an opportunity to explore subjects beyond the discipline. The Honours programme has the following objectives:

- develop deep interest in learning mathematics and mathematical thinking.
- develop broad and balanced knowledge and understanding of definitions, concepts, principles and theorems and their proofs.
- familiarise themselves with suitable tools of mathematical analysis to handle issues and problems in mathematics and related areas.
- apply the knowledge and skills acquired by them during the programme to solve specific theoretical and applied problems in mathematics.
- undertake further studies in mathematics and its allied areas in multiple disciplines concerned with mathematics.
- develop a range of generic skills helpful in employment, internships and social activities.

Eligibility: 10+2 pass with Mathematics

Note: Students are advised to select the Minor Disciplines of Physics, Chemistry, Botony or Zology only if they have passed 10+2 with Science.

Medium of Instruction: English & Hindi

5.16 Bachelor of Science (Food Safety and Quality Management) (BSCFFSQM)

School of Agriculture (SOA)

Food safety is an emerging discipline and has become an area of priority & necessity for manufacturers, retailers, regulators and consumers. Enforcement of Science-based Food Safety and Standards Act, 2006 has resulted in the requirement for a large number of qualified and trained workforce at different levels. Keeping this in view, the School of Agriculture (SoA), Indira Gandhi National Open University (IGNOU) is offering a first-of-its-kind Bachelor's degree programme in the area of Food Safety and Quality Management in Open and Distance Learning (ODL) mode. The Bachelor's degree programme in Food Safety and Quality Management is designed to cater the educational needs of various stakeholders of food processing and food safety sectors.

Programme Objectives:

- To generate human resources in the area of food safety and quality management;
- To enhance knowledge and skills in multi-disciplinary areas like food science, food processing and food safety; and
- To promote self-employment in food processing, food safety and food auditing.

Eligibility: 10+2 with Science/Agriculture subjects or tis equivalent

Medium of Instruction: English

Programme Structure:

The University follows the credit system for offering all its programmes. To earn a Bachelor of Science (Major) (Food Safety and Quality Management), a learner has to complete 120 credits in minimum six semesters (Three years). The 120 credits of the programme have to be earned by completing the courses in different categories.

6.1 Bachelor of Business Administration (Services Management) (BBASM)

School of Management Studies (SOMS)

Salient Features of the Programme:

- Education, Experience & Earning at the same time.
- Practical experience in a company for 3 years while pursuing studies.
- Monthly stipend as indicated by the company
- 3 Years Degree Programme (2 semesters each year)
- The student will get a BBA degree from IGNOU & work experience certificate from the company on completion of the programme.

Eligibility: In order to qualify for admission to this programme the applicant should:

- have passed 10+2 or equivalent qualification from a recognized institution
- have attained at least 18 years of age and
- be working in services industry as a full time intern / Apprentice / Employee.

Medium of Instruction: English

Number of Courses/ Credits

The Programme consists of 30 courses (132 credits) in all and includes:

- Theory courses (18) from BSM-001 to BSM- 017 and BEVAE-181
- Ability Enhancement courses (6) from BSMA-001 to BSMA-006
- Work based courses (6) from BSMW-001 to BSMW-006

Programme Coordinators: Prof. Anjali. C. Ramteke, aramteke@ignou.ac.in, Ph: 011-29573021,
Dr. Leena Singh, leenasingh@ignou.ac.in, Ph: 011-29573033

6.2 Bachelor of Science (Applied Science - Energy) (BSCAEY)

School of Sciences (SOS)

INTRODUCTION:

The applications of Applied Science in the field of energy is changing the energy industry fast, creating a more diverse sector with huge opportunities for new technologies, new businesses and new ideas. As the world is confronted between twin crisis of fossil fuel depletion and environmental degradation from Decades, it becomes very essential to identify new and renewable energy resources and related appropriate technologies as an alternative to the fossil fuels. It has become the global challenge to develop renewable energy resources along with the efficient, economical and environment friendly conversion process. To overcome this twin crisis the energy conservation is equally important. Keeping this in view the B.Sc.(Applied Science – Energy) has been designed and developed. It provides in-depth knowledge of all major energy sources along with the conversion process and their applications and gives the opportunity to specialize in various areas along with adequate knowledge and skills in the area of Statistics and Mathematics. Detailed expertise will be offered in industrial and applied statistics as well as Thermal Energy Systems, Solar Energy, Wind Energy, Biomass, Geothermal, Tidal and Wave energy, Hydrogen & Fuel cells etc along with the energy conversion and conservation techniques. This 120 credits multidisciplinary program will be modular in nature with exit options as Certificate, Diploma and Degree in the relevant areas along with Major in Energy and Minor in Statistics after completion of different requisite number of credits in specified courses.

AIMS:

To impart basic education in various fields of applied sciences to make a pathway to industries and higher professional education

(i) To form a sound base of learners in applied sciences which cut across various industries and vocations such as applied mathematics, statistics, applied physics, energy, system methods, operations research, computing methods etc. (ii) To learn the analytical techniques to be applied in various field problems and situations.

(iii) To develop several professional knowledge and skills using scientific tools for computing, analyzing and presenting.

OBJECTIVES:

The B.Sc. programme in Applied Science-Energy aims to equip learners with relevant knowledge and skill in major areas of applied science.

(i) Energy

(ii) Statistics and Operations Research

The focus of the courses is to impart knowledge and skills in respective fields for **analyzing, testing and interpreting** major traits of the significant and substantial elements.

Special Features:

1. Multi entry, multi exit modular programme
2. Multidisciplinary with major and minor disciplines
3. Certificate, Diploma and Degree:

- After completion of 40 credits of first two semesters, learners will get Certificate in Solar Energy Management
- After completion of 80 credits of first four semesters, the learner will earn Diploma in Green Transportation.
- After completion of necessary 120 credits of entire programme, the learner will get Degree in B. Sc (Applied Science – Energy)

Eligibility: 10+2 (With Mathematics and Physics)

Medium of Instruction: English

EMPLOYMENT OPPORTUNITIES:

B.Sc. (Applied Science – Energy) is a diversified area and has an immense potential for the employment not only in India but across the World. Few of them are listed below:

1. As researchers in the field of Statistics and Operations Research, Energy policy, Energy audit and conservation, Energy Conversion process and their impact on Environment, Energy management, clean development mechanism etc. 2. As Energy auditors and managers in any industry or power sector.
3. As Scientists and policy makers in the allied domain.
4. At different levels in various public sectors, power sectors, oil and gas sector etc. and in industries for the installation and maintenance of renewable Energy Systems.
5. As an Entrepreneur and academician.

6.3 Bachelor of Computer Applications (BCA_NEW)

School of Computer & Information Sciences (SOCIS)

The basic objective of the programme is to open a channel of admission for computing courses for students, who have done the 10+2 and are interested in taking computing/IT as a career. After acquiring the Bachelor's Degree (BCA_NEW) at IGNOU, there is further educational opportunity to go for an MCA_NEW at IGNOU or Master's Programme at any other University/Institute. Also after completing BCA_NEW Programme, a student should be able to get entry level job in the field of Information Technology or ITES.

7 BACHELOR'S (HONOURS) DEGREE PROGRAMMES

The Bachelor's (Honours) Degree Programme in the following Disciplines:

1) Economics
2) History
3) Political science
4) Psychology
5) Public administration
6) Sociology
7) Anthropology
8) Biochemistry
9) Hindustani Music
10) Hindi
11) Sanskrit
12) Urdu
13) English

Objectives: With a substantial number of courses drawn from a single discipline, and a few interdisciplinary and skill-based elective courses, the Bachelors Honours programmes are designed to give an in-depth knowledge in a discipline while allowing for exposure to subjects beyond the discipline. The Honours programmes have the following objectives:

1. Introduce the learner to the main themes and topics in a discipline of humanities, social sciences and sciences with core and elective courses.

2. Facilitate the learners to work towards ability and skill enhancement through exposure to appropriate courses.

3. Introduce learners to reading and writing skills through assignments and exercises of such kind at an undergraduate level.
4. Expose the learners to the importance of interdisciplinary by enabling them to offer courses outside their disciplines.

Eligibility: 10+2 or its equivalent

Medium of Instruction: English and Hindi

To earn BA (Honours) Degree in a Discipline, a learner has to complete courses worth 148 credits in minimum six semesters (three years). The Honours programmes have a mix of following categories of courses:

a) Core Courses (CC)

b) Discipline Specific Electives (DSE)

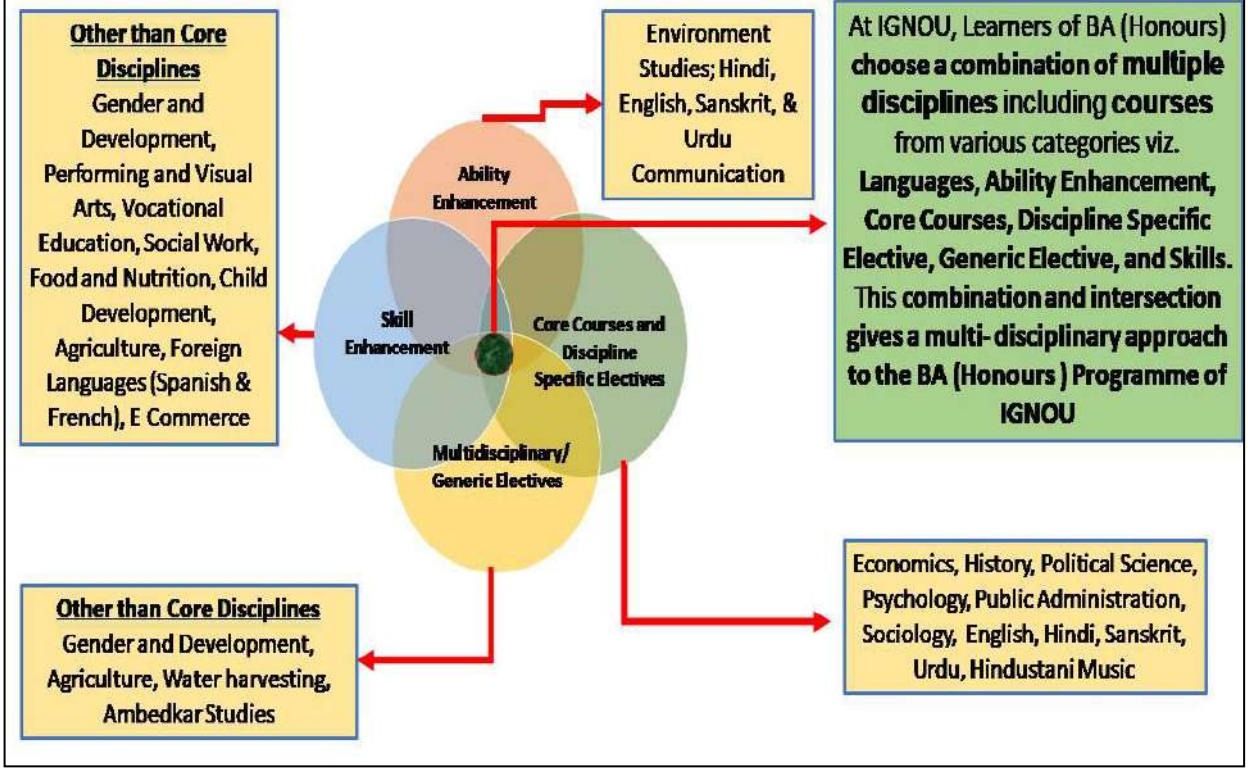

c) Ability Enhancement Compulsory Courses (AECC)

d) Skill Enhancement Courses (SEC)

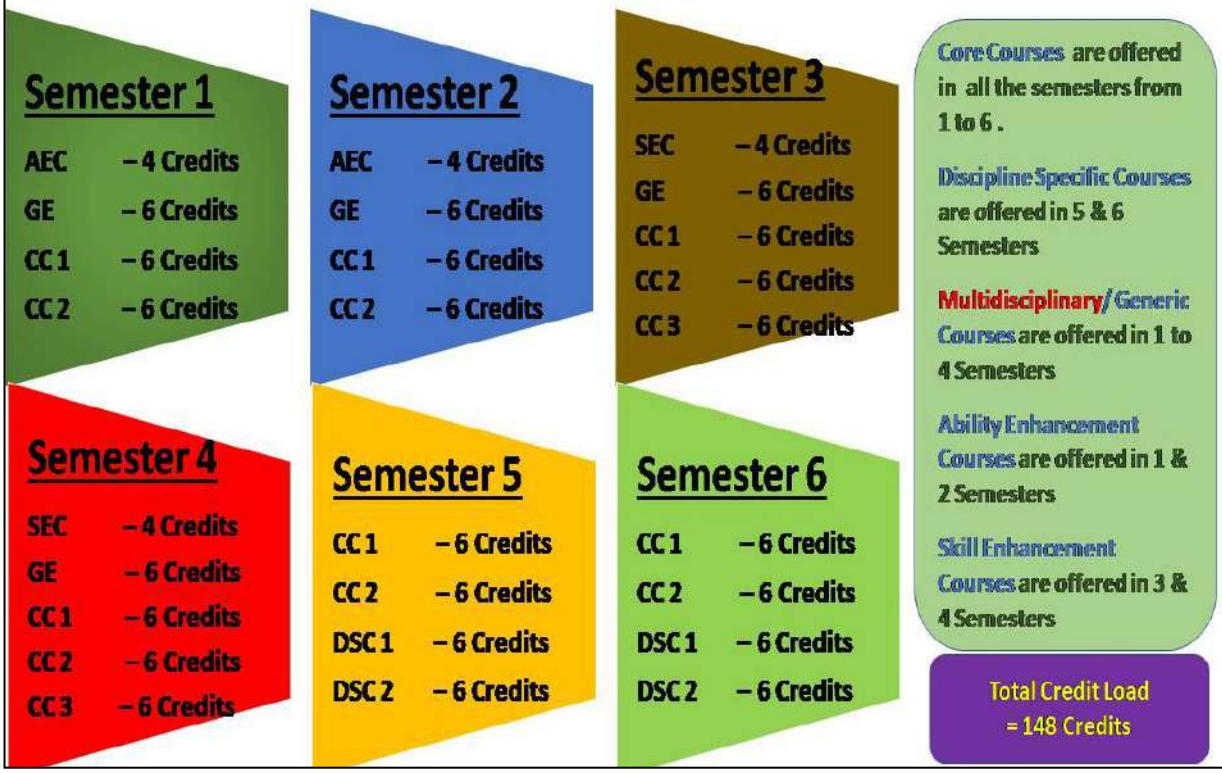

e) Generic Electives (GE)

The University follows the credit system for offering all its programmes. One credit is equal to 30 hours of learners study time. To earn Bachelor's Honours Degree, a learner has to complete 148 credits in minimum six semesters. The study load of the Honours programmes vary from semester to semester. Students have to complete 22 credits each in first and second semesters; 28 credits each in third and fourth semesters; and 24 credits each in fifth and sixth semesters. The distribution of different types of courses across the six semesters and their credit weightage is given in the Programme Structure Template below:

DISCIPLINE-WISE AND SEMESTER-WISE COURSE OPTIONS FOR BA (HONOURS) PROGRAMME

The Bachelor's Honours Degree Programme is of 148 credits spread over six semesters.. In each semester,students have to choose four courses from different categories of courses. While the courses under CC, DSE and GE Categories are of 6 credits each, the courses under AECC and SEC are of 4 credits each. While the fourteen CCs are distributed across the six semesters, the four DSEs are available in the fifth and sixth semesters only. There will be a number of SECs and the GEs available in the common pool each semester. A student has to opt for only one GE for study in each of the first four semesters and one SEC during the third and fourth semesters of the programme. The university will be adding new SECs and electives (DSEs and GEs) to the existing pool of courses from time to time..

The following Table presents the CODES of courses available for BA (Honours) in each semester from different category of courses with credit load.

7.8 Bachelor of Arts English (Honours)(BAEGH)

School of Humanities (SOH)

The University offers a Bachelor's Honours Degree Programme in English (**BAEGH**) in addition to a number of other disciplines. Information pertaining to the Programme is given below:

Objectives (**BAEGH**): With a substantial number of courses drawn from a single discipline (English), and a few interdisciplinary and skill-based elective courses, the Bachelors Honours programme (English) is designed to give an in-depth knowledge in that discipline while allowing for exposure to subjects beyond the discipline as well. The Honours programme has the following general objectives:

1. To introduce the learner to main themes and topics in the discipline of English through core, discipline-centric electives, ability/skill enhancement and generic courses.

2. To facilitate the learners to work towards ability and skill enhancement through exposure to appropriate courses in humanities and social sciences.

3. Introduce learners to reading and writing skills through assignments and exercises at an undergraduate level.

4. Expose the learners to the importance of interdisciplinary study by enabling them to offer courses outside their disciplines.

Eligibility: 10+2 or its equivalent

Medium of Instruction: English

The Honours programmes have a mix of courses. For earning 148 credits, a student has to study the following categories of courses:

a) Core Courses (**CC**)

b) Discipline Specific Electives (**DSE**)

c) Ability Enhancement Compulsory Courses (**AECC**)

d) Skill Enhancement Courses (**SEC**)

e) Generic Electives (**GE**)

Core Courses (CC)

The programme has 14 core courses. Each core course is of six credits. These courses cover more than half of the programme, 84 credits (14 courses x 6 credits) out of 148 credits of the programme.

Discipline Specific Elective Courses (DSE)

Discipline Specific Elective Courses (DSEs) are on offer in the fifth and sixth semesters of the programme. The 4 DSEs are specific (or specialized or advanced or supportive)to the discipline or subject of study and provide an extended scope. They are of 6 credits each (6 courses x 4 credits) and will thus be 24 credits in all.

Ability Enhancement Compulsory Courses (AECC)

Ability Enhancement Compulsory Courses are of four credits each. As the name suggests, the Ability Enhancement Compulsory Courses (AECCs) are compulsory for all learners. There are two AECCs on offer, one each in the first and second semesters. With one course in the first two semesters each, (2 courses x 4 credits), the AECC courses will add upto 8 credits in all.

Skill Enhancement Courses (SEC)

Skill Enhancement Courses (SECs) are also ability enhancement courses. These are value-based and/or skill-based courses and are designed to develop competencies and skills. Each Skill Enhancement Course (SEC) is of four credits. These courses are on offer in the third and fourth semesters. One SEC in each semester (2 courses x 4 credits) will add up to 8credits.

Generic Electives (GE)

Generic Electives (GEs) are the other type of electives that are on offer in the first, second, third and fourth semesters of the programme and are of 6 credits each. These courses are inter-disciplinary in nature and provide an exposure to other disciplines/subjects With one course in each of the first four semesters, (4 courses x 6 credits), GE will come to 24 credits inall.

SEMESTER-WISE COURSE OPTIONS

In each semester, the students have to study 4 courses in all from different categories of courses except in the third and fourth semesters when the number of courses goes up to 5. While the courses under CC, DSE and GE Categories are of 6 credits each, the courses under AECC and SEC are of 4 credits each. While the fourteen CCs are distributed across the six semesters, the four DSEs are available in the fifth and sixth semesters only. There will be a number of SECs and the GEs available in the common pool in each of the semesters in which they are offered. A student has to opt for only one GE for study in each of the first four semesters and one SEC during the third and fourth semesters of the programme. The university will be adding new SECs and electives (DSEs and Ges) to the existing pool of courses from time to time. The study load in the first and second semesters will be 22 credits each and while the credit load in the third and fourth semesters will be enhanced to 28 credits each, it will come down to 24 credits each in the fifth and sixth semesters. Thus the total study load will come to 148 credits. The following Table presents the **CODES** and **TITLES** of credit load and semester-wise courses available for BA Honours (English):

7.9 स्नातक उपाधि (ऑनर्स) हिंदी (बीएएचडीएच)

मानविकी विद्यापीठ (एसओएच)

विश्वविद्यालय अन्य विषयों के अलावा हिंदी (बीएएचडीएच) में एक ऑनर्स उपाधि कार्यक्रम प्रदान करता है। कार्यक्रम से संबंधित जानकारी नीचे दी गई है:

उद्देश्य:

स्नातक उपाधि (ऑनर्स) हिंदी : बी.ए.(हिंदी) ऑनर्स कार्यक्रम एक व्यापक कार्यक्रम है। इसका कोड बी.ए.एच.डी.एच.(BAHDH) है। यह कार्यक्रम हिंदी विषय के गहन अध्ययन पर आधारित कार्यक्रम है जिसमें हिंदी के अतिरिक्त अन्य विषयों का अध्ययन भी प्रस्तावित है। इस कार्यक्रम में विभिन्न विद्यापीठों से अध्ययन के कई विषय और पाठ्यक्रम शामिल हैं। एक एकल अनुशासन (हिंदी) कुछ अंतरानुशासनात्मक और कौशल आधारित वैकल्पिक पाठ्यक्रमों से तैयार किये गए पाठ्यक्रमों की पर्याप्त संख्या के साथ स्नातक उपाधि ऑनर्स (हिंदी) को उस विशिष्ट अनुशासन (हिंदी) में गहन ज्ञान देने के लिए तैयार किया गया है। ऑनर्स कार्यक्रम के निम्नलिखित सामान्य उद्देश्य हैं:

1 मुख्य विषय, अनुशासन केंद्रित ऐच्छिक, क्षमता/कौशलवृद्धि और सामान्य पाठ्यक्रमों के माध्यम से हिंदी के अनुशासन में मुख्य विषयों और विषयों के लिए शिक्षार्थी का परिचय कराना।

2 मानव और सामाजिक विज्ञान में उपयुक्त पाठ्यक्रमों के लिए जोखिम के माध्यम से क्षमता और कौशल वृद्धि की दिशा में काम करने के लिए

शिक्षार्थियों की सुविधा के लिए।
3 स्नातक स्तर पर सत्रीय कार्य और अभ्यास के माध्यम से शिक्षार्थियों को पढने और लिखने के कौशल से परिचित कराना।
4 शिक्षार्थियों को विषय के अतिरिक्त अन्य विषयों के अध्ययन की ओर प्रेरित कर के अन्तः विषयी अध्ययन के महत्व में प्रेरित करना।

पात्रता:10+2 या समकक्ष

शिक्षा का माध्यमः हिंदी

विश्वविद्यालय अपने सभी कार्यक्रमों के लिए क्रेडिट प्रणाली का अनुसरण करता है। एक क्रेडिट शिक्षार्थी के अध्ययन के समय के 30 घंटे के बराबर है।एक अनुशासन में बीए (ऑनर्स) की डिग्री हासिल करने के लिए, एक शिक्षार्थी को न्यूनतम छह सेमेस्टर (तीन वर्ष) में 148 क्रेडिट के पाठ्यक्रम पूरा करना होता है। छात्रों को पहले और दूसरे सेमेस्टर में प्रत्येक में 22 क्रेडिट पूरा करना है, तीसरे और चौथे सेमेस्टर में 28 क्रेडिट और पांचवे और छठे सेमेस्टर में प्रत्येक में 24 क्रेडिट। ऑनर्स कार्यक्रमों में अंतरविषयी पाठ्यक्रमों का मिश्रण होता है। 148 क्रेडिट अर्जित करने के लिए, एक छात्र को निम्नलिखित श्रेणियों के पाठ्यक्रमों का अध्ययन करना होगाः

क) अनिवार्य पाठ्यक्रम (सीसी)
ख) अनुशासन विशिष्ट ऐच्छिक (डीएसई)
ग) योग्यता संवर्धन अनिवार्य पाठ्यक्रम (एईसीसी)
घ) कौशल संवर्धन पाठ्यक्रम (एसईसी)
ड) सामान्य ऐच्छिक (जीई)

एक शिक्षार्थी निम्नलिखित विषयों में से किसी एक में बीए ऑनर्स कार्यक्रम चुन सकता हैः अर्थशास्त्र, अंग्रेजी ,हिंदी , इतिहास ,राजनीतिविज्ञान , मनोविज्ञान , लोक प्रशासन और समाजशास्त्र। ऑनर्स कार्यक्रमों का अध्ययन भार प्रत्येक सेमेस्टर में भिन्न होता है। एक बार जब अनुशासन चुना जाता है, तो सीखने वाले को सभी सेमेस्टर में केवल उसी अनुशासन से पाठ्यक्रमों (क) अनिवार्य पाठ्यक्रम और (ख) विषय विशिष्ट वैकल्पिक पाठ्यक्रम लेने अनिवार्य है।

अनिवार्य पाठ्यक्रम (सीसी)

कार्यक्रम में मुख्य पाठ्यक्रम अनिवार्य पाठ्यक्रम है। प्रत्येक अनिवार्य पाठ्यक्रम छह क्रेडिट का है। ये पाठ्यक्रम कार्यक्रम के आधे से अधिक कवर करते हैं, कार्यक्रम के 148 क्रेडिट में से 84 क्रेडिट (14 पाठ्यक्रम - 6 क्रेडिट है।)

कौशल संवर्धन पाठ्यक्रम (एसईसी)

कौशल संवर्धन पाठ्यक्रम (एसईसी) भी क्षमता वृद्धि पाठ्यक्रम है जो दैनिक जीवन के क्षेत्र में निर्धारित विशिष्ट कौशल का निर्माण करते हैं। इन्हें तीसरे और चौथे सेमेस्टर में प्रस्तावित किया गया है। प्रत्येक कौशल संवर्धन पाठ्यक्रम

(विषय विशिष्ट ऐच्छिक पाठ्यक्रम (डीएसई)

कार्यक्रम के पांचवे और छठे सेमेस्टर में विषय विशिष्ट ऐच्छिक पाठ्यक्रम (डीएसई) प्रस्तुस किये जा रहे हैं। 4 डीएसई अध्ययन के विषय या विषय के लिए विशिष्ट (या विशेष या उन्नत या सहायक) हैं और एक विस्तृत दायरा प्रदान करते है।वे 6 क्रेडिट प्रत्येक (6 पाठ्यक्रमग 4 क्रेडिट) के हैं और इस प्रकार सभी में 24 क्रेडिट होंगे।

योग्यता संवर्धन अनिवार्य पाठ्यक्रम (एईसीसी)

योग्यता संवर्धन अनिवार्य पाठ्यक्रम (एईसीसी) चार-चार क्रेडिट के हैं। जैसा कि नाम से पता चलता है, सभी शिक्षार्थियों के लिए योग्यता संवर्धन अनिवार्य पाठ्यक्रम (एईसीसी) अनिवार्य है। दो एईसीसी पाठ्यक्रमों का अध्ययन छात्रों को करना है। पहले और दूसरे सेमेस्टर मे एक-एक एईसीसी प्रस्तावित हैं। पहले दो सेमेस्टर प्रत्येक (2 पाठ्यक्रम - 4 क्रेडिट) में एक कोर्स के साथ, एईसीसी पाठ्यक्रम सभी में 8 क्रेडिट जोड देगा।

कौशल संवर्धन पाठ्यक्रम (एसईसी)

कौशल संवर्धन पाठ्यक्रम (एसईसी) भी क्षमता वृद्धि पाठ्यक्रम है जो दैनिक जीवन के क्षेत्र में निर्धारित विशिष्ट कौशल का निर्माण करते हैं। इन्हें तीसरे और चौथे सेमेस्टर में प्रस्तावित किया गया है। प्रत्येक कौशल संवर्धन पाठ्यक्रम (एसईसी) चार क्रेडिट का है।

सामान्य ऐच्छिक (जीई)

सामान्य ऐच्छिक (जीई) अन्य प्रकार के ऐच्छिक हैं जो कार्यक्रम के पहले, दूसरे, तीसरे और चैथे सेमेस्टर में उपलब्ध हैं। प्रत्येक पाठ्यक्रम में 6 क्रेडिट का कार्यभार है। ये पाठ्यक्रम प्रकृति में अंतर-अनुशासनात्मक हैं औ रअन्य विषयों/विषयों के लिए एक जोखिम प्रदान करते है।पहले चार सेमेस्टर (4 पाठ्यक्रमग 6 क्रेडिट) में से प्रत्येक में एक कोर्स के साथ, जीई सभी में 24 क्रेडिट के लिए आएगा।

8.2 Post Graduate Diploma in Early Childhood and Foundational Stage Education (PGDECFE)

School of Continuing Education (SOCE)

Globally, it has been recognized that the period of early childhood comprises the period from birth to 8 years. There is developmental continuity in the period of birth to eight years and it is important to respond comprehensively to the child's health, nutrition, stimulation and learning needs simultaneously. Also in terms of pedagogical principles underlying planning and transacting learning experiences, there needs to be a continuity in terms of adopting the play based and activity based approaches of the preschool years into the early primary grades, specifically classes 1 and 2. The NEP, 2020, has given explicit recognition to the period of birth to eight years as the period for Early Childhood Care and Education and has called this period as the 'Foundation of Learning'. Structurally, the NEP has clubbed the period from 3 to 8 years as the Foundational Stage of Education.

Objectives:

- To provide learning experiences that will prepare the students for effective participation in varied contexts such as crèches, preschools, and early primary classes.
- To provide opportunities to functionaries and teachers working in the sector to critically examine their practice and enhance it, by exposing them to the developmental and pedagogical basis of designing early development, learning and educational experiences.

  Practicing teachers/ professionals in the sector, supervisors, curriculum developers, and those aspiring to be teacher

educators for Early Childhood Care and Education and Early Primary Classes (Grades 1 and 2) will find the programme useful.

Programme Details:

This 40 credits programme comprises 8 courses of which 5 are theory courses with compulsory assignments, 1 field-based practical course and 2 Project Work courses. One Project Work has to be carried out in a pre-primary section / preschool and the second Project Work in classes 1 or Class 2. The sites for project work will need to be identified by the student on their own, according to stated guidelines.

The student enrolling in January 2024 cycle can appear for the examinations of the theory papers for the first time in December 2024. The Project work 1 can be carried out after student studies Courses 1, 2 and 4; and Internship 2 after studying Courses 1, 3 and 4.

At a later stage, the students who complete the PG Diploma can enroll for the Master's Programme in Early Childhood Care and Education, when the same is launched in the near future.

8.8 Post Graduate Diploma in Analytical Chemistry (PGDAC)

School of Sciences (SOS)

Post Graduate Diploma in Analytical Chemistry (PGDAC) is a continuing education programme aimed for the enhancement of skills of the chemists employed in Industry, Research & Development and National Laboratories. It is also useful for all those Science Graduates who are aspiring to get employment in these labs.

Objectives

The broad objectives of the Programme are:

- To provide training in modern analytical techniques to the learners,
- To provide appropriate theoretical background and develop practical skills for analysing materials even in trace amounts using modern analytical methods and instruments,
- To enable students acquire the analytical data and interpret the same using statistical principles, and
- To inculcate a problem solving approach by coordinating different analytical techniques.

Eligibility: Science Graduate with Chemistry or B. Pharma.or B.Tech. degree holders.

Medium of Instruction: English

8.9 Post Graduate Diploma in Geoinformatics (PGDGI)

School of Sciences (SOS)

The School of Sciences has developed the Post Graduate Diploma Programme in Geoinformatics (PGDGI) with the help of several eminent experts across India drawn from ISRO, DRDO, IIT, C-DAC, DST and many government and private institutes/organisations. The PGDGI programme aims to provide the learners with basic theoretical knowledge and practical skills in geospatial data handling and analysis so that the learners leverage the potential of geospatial data and spatial analysis towards understanding natural processes, and management of natural resources, disasters, ecology and environment. It is built around concepts and skills at the basic level to make it easy for learners willing to understand how geoinformatics can be put to practical use. It provides opportunity to learners interested to develop basic skills and willing to go for higher studies in the field.

Programme Objectives:

Objectives of the programme are to:

- acquaint the learners with basic understanding of the underlying principles, concepts, methods and techniques of geoinformation science
- provide skills in geospatial data handling, processing and analysis, and

- widen opportunities of learners for higher studies and developing career in different sectors of employment involving geoinformatics.

Target Group:

- Defence and law enforcement personnel
- School and college/university teachers either teaching or interested to teach geoinformation science related courses
- Working professionals possessing little or no exposure to geoinformatics but are interested to initiate and develop skills in this field, and
- Graduates from various academic backgrounds interested to acquire basic theoretical understanding and develop practical skills on the aspects of data handling and processing to use the data in application areas of their interests.

Eligibility: Graduation in any discipline

Medium of Instruction: English

Programme Details:

Note: (i) Learners exiting after successfully completing first semester of the programme may opt to receive & Post Graduate Certificate in Geoinformatics.
(ii) SLM of the laboratory courses* would be available only in digital mode.
(iii) Candidates having PGDGI from IGNOU may take lateral entry into the second year of the MSCGI programme subject to fulfilling requirement w.r.t. eligibility, criteria, credits, contents, etc. as per University guidelines and credit transfer policy.

Learner Support Centres:

Learner Support Centres presently activated for the PGCGI programme are expected to be offering the PGDGI programme, which are currently located across several regions i.e. Aizawl (Mizoram), Bhopal (M.P.), Bhubaneswar (Odisha), Dehradun (Uttarakhand), Delhi, Durg (Chhattisgarh), Gangtok (Sikkim), Guwahati (Assam), Hisar (Haryana), Nagpur (Maharashtra), Patna (Bihar), Portblair (Andaman & Nicobar), Pune (Maharashtra), Rampur (U.P.), Srinagar (J&K), Thiruvananthapuram (Kerala), Tikamgarh (M.P.) and Warangal (Telanaga). However, there may be change in the list/centre. Available study centre are listed in the admission Portal.

Note: IGNOU will try to make every effort to conduct laboratory courses of the programme at the Learner support centre chosen by applicants. However, due to administrative reasons, the University may allot a different study centre to the enrolled learners at its discreation, and the learners may be advised to attend counseling session and examination of the Laboratory courses at the Learners support centre different from the one chosen by them. Learners should be prepared for such a situation.

Special Instructions:

- Self-learning materials (SLMs) of the Laboratory courses would be available only in digital mode.
- The programme encourages use of free and open source software and data so that learners can practice with the software even beyond the scheduled contact hours at respective Learner Support Centre and apply them in their work.
- This programme comprises two laboratory courses, therefore, before applying for admission in the Programme, candidates should make sure that they will be able to attend the Practical counselling and examination at the chosen/allotted Learner Support Centre activated for the programme.
- In addition, candidates should also make sure that they have access to computers because they will be required to carry out exercises on computers before attending practical counseling sessions at their respective Learner Support

Centre.

- Learners exiting after successfully completing first semester of this programme may opt to receive Post Graduate Certificate in Geoinformatics.

8.10 Post Graduate Diploma in Library Automation and Networking (PGDLAN)

School of Social Sciences (SOSS)

The Post Graduate Diploma in Library Automation and Networking (PGDLAN) aims at developing the professional competencies of the library and in formation professionals in an automated and networked environment. The programme also provides opportunities for in depth or intensive practical to enhance technological skills of the learners to in dependently develop or manage a computerized library and information centre.

Programme Objectives:

The objective of the programme aims to impart to the learners knowledge and skills:

associated with fundamentals of computer technology;

- of library automation and services provided by an automated library;
- of the components of an information system;
- of networking and Internet technology in general and library and information networks in particular;
- of Internet with special reference to the information resources available in different forms and subjects;
- to develop web-enabled content;
- to about the legal issues associated with information;
- to design and develop a programme by enhancing skills on programming based on specific languages such as Java or Visual Basic or C++; and
- to undertake a practical based project in order to specialize in one of the thrust areas on library automation and networking.

Eligibility: Bachelor's Degree in Library and Information Science

Medium of Instruction: English

8.15 Post Graduate Diploma in Educational Technology (PGDET)

School of Education (SOE)

Today technology plays a key role in knowledge creation and sharing, and it is no longer possible to visualise educational settings that do not include technology. Further, on one hand technology is enabling self-learning, and on the other hand, it is supporting mass education. It is also improving the quality of education and empowering learners. Therefore, international organisations like the UNESCO, the Commonwealth of learning, as well as governments of many nations including India are upholding the need to integrate technology into educational processes. Teacher and trainers therefore need to be prepared for this. In response to this demand the programme, the Post Graduate Diploma in Educational Technology (PGDET) is offered. It prepares teachers, trainers, educational managers and those associated with the development of educational softwares for educational processes that require technology integration.

Objectives:

This programme aims to develop a cadre of teachers and other professionals equipped with the knowledge and skills for organizing teaching and training with the help of appropriate technologies. The objectives of the programme are as follows:

- comprehend the concept of educational technology and the contexts of its use;
- judiciously select and use technology for pedagogic and managerial functions;
- develop skills for using technologies for individual and collaborative educational practices;
- use technology for creating an inclusive learning environment;
- integrate technology effectively in pedagogic processes in contextually appropriate ways; and
- design and develop digital resources in various media and utilise these for creating a course ware.

Target Population: Teachers, trainers, administrators of educational institutions and programmes, and those engaged in developing courseware for various media.

8.19 Post Graduate Diploma in Urban Planning and Development (PGDUPDL)

School of Extension & Development Studies (SOEDS)

India is 2nd largest urban system in the world with more than 30% of urban population. It is expected that by 2025, half of India's population will be urbane. The urbanization has created manifold problems such as transportation, poverty, unemployment, unauthorized housing colonies, slums and squatter settlements. The criticality of the urban problems has not been properly understood due to less emphasis on urban development issues in the academic curriculum at the graduation and post-graduation levels. Therefore, PGDUPDL will be useful for the people involved in the urban development programmes and also to the graduates who wish to pursue urban development as a career. The Postgraduate Diploma holders will be fully equipped to serve various Government and Non-Government Organizations dealing with urban planning and development. The programme also strengthen the efficiency and effectiveness of in- service personnel working in Government and Non-Government Organizations, Private or Corporate sectors and handling various urban development projects and programmes viz; Functionaries and elected representatives of Municipal Councils, Corporations, Municipal and Nagar Panchayats; Architects, City and Town Planners (Bachelors and Masters in Architecture, Planning and Related Discipline); Civil Engineers, Corporate Real

Estate Professionals; Employees of the Autonomous Institutions/ NGOs, Private or Corporate sectors working in various urban development sectors; Programme Officers, Project Officers, Research Investigators, and Research Assistants dealing with urban development in various International and National Organizations. Also this programme will be useful to the fresh graduates who wish to pursue a career in urban development.

Objectives:

- To provide opportunity to the learners to deepen their knowledge and understanding of urban development.
- To expand capacities of the working urban development professionals on various the oretical and practical aspects of urban planning and development.
- To develop professional knowledge and skills informulation, implementation, monitoring and evaluation of urban development programmes.

8.21 Post Graduate Diploma in Animal Welfare (PGDAW)

School of Extension and Development Studies (SOEDS)

Animal welfare education is a multidisciplinary subject which is evolving rapidly with the core components of welfare science, welfare ethics, welfare laws and welfare standards. Animal welfare can be applied to all animal species, sometimes preceded by 'farm' or 'companion' or other words to denote to which group of animals the term is specifically referring. In general, however, we are concerned about the welfare of all animals that are managed in some way by humans, and where we have particular responsibilities for their care. In the past, greatest concern about animal welfare has been related to livestock production in agriculture, and thus 'farm animal welfare' has received the most attention. Over time, welfare issues pertaining to working, performing, companion, zoo and lab animals have also received attention. Keeping all this in view, the PGDAW programme covers welfare science, ethics, laws and standards of all managed animals like cattle and buffaloes; sheep and goat; pigs; poultry; working, performing, pet, zoo and lab animals.

Objectives: (1) To impart science based animal welfare education through open and distance learning.
(2) To build capacities of stakeholders in taking socially responsible decisions concerning animal welfare.

Eligibility: Graduation in any discipline from a recognized university.

Medium of Instruction: English

8.23 Post Graduate Diploma in Population and Family Health Studies (PGDPFHS)

School of Extension & Development Studies (SOEDS)

Population of any country is the main resource for development in all the sectors and now, India become most populous country in the world in April 2023 over to China. India's population is increasing with decreasing rate and increasing population is raising multiple questions from many directions. These questions are related to clean space for living, food and nutritional securities, education for all, safe drinking water, Health care and Health centres, Educational institutions, environmental studies, etc. Sustainable Development Goals (SDGs) could not be achieved until unless solve these questions and get suitable answer from the society and governance. Population growth rate and rural to urban migration rate is increasing year by year and in this scenario, health care of population in general and family health in particular is very challenging task for the government and policy makers. It is the study of human population empirical, critical, systematic, statistical and mathematical way, to know the reproductive change of population (Fertility and Mortality) and to know the socio-economic change of the population (through Migration) in a particular geographic area. Planned population growth shows positive changes in the society while unplanned population growth affects negatively not only physical resources and natural resources but human resources too. These trio resources are affecting by the population growth and public health. All the policy makers and development agents should know the demographic trends, population pattern, population distribution and population structure of the society which led effective population policy and health policy. Without knowing population trends and patterns any development programmes would not be success. Thus, learners would be best human resource after completion of this programme in research and development (R&D) sector.

Programme Objectives

- to enhance knowledge of the learners on population dynamics and its related issues and challenges.

8.24 Post Graduate Diploma in Tribal Studies (PGDTRBS)

School of Extension & Development Studies (SOEDS)

Tribal are original inhabitants and closure to the nature and still today they are surviving with natural existence. They are working and living with natural things for their socio-economic and health status. In the name of development, most of the tribal have been displaced from their inhabitants. For example, deforestation and mining that created problems among them. If they are not agreeing to leave their land, then miner (who are mining) must be provided another alternate to them. Even today the era of information technology and communication and available scientific tools for research and development, no one knows the ancestors of tribal. Some scholars are saying that they are real inhabitants, and some are giving various ideas about the tribal culture and social network. Though, the article 342 of Constitution of India has defined Tribe of Indian states. In 1990s the passing of 65th constitutional amendments the special commission for SC and ST came into action. In case of Indian state of affairs and Tribal community, still in 21st century, the socio-economic statuses of Tribal are as poor as 19th century and earlier. Indian history indicates that before 19th century Indian Tribal were in better position in terms of socio-economic status and their culture. Their literacy rate/education level is worse than the literacy rate of poorest countries of the world. According to Census 2011, tribal (Schedule tribes) literacy rate is 59 percent which is 25.3 percent is higher than 2001 census. This literacy rate is quantitative picture that has improved but qualitatively education has not been improved up to the mark. Tribal socio-economic statuses have not been changed as per government policies even after 75 years of independence and 72 years after democracy. It undoubtedly reveals the collapse of government policies on tribal welfare and their development perspective. Development of any society depends upon education and training facilities for them, and these (Education and Training or Skills) should be suitable, feasible, affordable, and accessible by them (Tribal). Tribes are still believing in traditional medicine consequently some of them are lost their life, because of unknown killer diseases or unsafe delivery. Education for development has three dimensions i.e., formal, non-formal and informal. Tribal community must be educated by these three types of education for their overall development as well as their vocation in trilingual concept. Tribal language and their culture are the base of living standard and they are bonded with emotional. That is why, proposed programme "Post Graduate Diploma in Tribal Studies" is the need of hours for thorough understanding of their life and lifestyle.

Programme Objectives:

i) to enhance knowledge of the learners on Tribal issues and challenges.

ii) to increase the knowledge of learners on tribal development, social and economic challenges such as poverty, inequality and unemployment, etc.

iii) iii) to enhance knowledge about tribal culture and livelihoods.

iv) iv) to increase knowledge and capacities of learner to conduct research and studies on various aspects of Tribal issues and challenges.

8.31 Post Graduate Diploma in Agribusiness (PGDAB)

School of Agriculture (SOA)

Agriculture is shifting from subsistence farming to commercial activity. New opportunities are opening up in the agriculture sector due changing business environment, socio-economy of the country, and global scenario. The sector is strongly responding to the demands of consumers and markets in terms of the diversified product base, quality, and price. The development of competitive and quality agriculture with the diminishing role of government has become the forefront of the agricultural economy. There is an unparallel demand on the capabilities and competence of human resources responsible for linking farm production with consumption vis a vis economics-environment equilibrium. Keeping this in view, the School of Agriculture has developed the PG Diploma in Agribusiness (PGDAB) programme. The target group of this programme is graduates in agriculture and allied field, in-service and practising agricultural extension and development professionals, professionals of NGOs, cooperatives, Corporate, financial, and marketing organizations/institutions.

8.37 Post Graduate Diploma in Folklore and Culture Studies (PGDFCS)

School of Intra-Disciplinary& Trans-Disciplinary Studies (SOITS)

The Programme PG Diploma in Folklore and Culture Studies primarily focuses on time, geography, space and literature of the folklore and culture of the world in general, and of India in particular. The Programme aims to find out the relation between folk culture and context through various frameworks borrowed from disciplines such as Literature, History, Sociology, Anthropology, Folklore Studies and emerging disciplines such as Culture Studies. This Programme is a result of the interdisciplinary approach to the paradigms of knowledge. The Programme focuses on themes such as oral literature, material culture, social customs, performing arts, the theories and methods of folklore employed so far such as historical-geographical, historical-re-constructional, ideological, functional, psychoanalytical, cross-cultural, structural and contextual—all of which demandaninter-disciplinary approach. The social relevance of the Programme may be categorizedas:

- In a vast and diverse country like India, it is important that policy planners are sensitive to the impact of the developmental processes on the marginalized communities. This programme can contribute to that since it has two major concerns, first, to study the marginal society in their specificity, second, the impact of the contact with
more complex societies on the marginal communities as tribes.
- This Programme seeks to address to that section of students who are not covered by formal education, mainly those students who seek to join the NGO circles orintend to pursue higher education in trans-disciplinary subjects such as Ethnography, Migration Studies, Marginal Studies, etc.
- It has the objective of appreciating culture and folklore in all their composite forms and of evaluating the social and political context in which culture manifests itself. It has the object of study and the location of political criticism by its focal points such as Marginal Studies, Tribal and Folklore Literature, Language Death and Preservation, etc.
- It has an obligation to an ethical appraisal of traditional as well as the modern society.
- Some of the important faculty in this Programme may be categorized as Critical Theory, Cultural Critic, Cultural Geography, Cultural History, Culture Theory, Ethnography, Feminism, Gender Studies, Museum Studies, Orientalism, Popular Culture Studies, Post-structuralism, Social Structuralism, Language Studies, History and Anthropology, etc.

8.41 Post Graduate Diploma in Environmental Studies (PGDEVS)

School of Interdisciplinary and Transdisciplinary Studies (SOITS)

The current degradationof natural ecosystems is seen in the form of environmental pollution, climate change, resource depletion, biodiversity loss, etc. In order to address the environmental challenges induced by anthropogenic activities, capacity building in Environmental Studies is the need of the hour. There is a need for developing knowledgeable workforce in the areas such as climate change, pollution, waste management, sanitation, conservation of biological diversity, management of biological resources, forest and wildlife conservation, and sustainable development.

In this context, the concept of 'Lifestyle for the Environment (LIFE) was introduced by Prime Minister at the 26th Conference of Parties to the UN Framework Convention to Climate Change in Glasgow on 1st November 2021, calling upon the global community of individuals and institutions to drive LIFE as in International mass movement towards "mindful and deliberate utilisation, instead of mindless and destructive consumption" to protect and preserve the environment.

Post Graduate Diploma in Environmental Studiesis a step in the direction to make a meaningful contribution towards the implementation of National Education Policy 2020. The programme with a multidisciplinary and an interdisciplinary approach aims to generate awareness on a wide variety of environmental concerns.

The learners after completing the Programmecan take lateral entry to Master of Arts (Environmental Studies) MAEVS. After completing the Programme, learners will be able to play decisive roles in addressing the environmental and sustainability concerns in India and across the world. It will help the learners to restore, protect, and sustain the environment and appreciate the interdependence between the components of the environment. The programme will give valuable insights to the learners with the necessary means and capacities to engage in fruitful assessment of environmental conditions, propose sustainable solutions and contribute to the formulation of suitable policies for environmental planning and sustainable development. Therefore, looking at the present context of environmental degradation and futuristic ambitious plans to meet SDGs, SOITS at Indira Gandhi National Open University is offering Post Graduate Diploma Environmental Studies Programme with a curriculum designed to touch upon various facets of environment.

Programme Objectives

- To demonstrate the interrelationship between the man-nature interactions.
- To provide knowledge on contemporary issues and environmental challenges.
- To capacitate the learners in the field of environment protection and sustainable development.
- To enable the learners to apply the knowledge in environmental management and achieve the Sustainable Development Goals.

8.43 Post Graduate Diploma in Climate Change (PGDCCC)

School of Interdisciplinary and Transdisciplinary Studies (SOITS)

The climate has always been changing since the earth was formed. Since the industrial revolution, a new era has arisen, the Anthropocene, in which human activities have become the main driver of global environmental change. Climate change is increasingly recognized as a critical challenge to ecological health, human well-being and sustainable development. Rising temperatures across the globe is a serious concern. India has pledged to achieve carbon neutrality by 2070 and has already commenced work and made significant progress. Critical to our economy and growth, India is spearheading one of the most robust climate actions through multitude of programmes and National Action Plan on Climate Change which includes an ambitious programme for transitions to clean energy in the world.

In this backdrop, the Post graduate Diploma in Climate Change (PGDCCC) Programme is designed to provide learners with a comprehensive understanding of the causes, impacts, and responses to climate change across critical sectors. The programme examines the interconnections between climate change and water resources, energy systems, agriculture, and disaster risk reduction, highlighting the challenges and opportunities for sustainable development. Through an interdisciplinary approach, learners will gain the knowledge and skills required to assess climate-related risks, develop adaptation and mitigation strategies, and contribute to building resilient communities and ecosystems. The programme prepares students and professionals to address emerging climate challenges through informed decision-making, policy development, and sustainable resource management.

Objectives:

- To expose the learners to the domain of climate change;
- To familiarize the learners with impacts of climate change on terrestrial and aquatic ecosystems;
- To enhance the understanding of the relationship between climate change and energy systems, promoting the adoption of renewable energy and low-carbon development pathways;
- To analyze the impacts of climate change on agricultural systems and develop strategies for climate-resilient and sustainable agricultural practices;
- To build competencies in disaster risk reduction and climate adaptation planning, enabling effective preparedness, response, and resilience-building at local, regional, and national levels;
- To foster interdisciplinary approaches to climate change mitigation and adaptation, integrating environmental, social, economic, and policy perspectives;
- To encourage the application of climate change knowledge to real-world challenges, supporting sustainable and resilient communities and ecosystems.

The American Novel exposes learners to the major American novelists and then we examine American drama, American theatre as distinct from American Drama—with its text, context and the performance. We then turn our attention to introducing learners to the specificities of American poetry from its origin to the modern period. And lastly we look at an integral part of the curricula at colleges and universities across the globe - literary theory and criticism, beginning from classical times, including romantic criticism, new criticism, feminist theories, deconstruction and contemporary theories.

After successful completion of this Post Graduate Diploma in American Literature (PGDAML) programme the student can take admission to MA (English) (MEG) programme under lateral entry scheme as per rules of the University.

8.51 Post Graduate Diploma in New Literatures in English (PGDNLEG)

School of Humanities (SOH)

This The Post Graduate Diploma in New Literatures in English encompasses several courses in this area of postcolonial studies/ new literatures. We aim to familiarize students with some of the major new literatures, through a study of significant/ representative texts, while showing the richness of these literatures and their similarities and differences by relating them to developments in critical theory. We also aim to show how historical, social and political pressures characterize these literatures and how ethnic contexts influence them. We take up literatures from Africa, South Asia, the Caribbean, Australia and Canada. The Australian Literature course speaks of the multicultural aspects of the country, introduces students to the first inhabitants of Australia, their writings and traces the beginnings of the settlers, and the writers who set the foundation of its literature along with the issues they grappled with. The programme then takes the learners into the world of 20th Century Canadian Literature giving them knowledge about the contexts of Canadian Writing, recent Canadian Poetry, Margaret Atwood's life and works, French Canadian Writing, the Canadian novel Canadian South -Asian Diasporic Writing, Canadian Short story, Canadian Drama, and the development of Canadian Criticism. And lastly we look at an integral part of the curricula at colleges and universities across the globe - literary theory and criticism, beginning from classical times, including romantic criticism, new criticism, feminist theories, deconstruction and contemporary theories.

After successful completion of this Post Graduate Diploma in New Literatures in English (PGDNLEG) programme the student can take admission to MA (English) (MEG) programme under lateral entry scheme as per rules of the University.

8.53 संस्कृत साहित्य में विज्ञान में स्नातकोत्तर डिप्लोमा (PGSKT)

मानविकी विद्यापीठ (एसओएच)

संस्कृत केवल धार्मिक तथा साहित्यिक भाषा ही नही अपितु यह सभी प्रकार के विज्ञान, कानून, न्याय, प्रशासन, अर्थशास्त्र, तर्क, कलाओं का अथाह भण्डार है तथा भारतीय ज्ञान परम्परा की धुरी है। प्राचीन ग्रंथों में हमें बिजली का अविष्कार कैसे हुआ, यह अगस्त्य संहिता में विस्तार से प्राप्त होता है जिसमें मंत्र के माध्यम से पता चलता है कि कॉपर एवं जिन्क से विद्युत पैदा होती है। राजा भोज द्वारा लिखित यूक्तिकल्पतरु तथा महर्षि भारद्वाज के वमानिकाशास्त्र में जहाज निर्माण की प्रक्रिया के बारे में विस्तार से बताया गया है। पिंगला ऋषि द्वारा कोडिंग के बारे में बताया गया है। प्राचीन भारतीय रसायन वैज्ञानिक नागार्जुन, बाणभट्ट, गोविन्दाचार्य, यशोधर, रामचन्द्र, सोमदेव आदि ने रसायन में अविष्कार किये हैं। रस रत्नाकर, आरोग्यमंजरी, रत्नसमुच्य, रस प्रकाश आदि ग्रंथों में चिकित्सा तथा दवा की गहन जानकारियां वर्णित हैं। लीलावती जैसे संस्कृत के प्राचीन ग्रंथों से गणित की सभी शाखाओं के बारे में विस्तृत ज्ञान प्राप्त होता है। भास्कराचार्य द्वारा रचित सिद्धांत शिरोमणी से बीजगणित का ज्ञान प्राप्त होता है। महर्षि कणाद से हमें पदार्थ, अणु तथा परमाणु का ज्ञान प्राप्त होता है। सुश्रुत संहिता में हमें सर्जरी की जानकारी मिलती है। भरत के नाट्यशास्त्र, चाणक्य के अर्थशास्त्र, पाणिनी की अष्टाध्यायी, पिंगल के छन्दशास्त्र, चरक संहिता, माया मथा, न्यायसूत्र, कामसूत्र आदि प्राचीन ग्रंथों के अध्ययन से हमें हमारी गौरवशाली संस्कृति का पता चलता है। अतः यह पाठ्यक्रम अधिगमकर्ताओं के लिए उपयोगी सिद्ध होगा क्योंकि वर्तमान में समाज अपनी जड़ों की ओर लौटते हुए अपनी प्राचीन ज्ञान परम्परा में निहित विज्ञान के अन्वेषण में जुटा है। राष्ट्रीय शिक्षा नीति २०२० में भी इस पर जोर दिया गया है कि भारतीय ज्ञान परंपरा में निहित विज्ञान पर चिंतन हो और उससे रोजगार परक पाठ्यक्रमों का सञ्चालन किया जाए। समाज के किसी भी संवर्ग का कोई भी व्यक्ति इस कार्यक्रम में प्रवेश के अर्ह होगा तथा संस्कृत साहित्य में निहित विज्ञान राशि से संपन्न इस कार्यक्रम का अध्ययन कर लेने पर स्वयं ज्ञान संपन्न होकर समाज को भी प्रेरणा देने में सक्षम हो सकेगा।

8.54 भारतीय दर्शन में स्नातकोत्तर डिप्लोमा (PGDBD)

मानविकी विद्यापीठ (एसओएच)

"भारतीय दर्शन में स्नातकोत्तर डिप्लोमा" कार्यक्रम का उद्देश्य अध्येताओं को भारतीय दार्शनिक परम्परा की गहराई, विविधता और उसके आधुनिक अनुप्रयोगों से परिचित कराना है। यह कार्यक्रम भारतीय चिंतन की आस्तिक और नास्तिक दोनों धाराओं का समग्र अध्ययन प्रस्तुत करता है, जिससे अध्येता भारतीय दर्शन की व्यापक बौद्धिक परम्परा को समझ सकें। प्रारम्भिक अध्ययन में दर्शन शब्द की व्युत्पत्ति, भारतीय दर्शन की उत्पत्ति और विकास, आस्तिक एवं नास्तिक परम्पराओं का स्वरूप तथा मोक्ष की अवधारणा का विवेचन किया गया है। इसमें आस्तिक दर्शनों - सांख्य, योग, न्याय, वैशेषिक, मीमांसा और वेदान्त का विस्तारपूर्वक अध्ययन कराया गया है। साथ ही नास्तिक दर्शनों - चार्वाक, बौद्ध और जैन दर्शन के प्रमुख सिद्धान्तों और तर्कपद्धतियों का तुलनात्मक विश्लेषण भी सम्मिलित है। इनके अतिरिक्त शैव, शाक्त एवं वैष्णव दर्शन के स्वरूप एवं परिचय से भी अवगत कराया गया है। पाश्चात्य दर्शन से तुलनात्मक दृष्टि भी इसका महत्त्वपूर्ण पक्ष है। कार्यक्रम के मध्य भाग में भारतीय दर्शन की प्रमुख अवधारणाएँ जैसे - नैतिकता (आचार और मूल्यमीमांसा), ज्ञानमीमांसा (प्रमाणवाद, ख्यातिवाद), सौन्दर्यमीमांसा, भाषा-दर्शन, आत्मा और मोक्ष का विश्लेषणात्मक अध्ययन प्रस्तुत किया गया है। इसमें भारतीय और पाश्चात्य सौन्दर्यशास्त्र की तुलनात्मक समीक्षा भी सम्मिलित है।

इस कार्यक्रम में भारतीय आध्यात्मिक और सांस्कृतिक परम्पराओं का विवेचन किया गया है - जैसे भक्ति, आगम, नाथ और सिख परम्पराएँ, जिनके माध्यम से भारतीय धार्मिक और दार्शनिक जीवन के विविध आयामों को समझाया गया है। इसके अतिरिक्त, आधुनिक भारतीय दार्शनिकों - स्वामी विवेकानन्द, महर्षि अरविन्द, स्वामी दयानन्द सरस्वती के विचारों का अध्ययन कराया गया है। साथ ही भारतीय और पाश्चात्य दर्शन के साम्य और वैषम्य की समीक्षा तथा भारतीय दर्शन की समकालीन समस्याओं पर विमर्श भी सम्मिलित है।

यह कार्यक्रम दर्शन का अध्ययन कर रहे विद्यार्थियों के लिए अत्यंत उपयोगी है, क्योंकि आमतौर पर बी.ए या एम.ए दर्शन पाठ्यक्रम में पाश्चात्य दर्शन के अध्ययन पर अधिक विस्तार दिया जाता है, जबकि भारतीय दर्शन के अध्ययन को कम प्राथमिकता दी जाती है। अतः भारतीय दर्शन के दृष्टिकोण से यह कार्यक्रम सम्पूर्ण भारत एवं विश्व में दर्शन के विद्यार्थियों को विशेष लाभ प्रदान करेगा।
यह कार्यक्रम राष्ट्रीय शिक्षा नीति (NEP 2020) की भावना के अनुरूप है, जिसमें भारतीय ज्ञान परंपरा, भारतीय भाषाओं और स्थानीय बौद्धिक परम्पराओं के पुनरुद्धार पर विशेष बल दिया गया है। NEP 2020 इस बात पर ज़ोर देती है कि शिक्षा केवल रोजगारपरक ही नहीं, बल्कि भारतीय सांस्कृतिक और दार्शनिक मूल्यों पर आधारित हो। इसी दृष्टि से यह कार्यक्रम अत्यंत उपयोगी है क्योंकि वर्तमान में समाज अपनी जड़ों की ओर लौटते हुए अपनी प्राचीन ज्ञान-परंपरा में निहित ज्ञान के अध्ययन में पुनः सक्रिय हुआ है।

पात्रता : मान्यता प्राप्त विश्वविद्यालय से किसी भी विषय में स्नातक अथवा उच्चतर उपाधि।

शिक्षा का माध्यम: हिंदी

परीक्षा का माध्यम: इस कार्यक्रम की परीक्षा संस्कृत/हिन्दी/अंग्रेज़ी में से किसी एक भाषा में दे सकते है, परन्तु परीक्षा का माध्यम एक ही होना चाहिये।

10.13 Post Graduate Certificate in Anuvaad evam Rupantaran mein Snatakottar Pramanpatra (PGCAR)

School of Translation Studies & Training (SOTST)

Translation is generally studied and practiced in terms of language or written script. However, there is an increasing awareness about the idea to see the translation not merely in terms of written languages but also in terms of medium. In India, historically translation has been in practice across media, i.e. from oral to written or from oral to oral. In light of uniqueness of the Indian cultural perspective, translation programmes that focus on script (which is common to literature, film, radio and theatre) can be treated of paramount importance. 'Anuvaad evam Rupantaran mein Snatakottar Pramanpatra' (PGCAR) aims to fill a major gap in translation, media and culture studies and training pertaining to preparation and adaptation of scripts. The programme includes discussion on understanding of the scope of translation and adaptation in mass media; provide an overall view of the various inter-disciplinary studies on translation and its practices in this field. The programme consists of 3 courses and a project component, which will help learners to understand theoretical and practical aspects of the subject with hands-on experience of script writing.

10.14 Post Graduate Certificate in Medical Management of CBRNE Disasters (PGCMDM)

School of Health Sciences (SOHS)

The term CBRNE stands for 'Chemical Biological, Radiological, Nuclear and Explosive'. Disasters related to such agents can occur accidently. However, when used intentionally they become agents of mass destruction. CBRNE disasters are ill-understood, diagnosis is difficult and very little management tools exist to manage these disasters, including medical management. Medical management of CBRNE disasters require specific knowledge and skill set that is not covered in the undergraduate curriculum. India is particularly vulnerable to CBRNE attacks. Thus, society and governments need to create special provisions to deal with them. In light of the above facts, IGNOU in collaboration with Institute of Nuclear Medicine and Allied Sciences (INMAS), Defence Research and Development Organisation (DRDO) and active support from Integrated Defence Staff (IDS), Defence Research and Development Establishment (DRDE), Central Armed Police Force (CAPF) and Director General of Armed Forces Medical Services (DGAFMS) have developed a 6 months PG Certificate programme in Medical Management of CBRNE disasters through open and distance learning for MBBS doctors. This programme is a considered as a Continuing Medical Education programme for updating knowledge and skill in this area. The Programme is on offer since July,2020.

PROGRAMME OBJECTIVES

After completing the programme, the learner should be able to:

- comprehend the parameters, enormity and complexity of CBRNE threat from a medical perspective
- describe the impact of chemical, radiological, biological, explosive and nuclear agents on human health
- assess the health effects of a CBRNE scenario using external and internal assessment tools
- discuss regarding the medical counter measures, detection equipments and SOPs of medical management of CBRNE impacts.
- deliver first aid and initiate immediate life saving responses to a CBRNE disaster
- develop competencies on protection, mitigation and medical management of CBRNE casualties
- get sensitized about the current R&D initiatives and future directions.

Target Group

- Medical personnel & students engaged in or interested in disaster medical management Doctors in armed forces, police forces, health services, railways, airports/ports, & NDRF or State disaster forces who have to or can be called on to respond in face of CBRNE disasters.
- Doctors working in or for organizations considered vulnerable to CBRN attacks or accidents such as industrial complexes, Shrines, melas, areas prone to terror attacks, border towns etc.
- Faculty in all large and medium-large hospitals (public & corporatesector)
- Medical Management staff of all referral hospitals
- Retired doctors who want to contribute to the Nation's strength & medical security in CBRN.

Eligibility: MBBS Degree (recognised by MCI) and completion of internship. Only Indian Citizens would be considered.

Programme Implementation

Activities like theory and practical counselling, assignment submission and practical examination etc will be conducted in Learner Support Centres as per the details given in the programme guide. Some of the counselling sessions will be taken through web conferencing and some of them face to face in the Learner Support Centres.

Selection Criteria

Selection will be made on the basis of Regional Centre/LSC. In each Learner Support Centre (LSC), a maximum of 30 students will be admitted. Applicants will be required to fill three choices of LSCs. The allotment of the LSC will be done to eligible applicants as per merit according to their choice and availability of the seats in the centres following IGNOU's reservation policy. If eligible applicants cannot be accommodated in their opted LSCs but seats remain vacant in the LSCs not opted by them, they could be offered admission in the vacant seats.

The scores for merit will be calculated by considering two criteria:

- Total percentage of marks secured in all MBBS examinations.
- Total years of experience (Period from the date of completion of internship up to the date of beginning of session), in case of a tie.
- In case of a tie after applying the above two criteria, age of the candidate will be considered and the older candidate will be selected.

Admission Procedure

Application for the Programme is to be submitted online at https://ignouflip.samarth.edu.in At the time of submitting the application. Applicants selected for admission shall be intimated online and shall be required to pay the Programme fee within the specified date, failing which the offer of admission may be withdrawn and the seat may be given to the candidate next in the merit list. The Learner Support Centre allotted by the University shall be final.

You are required to submit scanned copy of either of the three documents as proof of your Indian Citizenship

1. Indian Passport
2. Aadhar Card
3. Pan Card

11.11 Certificate in Early Childhood Special Education Enabling Inclusion-Hearing Impairment (CESEIHI)

School of Continuing Education (SOCE)

The Certificate Programme in Early Childhood Special Education Enabling Inclusion - Hearing Impairment is a comprehensive Programme designed to equip aspiring educators, parents, caregivers, and professionals with the necessary knowledge and skills to support early childhood special education, focusing specifically on Hearing Impairment. It will enable the learners to promote the all round development of children with Intellectual Disability in Early Childhood Centres, Pre-schools and Pre-primary sections and support their inclusion in educational settings. The Certificate Programme holds immense relevance in the context of the National Education Policy (NEP) 2020, which emphasizes inclusivity and equitable education for all learners. This programme aligns with the vision of NEP (2020) to transform the educational landscape in India, ensuring that no child is left behind, regardless of their abilities. The programme is approved by The Rehabilitation Council of India (RCI) which ensures that the programme adheres to the highest standards of quality and professionalism. The successful candidates will be able to register with Rehabilitation Council of India under Category B.

Programme Objectives

- Develop empathy and sensitivity towards individuals with disabilities.
- Recognize the significance of early detection and prevention of hearing impairment and providing referrals.
- Foster holistic development of children with hearing impairment in all development domains during the period of early childhood.
- Understand diverse educational options and facilitate the seamless inclusion of children with disabilities within their home, school, and community.
- Adapt physical, social, and teaching-learning environments to provide optimal support for children's potential development, concept acquisition and skill enhancement.

Important Information regarding Counseling and Project Work

The below listed RCI recognized training institutions have been identified as Work Centres that will provide offline/online counseling session for all three Theory Courses of the programme. Both the Project Work, each spanning over a period of 3 months will need to be conducted under the guidance of the faculty at these Work Centres. 11.21 संस्कृत संभाषण में प्रमाण पत्र कार्यक्रम "सरल संस्कृत बोध" (Communicative Sanskrit) (SSB)

मानविकी विद्यापीठ (एसओएच)

संस्कृत भाषा विश्व की सबसे प्राचीन भाषा है। यह भाषा के रूप में अत्यन्त वैज्ञानिक होने के साथ-साथ सर्व प्रामाणिक भी है। प्राचीन भारत का समग्र ज्ञान इसी भाषा में निबद्ध है। वेद से लेकर आधुनिक संस्कृत साहित्य की परंपरा में आज भी संस्कृत अपने उसी रूप में संगठित और सुव्यवस्थित है। प्राचीन ज्ञान, विज्ञान, तकनीकी, प्रौद्योगिकी से आरंभ करते हुए हमारे ऋषि एवं आचार्यों ने मानव मात्र के साथ प्राणी मात्र के हित चिंतन में ज्ञान की खोज करके इसी भाषा में निबद्ध किया है। कंप्यूटर के वर्तमान परिवेश में भी संस्कृत को संगणक के लिए सर्वाधिक प्रामाणिक और उपयोगी भाषा माना जा रहा है। जीवन दर्शन का पक्ष मूल रूप से संस्कृत भाषा में ही सुरक्षित है। अनुशासन व मूल्य इसी भाषा की धरोहर हैं। भाषा और संस्कृति का अटूट संबंध है। इस कार्यक्रम में अध्ययन करने वाले विद्यार्थियों को संस्कृत भाषा के शब्दों, वाक्यों का ज्ञान कराकर भाषाई दृष्टि से दक्ष बनाया जाना इस कार्यक्रम का एकमात्र लक्ष्य है। इस कार्यक्रम में अध्ययनरत विद्यार्थी संस्कृत भाषा में बातचीत करने में कुशल बने और अपने भावों का आदान-प्रदान संस्कृत के माध्यम से करें ,यही इसका चरम उद्देश्य है।

11.22 भारतीय कालगणना में प्रमाण पत्र कार्यक्रम (CBKG)

मानविकी विद्यापीठ (एसओएच)

राष्ट्रीय शिक्षा नीति-2020 शिक्षार्थी के समग्र विकास के महत्व पर प्रकाश डालती है। इस उद्देश्य के लिए समृद्ध विरासत और भारतीय ज्ञान परंपरा का प्रामाणिक अध्ययन अनिवार्य है। भारत की गौरवशाली परम्पराओं की कालानुक्रमिक समझ के बिना कोई भी इतिहास नहीं लिखा जा सकता है। हालाँकि, अतीत में लिखे गए इतिहास को औपनिवेशिक दृष्टिकोण और यूरोपीय कालक्रम द्वारा पूर्वाग्रहित किया गया है। जबकि कालक्रम की पद्धति ने विश्व की सभी प्राचीन सभ्यताओं (मिस्र, बेबीलोनिया, सिन्धु घाटी आदि) की प्रगति को अत्यधिक प्रभावित किया है। इसने भारतीय प्राचीन ग्रंथों की ऐतिहासिकता को नकारा या नकारा है। प्राचीन संस्कृत साहित्य में 'काल' के विभिन्न पक्षों की सूक्ष्म व्याख्या की गई है। भारतीय ऋषियों ने कालक्रम की दृष्टि से न केवल प्रकृति की घटनाओं का अध्ययन किया है, बल्कि 'समय' को भी अपने परिष्कृत अध्ययन का आधार बनाया है। आधुनिक युग में भी दर्शन और विज्ञान दोनों ने काल के इस तत्व का अपने-अपने दृष्टिकोण से विश्लेषण किया है।

इस सर्टिफिकेट प्रोग्राम में सभी भारतीय अवधारणाओं की वैज्ञानिकता और प्रामाणिकता और समय की गणना के बारे में बताया जाएगा। आगे प्रश्नावली के आधार पर समय गणना के विज्ञान का भी विश्लेषण किया जायेगा। प्राचीन भारतीय खगोल विज्ञान की उन्नति को प्रमाणित करने के लिए भारत के ऐतिहासिक कालक्रम के प्रामाणिक प्रमाण प्रस्तुत किए जाएंगे। यह कार्यक्रम आगे चलकर दर्शनशास्त्र, धर्मशास्त्र, ज्योतिष, वास्तुशास्त्र, संस्कृत, इतिहास, गणित, भौतिकी और खगोल विज्ञान आदि के अध्ययन में नए आयाम जोड़ने में सक्षम होगा।

11.23 वैदिक गणित में प्रमाण पत्र कार्यक्रम (CVG)

मानविकी विद्यापीठ (SOH)

कार्यक्रम का उद्देश्य - वेद ज्ञान के मूल स्रोत्र है । सभी प्रकार का ज्ञान वेदों में निहित है यथा-ज्ञानकाण्ड ,कर्मकाण्ड, अर्थशास्त्र , धर्मशास्त्र , खगोलविज्ञान, कृषि ,वास्तुकला, चिकित्सा, शिक्षा से सम्बन्धित सभी विषय इत्यादि । इसी प्रकार वैदिक गणित भी जटिल से जटिल गणना को अल्प समय में सटीक ,सरल, रोचक विधि से करने में हमारे लिए अत्यन्त ही उपयोगी सिद्ध होता है । क्योंकि वैदिक गणित में गणितीय समस्याओं को हल करने के लिए सूत्रों की सहायता ली जाती है।

वैदिक गणित में प्रमाणपत्र कार्यक्रम का मूल उद्देश्य वेदों में वर्णित गणितीय ज्ञान को उद्घाटित करना है और राष्ट्रीय शिक्षा नीति 2020 भी भारतीय ज्ञान परम्परा के हस्तान्तरण पर बल देती है। वर्तमान युग तकनीकी प्रधान है ,जिसमें लोगों के पास समय का आभाव है अतः ऐसे समय में वैदिक गणित के माध्यम से छात्रों के लिए न केवल गणित को आसान व रोचक बनाना है अपितु वैदिक गणित रूपी धरोहर से ज्ञानपिपासुओं को अवगत कराना भी है।वैदिक गणित में प्रमाणपत्र कार्यक्रम द्वारा छात्रों में कठिन गणना को सरल रूप से सुलझाने की योग्यता को विकसित करना है जिससे छात्र प्रतियोगी परीक्षाओं में कठिन कहे जाने वाले विषय गणित को उत्साह व रूचि के साथ सहज रूप में समझकर , आत्मविश्वास सहित जीवन में सफल हो सकें ।

11.29 Certificate Programme in NGO Management (CNM)

School of Management Studies (SOMS)

Non Governmental Organizations (NGOs) play an important role in various developmental issues across the states in India. VAN (Voluntary Action Network India), an apex body of Indian voluntary organizations estimates that there are
1.2 million NGOs working in India. As per the data available with the planning commission, there are more than 12,000 NGOs inthecountry. Inview of the increasingly important role of the voluntary sector in the developmental process, all levels of policy making have stressed the importance of building its capacity to face the developmental challenge.

The emphasis of the management education process hither to, had been limited to the private sector and or large public undertakings. The capacity building efforts for the voluntary sector have remained limited to organizing workshops and training programmes and formal course work in universities. However, given the size of the sector, and if we add to this the many socially spirited individuals involved in social activism, the capacity building needs of the sector can only be catered to by undertaking distance education programmes.

Objectives:

The objectives of the programme are as follows:

- To provide the basic managerial concepts to NGO workers;
- To give a firsthand experience to the NGO workers or for that matter to the endusers of the programme;
- To help and enhance the skills of end users at various levels of management.

11.43 Certificate in Beekeeping (CIB)

School of Agriculture (SOA)

There is always an increasing demand for the honey across the world. Most of the honey is being collected from the wild resources (forest) and a limited population is engaged to rear the bees. Due to less technical knowledge and poor infrastructure, the honey production is less. A great potential exists in this area, when this unorganized sector can be established into an organized one for the betterment of the society.

At village level, successful honey production provides nutritional and economic security and also the empowerment to the farmers, farm women, and rural youth. Beekeeping also helps conserve the natural resources. There is a need to impart improved technical knowhow to the traditional beekeepers in order to facilitate the adoption of improved technologies available in this area.

The certification may be required to the beekeeper to seek any financial help from any bank, non-governmental or governmental agencies, etc.

Objectives:

The main objectives of the programme are to:

- impart education about modern beekeeping.
- build human resource in the beekeeping sector.
- diversification of apiculture to increase income of the farmers; and
- develop entrepreneurial skills in beekeepers.

Eligibility: 8th Pass or Professional Beekeepers

11.69 Certificate of Competency in Power Distribution (Electrical Technicians) (CCPD)

School of Engineering & Technology (SOET)

Certificate of Competency in Power Distribution (for Electrical Technicians) (CCPD), programme has been developed by the School of Engineering & Technology, IGNOU in collaboration with the Ministry of Power under IGNOU- MoP Project towards implementing the competency based skill development training for the electrical technicians/equivalent level work force of the country.

Training for on job employees for upgrading their skills and need of skilled fresh recruits/manpower with required skill and knowledge is the critical need of continuously growing power industry to enhance systemic efficiency and deliver quality power to the satisfaction of beneficiaries. This programme has been launched to address the general concerns and issues in the electricity distribution sector, and inculcate awareness and exchange good practices amongst the workforce.

The main objectives of this programme are:

- To offer need based and tailor made academic programme for the specific need of technicians/equivalent level workforce engaged in electricity sector
- To address the general concerns and issues in the electricity distribution sector, and inculcate awareness
- To train, assess and certify the skills and competencies of electrical technicians, and to make them eligible for acquiring further knowledge and skill development training / educational qualification,
- To provide better industrial education linkage by matching learner's educational needs while collaborating with professional bodies to meet the real work need,
- To provide educational programme aiming at increased job potential and economic activities.

(Target group): Who can be benefited by this programme

- Electrical Technicians /Equivalent tradesman or manpower working in electricity/power sector
- Technicians having or pursuing trade certificate in Electrician or related trade; Technician having license for Foreman/ Lineman/Wireman or license in relevant area of expertise; Candidates having electrician apprenticeship;
- Candidates having 10th /12th / ITI / Degree/Diploma, keen to pursue the course and aspiring to pursue career in the electricity sector / working in relevant field

Eligibility: Electrical Technicians /Equivalent tradesman or manpower working in electricity/power sector, adults 8th pass onwards,

OR Candidates having 10th /12th /Degree/ Diploma/ ITI are may apply

Medium of Instruction: English/Hindi

Admission Procedure:

Individual Registration: Presently, IGNOU offers online procedure of admission. To apply in IGNOU, interested candidate can log on www.ignou.ac.in - Online Registration, click link:**https://ignouadmission.samarth.edu.in/**

Bulk registration: Learners are also sponsored in bulk by Power Organisations. For online admission in bulk, They organisation may also contact concerned Regional Centre of IGNOU. Form D should also be submitted.

Programme Delivery

The Programme is being offered at selected Learner Support Centres of concerned Regional Centre (RC). For details, please check IGNOU website www.ignou.ac.in / online admission link: https://ignouadmission.samarth.edu.in/.

On admission, each student will be attached to an identified Programme Learner Support Centres (PSC) or Learner Support Centres (LSC) as per available seats. Theory /Demonstration/Practical counselling will be held at concerned Learner Support Centres as per schedule informed by Programme incharge of concerned Learner Support Centre.

Academic support available for learners:

- **Printed Self-Learning Study Material:** Learner will receive hard copies of Self-Learning Material (in English). Digital Self-Learning Study Material (SLM) on E Gyankosh /IGNOU e-Content APP; Hindi translated material can also be provided to learner in softcopy form.
- **Web Enabled Academic Support (WEAS):** The Programme will also be delivered through the Web Enabled Academic Support (WEAS), Enrolled learners are given access to their programme specific portal in which they are provided with course material in digital format, video lectures/counselling, videos link and learning resources, updated information etc. To access WEAS click the link - https://sites.google.com/ignou.ac.in/weas . Note: It is mandatory for Student to provide own (actual) E-Mail ID in G-Mail account and own (actual) mobile number to avail the online academic support.
- **Academic support through online course available at SWAYAM portal :** Online MOOC, course

11.70 Certificate in Solid Wastes Treatment Techniques (CSWATT)

School of Engineering & Technology (SOET)

Solid waste treatment and disposal is a major problem, where urbanization, industrialization and economic growth have resulted in increased solid waste. Greater attention needs to be focused towards devising appropriate and effective mechanisms for waste treatment and disposal. Proper management measures of wastes are integral to human health as well as on environmental well being. Tackling the problem of waste from the source of production to the treatment and disposal levels need updated knowledge and effective practices. This program and curriculum is envisaged to provide knowledge in waste treatment and disposal technology.

Programme Objectives:

- Programme aims to develop skilled human resources in the field of Solid Wastes Management and Technology at the Local, Regional and National levels.
- It seeks to build competencies and professional skills to avail enhanced employment opportunities in organizations.

It aims to upgrade the knowledge and skills of those working in an organization without a formal training.

School of Engineering & Technology (SOET)

SOET offers Certificate in Condition Monitoring (CCOMO) with the following broad objectives:

- Programme aims to develop human resources in the field of condition monitoring at the Local, Regional and National levels.
- It seeks to build competencies and professional skills to avail enhanced employment opportunities in organizations.
- It aims to upgrade the knowledge of those working in an organization without a formal training.

Programme description:

As time passes by, there is either gradual decay or deterioration or wear tear of any structure/machine/equipment or human body. In order to prevent any major failure of any such machinery, periodical or continuous monitoring of the condition of any such structure/machine/human body is very important. This will help to prevent monetary loss as well

as loss of human lives. Nowadays every industry whether it be mechanical/aerospace/civil/biomedical have department dedicated for monitoring of their machinery or various components

11.72 Certificate in Smart City Development and Management (CSCDM)

School of Engineering & Technology (SOET)

IGNOU has come forward to meet the requirement and provide opportunity to lakhs of fresh learners and also industry personnel to move ahead in their careers while on the job. This Certificate in Smart City Development and Management (CSCDM) aims to incorporate a blend of new and innovative aspects with academics in the curriculum. This new and innovative programme Certificate in Smart City Development and Management (CSCDM) is a 6 months Certificate programme and the learners would be given maximum 2 years to complete the programme. The study centres will be established at various locations in India depending upon the strength of the participants. Initially the Digital Materials will be provided to the learners.

Programme Objectives:

- To create awareness and deepen knowledge on smart cities
- To expand capacities on various theoretical and practical aspects of smart cities: smart energy, smart transportation, smart education and smart health
- To understand techno-managerial framework of Smart Cities
- To develop capacity in appraisal, monitoring, evaluation and impact assessment of smart cities projects and programs

11.73 Certificate in Solid Waste Management (CSWM)

School of Inter-Disciplinary and Trans-Disciplinary Studies (SOITS)

Issues related to waste management are many and so interlinked that a holistic, scientific and well-planned environmental management strategy is the need of the hour. Waste management today involves not only the collection and transportation of waste; But also treatment, disposal and recycling. Thus developing a well-informed and trained workforce is of fundamental importance to deal with these issues. Furthermore, as an emerging economy, India is at its peak of development and consumerism. In view of this, waste generation is expected to increase manifold. There is a strong need of experts in this field, who can manage the waste generated from development projects of industries, mining, housing, urban areas etc. Therefore, given the current scenario and future needs, Indira Gandhi National Open University offers certificate programs in waste management. This program provides an overview of the state of solid waste management covering key elements of the waste management system such as environmental, social, financial and institutional aspects. Learners will be able to

understand the challenges of waste management and learn about appropriate and sustainable solutions including appropriate waste management policy issues.

Programme Objectives:

- To sensitize the learners about the problem of waste generation and its impact on environment and human health.
- To familiarize the learners to existing legislation, knowledge and practices regarding Waste Management in the country.
- To prepare the learners with the ability to manage the solid waste effectively.

11.74 Certificate in Gender, Agriculture and Sustainable Development (CGAS)

School of Gender and Development Studies (SOGDS)

Women play a significant role in Indian agriculture from the sowing of seeds, harvesting crops and post-harvest value-addition. Due to gender inequalities in society, women lack ownership, access and control over resources and lack decision making. Gender inequality is inbuilt in our society due to patriarchy, so in all spheres of our lives, including agriculture. Subordination of women has become a way of life. With the changing pattern of agricultural activities and the mechanization of agriculture, women's role in agriculture increased, especially among small and marginal farmers. Even though industrialization has changed agricultural activities, still women have more labour intensive farm activities such as weeding and harvesting.

Change in land ownership and gender-sensitive labour laws facilitated women to be involved in decision-making and reduced drudgery. But Indian agriculture has not yet addressed many issues confronted by women in agriculture. Feminization of agriculture, gender biases in agriculture and rural development are the global issues of concern. Women often lose control over resources such as land and are generally excluded from access to improved agricultural methods. Women and men are affected differently by economic change and development, and thus an active public policy is needed to intervene to close gender gaps. In this context, agriculture needs to look towards sustainability in its planning and policy process and the women's contribution to sustainable agricultural development. Changing the policy makers' mindset, government functionaries, extension workers, researchers, and students is a need of an hour. This ODL programme on 'Gender, Agriculture and Sustainable Development will address above mentioned issues to create awareness among all stakeholders.

Programme Objectives

- To create awareness about gender roles and typology of issues in sustainable agriculture.
- To provide the knowledge on sustainable development in relation with gender and agriculture.
- To build capacities in gender research in agriculture.

11.75 Certificate in Gender and Science (CGSCI)

School of Gender and Development Studies (SOGDS)

Modern science is both positivistic and patriarchal in its origin. By making objectivity as the essential criterion of rationality, it excluded all other forms of knowledge including feminist knowledge from the definition of knowledge itself. Thus, feminists have critiqued it by underlying its masculinist worldview. They have offered another view of science which is theorized as standpoint theory. This view of science is inclusive and creates knowledge for all resulting in human flourishing. In recent years, women's access to STEMM education has been debated in international platforms for Action, Agenda for Sustainable Development Goals, 2030. In India, feminist research studies have come up with recommendations to improve women's participation in science. Gender-sensitive policies are being made to make science a more gender-inclusive discipline.

With government agencies and many companies undertaking these initiatives, the field of gender and science has opened a whole new range of opportunities in research, policy-making bodies, international agencies and non-governmental organisations. CGSCI is an appropriate programme in ODL mode both in terms of content and its outreach. It provides a unique opportunity to research scholars, scientists, policy-makers and development professionals to critically engage with inter-disciplinary fields like gender and science. Keeping all this in view, the programme has been designed to provide a holistic understanding of gender and science by covering basic concepts of gender, science and technology, contemporary policies, STEMM education and implementation of programmes.

Programme Objectives

- To impart theoretical concepts of science from a feminist perspective;
- To enrich capacities of learners with regard to policies, programmes and schemes related to women and science.
- To enable learners to critically engage with societal-science approach in the area of science with special focus on climate change, renewable energy, industry, health, agriculture and ecology;

Eligibility: 10+2 (in any discipline).

Medium of Instruction: English.

11.76 Certificate in Gender in Law (CGSL)

School of Gender and Development Studies (SOGDS)

The School of Gender and Development Studies in collaboration with School of Law, IGNOU designed and developed a Certificate Programme in Gender in Law.As you know, gender is one of the prime areas which have been widely discussed at the international and national level. Policy regime is exploring the impact of the intersections of gender, law and justice.This programmeengages with the discourses of socio-political spaces with multiple marginalities. It also probes the determinants of multifaceted forms of exclusion and oppression of different sections of women and other categories. India, as a developing country, is undergoing drastic transformation. The Constitution of India does provide

equal rights to all citizens of India. On the other hand, when one looks at the situation of women, marginalized categories and so on, we can argue that cutting across the different social strata they face diverse forms of stigma and discrimination. Societal control via customs and law driven social change coexist in paradoxical ways as well. The feminist movements in India and across the world are critically interrogating with the field of national and international law byoffering gendered critique to legal theoretical formulations and practices. They evaluate the existing laws, newly amended and enacted laws in the context of gender to ensure justice and equality for all genders.

This programme will investigate the various aspects of gender and law in the Indian context by engaging with the foundations of core themes such as understanding the Indian legal system; differences between sex and gender; multiple sexualities; patriarchy in law; heteronormativity in law; equality and discrimination in law; gender-based violence (domestic, sexual, communal, caste, conflict, violence against LGBTI) and so on. It will also enhance our understanding on gender and governance.

Objectives:

- To make learners aware of the inter-linkages between legal institutions and existing gender inequalities.
- Create consciousness among the learners about women's rights through legal discourses and to explain the ideology of patriarchy and its existing forms within the framework of laws.
- To critically think about the issues of LGBTIQ+.
- To enable the learners to understand, explore and acquire a critical understanding of gender-based violence and the law.
- To make the learners conversant with the impact of gender inequality in governance.

12.3 Appreciation Course on Environment (ACE)

School of Sciences (SOS)

Environment is everybody's business. It has been observed that many individuals, who have the benefit of education and are actively engaged in their professions, often have strong desire to educate themselves on environmental matters. They also want to play a significant role in environmental management of their neighbourhood. Sometimes, due to misinformation or availability of excessive information on a subject, these individuals despite their enlightened background, are not in a position to appreciate significant environmental issues. They are also sometimes misled by adverse propaganda. Owing to these reasons, the Appreciation Course on Environment has been developed by the University in collaboration with the Ministry of Environment, Forests and Climate Change, Govt. of India, as a **non-credit awareness course**. The programme has been developed as social responsibility initiative.

The objectives of this course are to:

- disseminate information on national and international environmental issues;
- create environmental consciousness among professionals, academicians and other members of society who can play an active part in opinion making within the society so that corrective environmental action could be encouraged; and
- facilitate development of environmental leadership among individuals who may organize/participate in environment upgradation programmes.

14 UNIVERSITY RULES

The University reserves the right to change the rules from time to time. However, latest rules will be applicable to all the students irrespective of the year of their registration.

14.1 Educational Qualifications Awarded By Private Institutions

Any educational qualification awarded by the Private Universities established under the provisions of the ***"Chhattisgarh NijiKshetra Vishwavidyalaya (SthapanaAur Viniyaman), Adhiniyam, 2002"*** are non-existent and cannot be considered for admission to any Academic Programme in IGNOU.

14.2 Validity of Degree for Admission

Master's Degree awarded without a first degree of three year duration is not recognised for purposes of admission to IGNOU's Academic Programmes. However, this condition is not applicable for the five- year Integrated Master's degree acquired from a recognized University/Institution.

Bachelor's Degree means, **Bachelor's Degree of not less than three year duration**.

14.3 Acceptance of 'Two year Bachelor's degree'

Students who had enrolled themselves in the first degree course prior to June 4, 1986 and students who had successfully completed their first degree course, prior to June 4, 1986, irrespective of their duration shall be treated at par with the students who have completed Three years degree and they are not required to undergo a further one year bridge course. Degrees obtained prior to June 4, 1986 and the degree awarded to the students enrolled upto June 1986, but completed subsequently shall be treated valid for all purposes including admission to a Masters degree programme and other higher studies.

IGNOU accepts First degree of Two year duration obtained from a recognized university **completed up to the year 1998-99** for purposes of higher studies; **provided such students have undergone a further one year bridge course and passed the same to be in conformity with UGC Regulations.**

Degrees acquired from an 'Off Campus' Centre

Degrees acquired from an **'Off Campus' Centre of Private Universities** outside the territorial jurisdiction of the State concerned are **not** recognized for purposes of admission to IGNOU's academic programmes unless it has specific approval of the University Grants Commission.

Similarly, Degrees acquired through an 'Off Campus' Centre/ 'Off-shore' Campus of Central/State/ Deemed to be Universities/Institutions of National Importance offered through Open and Distance learning (ODL) mode will be accepted for purposes of higher studies in IGNOU; provided these have been obtained as per territorial jurisdiction of these Central/State/Deemed to be Universities/Institutions of National Importance prescribed by the University Grants Commission from time to time.

14.4 Validity of Admission (Merit Based/Entrance Test Based)

Learners offered admission have to join on or before the due dates specified by the University. In case they want to seek admission for the next session, they will have to apply afresh and go through the admission process again.

14.5 Simultaneous Registration

As per the University policy, a student is allowed to pursue two academic programmes simultaneously through ODL / Online mode, as per the illustration given below.

One Certificate Programme with any other Programme	Admission in both programmes can be taken in the same admission cycle
One UG + One PG Programme*	**Admission has to be taken in two different admission cycles** *Admission can be taken ONLY in specified Programmes. Details are available on the IGNOU website.
Two UG Programmes*	
Two PG Programmes*	

Certain programmes are not allowed under the simultaneous registration. Students are advised to visit the following link for more details:

There will be no change in the counseling/assignment submission/examination schedule in case dates for the above clash in the programmes in which a student has taken admission.

NOTIFICAITON

SUB: SCHEME OF PURSUING TWO UG/PG PROGRAMMES SIMULTANEOUSLY IN IGNOU

Based on the recommendations of the Committee for preparing the framework for IGNOU for operationalising UGC Scheme of pursuing two Academic Programmes simultaneously as per decision of the Academic Council taken in its 78th meeting, the following policy in the matter will be implemented with effect from July, 2022 session:

A) The students will be permitted to pursue **only two** academic programmes simultaneously at the undergraduate and postgraduate levels subject to fulfilment of the eligibility criteria for admission to each of the two programme(s), in the following manner:

1. **One programme in Regular/ODL/Online mode from an institution Other than IGNOU along with one programme in ODL/Online mode from IGNOU:**

   A student who has sought admission to one programme in regular/ODL/Online in an institution **other than IGNOU** will be permitted to simultaneously register in an ODL/Online programme **of IGNOU** at undergraduate or postgraduate level.

   However, there will be no change in examination schedule in case dates clash for any such programmes in which a student has taken admission.

2. **Both programmes in ODL or Online mode from IGNOU**

   a) Admission to Two academic programmes in ODL mode at the level of Undergraduate/ Postgraduate degree will be permitted in **Two separate admission cycles ONLY**.

b) In case of Two UG/PG Programmes in Online mode

Admission to Two Undergraduate/ Postgraduate degree programmes in Online Mode can be taken in **two separate admission cycles** in the same academic year i.e. one programme in January and another programme in July.

c) In case of One UG/PG Programme in ODL and other in Online mode

In case of one programme in ODL mode and the other programme in Online mode at the undergraduate/postgraduate level, the admission can be taken in **Two separate admission cycles** in the same academic year i.e. one programme in January and another programme in July.

d) The list of undergraduate and postgraduate programmes to which admission can be taken is given in **Annexure-1** for July 2022 admission cycle.

B) a) If a student registers for two such programmes wherein certain number of courses are common, the credits of those courses will be given for one programme only. In such cases, the student will be required to pursue similar course(s) for the other programme in order to complete it and earn the degree.

b) The University will make appropriate provisions for selection of alternative Courses for such common Courses. For example, in the category of Ability Enhancement Compulsory Courses of Bachelor Degree Programmes (CBCS), courses on Waste Management, Sustainable Development, HIV, Disability Studies, etc. may be provided as alternative to the Course on Environmental Studies. Similarly, alternatives to AECC Courses (Hindi Communication and English Communication) may be provided in consultation with the School concerned.

C) Simultaneous admission to the Programmes falling under the ambit of Regulatory Bodies like AICTE, NCTE and INC will not be permitted till such time the Regulatory Bodies come out with their respective guidelines in this regard.

D) Similarly, simultaneous admission will not be permitted to the programmes such as BCOMAF, BCOMFCA, BECOMCAA, BHM, MCOMBPCG, MCOMMAFS, MCOMFT, MHA, etc. **which are offered in collaboration with other Institutions**.

a. Fill up all the columns of the Admission forms and attach the relevant documents (as mentioned in the Prospectus) along with fee and cost of registration fee.

b. Submit the hard copy of the form along with documents and fees at the following address Director, International Division, IGNOU, Block No. 15. Section K, Maidan Garhi. New Delhi.

c. The learner must fill all the Columns of the Admission Form, failing which the admission form will not be processed for admission. The complete applications should reach at the above address not later than

the last date of submission of forms.

b) The learner may apply only for those courses for which International fees have been prescribed.

a. The learner will have to produce the valid STUDY VISA for the minimum duration of the programme. Presently, the students from Nepal and Bhutan are not required to submit the Study Visa.

b. The learner will have to remit the International Fees of Programme.

c) The fee has to be remitted through Bank Draft favouring" IGNOU" payable at "New Delhi".

a. The learner should possess the minimum qualification specified for the Programme. However, for equivalence of the qualification of the candidate reference may be made to Booklet "Equivalence of Foreign Degrees"published by Association of Indian University. In case the Degree/Certificate possessed by the candidate is in a language other than English or Hindi, a translated copy duly verified by the concerned Embassy should be submitted.

b. The fees once paid will neither be refunded nor transferred. However, in cases where University denies admission, the programme fee will be refunded through A/c Payee Cheque only.

c. The student needs to submit NO OBJECTION CERTIFICATE from the concerned embassy. In the letter it should be clearly written that the Embassy has no objection regarding study of the concerned student in IGNOU as well as extension of visa from time to time. PIO / OCI Card holders are not required to submit the NOC from concerned Embassy.

d. PIO/OCI card holders and also Refugees (UNCHR) Card Holders will pay the fee applicable to International Students.

14.22 Change of Category (EWS -Gen., Gen.-SC etc.)

Please note that any request for change of category code shall not be entertained by the University after finalization of admissions. Similarly, for the entrance test based and merit- based programmes, request for change of category will not be entertained once the Forms are finally submitted by the prospective learners.

14.23 Correction/Change of Name/Surname of Learner

Spelling mistakes, if any, committed at the time of data entry stage will be rectified at the Regional Centre and corrected data transmitted to Student Registration Division for updating in the database. However, Learners are expected to write their correct name (as indicated in the High School Certificate) in the Admission Form. In case any change in the name (other than the one mentioned in his/her High School Certificate), then it is mandatory for the prospective learners to furnish legal evidence of having changed his/her name/ surname while submitting the admission form.

For Change of Name/Surname, after confirmation of admission, the learners are required to submit the following documents at the Regional Centre, for on ward transmission to Registrar, SRD:

a) Original copy of Notification in a daily newspaper notifying the change of name;

b) Affidavit, in original, on non-judicial Stamp Paper of the appropriate value sworn in before 1st Class Magistrate specifying the change in the name;

c) Marriage Card/Marriage Certificate in case of women candidates for change in surname;

d) Gazette Notification, in original, reflecting the change ofname/surname;

e) SBI collection (Demand Draft of Rs.500/- drawn in favour of IGNOU payable at New Delhi).

Request for correction and/or change of Name / Surname will be entertained only before award of the Degree/Diploma/Certificate. For change/correction of name after completion of programme, but before award of degree please see the guidelines available at:

Note: Except the above mentioned complaints, no other queries will be entertained at the above phone numbers.

As per directions of Hon'ble Supreme Court of India ragging is prohibited. If any incident of ragging comes to the notice of the authority the concerned student shall be given liberty to explain and if his explanation is not found satisfactory, authority would expel him from the University.

IGNOU admissions are made strictly on the basis of merit. Only those learners who satisfy the eligibility criteria fixed by the university will be admitted. Learners will not be admitted if they are not eligibile as per the eligibility criteria. Therefore, the candidates should not be misled by the false promises of admission made by any private in dividuals or institution.

16 PLACEMENT SERVICES

In order to further extend learner support services to its geographically distributed student population who are pursuing various IT and Non-IT related Degree, Diploma and Masters Programme, the university has established the Campus Placement Cell (CPC). The mission and endeavor of CPC is to enhance and facilitate the process of prospective suitable employment opportunities that are commensurate with the personal profiles of our learners. All students interested in seeking the assistance of CPC for procuring suitable job opportunities are requested to send their current resume/biodata to **campusplacement@ignou.ac.in**. They are further advised to visit our home page www.ignou.ac.in for regular updates on placement related activities.

17 EQUAL OPPORTUNITY CELL

In order to implement the provisions of the UGC (Promotion of Equity in Higher Education Institutions) Regulations, 2012, IGNOU has setup an Equal Opportunity Cell with the objectives of safeguarding the interests of all the students without any prejudice to their caste, creed, religion, language, ethnicity, gender and disability so that equality is promoted among all the sections of students.

18 GRIEVANCE REDRESSAL: WHOM TO CONTACT FOR WHAT

IGNOU has a robust mechanism in place for redressal of student grievances. A Special Online Portal – IGNOU Grievance Redress and Management (iGRAM) has been developed for this purpose. Students can submit their grievances on iGRAM online and track the response. iGRAM can be accessed at http://igram.ignou.ac.in/.

A dedicated **Student Service Centre** has been set up at the HQ to respond to the queries and grievances of the students. The Student Service Centre can be contacted at the contact details provided below.

मानव संसाधन विकास मंत्रालय, भारत सरकार

प्रेस नोट

राष्ट्रभाषा हिन्दी के प्रचार-प्रसार और विकास की दिशा में स्वैच्छिक हिन्दी संस्थाओं का महत्वपूर्ण योगदान रहा है। स्वतंत्रता प्राप्ति के बाद इन संस्थाओं में हिन्दी तर क्षेत्रों में हिन्दी को लोकप्रिय बनाने के लिए काफी प्रयत्न किये हैं। इसी परिप्रेक्ष्य में कुछ स्वैच्छिक हिन्दी संस्थाओं द्वारा संचालित हिन्दी परीक्षाओं को भारत सरकार में मान्यता प्रदान की है। ताकि लोगों को हिन्दी का ज्ञान हो सके और इसके माध्यम से रोजगार प्राप्त कर सके। भारत सरकार ने हिन्दी शिक्षा समिति की सिफारिश और संघ लोक सेवा आयोग की सहमति से इन संस्थाओं द्वारा आयोजित कुछ परीक्षाओं को 1960 से मान्यता देना शुरू किया ताकि इन परीक्षाओं को पास करने पर उम्मीदवार उन सरकारी नौकरियों के लिए पात्र बन सकें, जिनके लिए हिन्दी की योग्यता भी जारी की गई है। इस विषय पर कई प्रेस विज्ञप्तियाँ भी जारी की गई है। समय- समय पर अस्थायी मान्यता की अवधि भी बढ़ाई जाती रही हैं। बाद में कुछ संस्थाओं की परीक्षाओं को स्थायी मान्यता दी गई है। यद्यपि अभी कुछ संस्थाओं को अस्थायी मान्यता दी गई है।

हिन्दी शिक्षा समिति भारत सरकार में एक स्थायी संस्था है। यह समिति हिन्दी के प्रचार, प्रसार और विकास के संबंध में भारत सरकार को समय-समय पर सलाह देती है और सिफारिशें करती हैं। इस समिति की सिफारिशों के आधार पर स्वैच्छिक हिन्दी संस्थाओं की परीक्षाओं को मान्यता प्रदान की जाती है।

किसी भी स्वैच्दिक संस्था को चाहे वह स्वयं हिन्दी की परीक्षा आयोजित करती हो, या किसी भी मान्यताप्राप्त अन्य स्वैच्छिक हिन्दी संस्था के माध्यम से परीक्षा संचालित करती हो, मान्यताप्राप्त करने के लिए अखिल भारतीय हिन्दी संस्था संघ, 24, कोटला मार्ग, नई दिल्ली की मान्यता के लिए प्रस्ताव भेजना होता है। इस प्रस्ताव के आधार पर संस्था संघ परीक्षा की मान्यता संबंधी मानदण्डों और नियमों के अनुसार उस संस्था का निरीक्षण करता है और मान्यता के लिए मंत्रालय को अपनी सिफारिश भेजता है। इसके बाद मंत्रालय का अधीनस्थ कार्यालय केन्द्रीय हिन्दी निदेशालय की एक निरीक्षण समिति स्वतंत्र रूप से उस संस्था का निरीक्षण बनती है और अपनी रिपोर्ट हिन्दी शिक्षा समिति के विचार के लिए मंत्रालय की प्रस्तुत करती है।

कुल समाचार पत्रों में परीक्षा शीर्षक के अधीन यह समाचार छपा होता है कि हिन्दी साहित्य सम्मेलन प्रयाग (इलाहाबाद) की प्रथमा और मध्यमा परीक्षा को क्रमशः एस.एस.सी. और बी.ए. के समकक्ष मान्यता दी गई है। इस प्रकार के समाचार का स्पष्टीकरण इस मंत्रालय से समय-समय पर दिया जाता रहा है। कुछ वर्ष पहले उपशिक्षा मंत्री, श्री पी.के. थुंगन ने भी लोकसभा में स्थिति स्पष्ट की थी और बताया था कि हिन्दी साहित्य सम्मेलन की वास्तविक स्थिति भिन्न है क्योंकि यह एक स्वैच्छिक संगठन है न कि विश्वविद्यालय अथवा विश्वविद्यालय समझी जाने वाली संस्था। यह शिक्षा राज्य परीक्षा परिषद तथा विश्वविद्यालय के समान नहीं माना जाता है। इसलिए इस संस्था द्वारा आयोजित इन परीक्षाओं को केन्द्र सरकार द्वारा हाईस्कूल, इंटरमीडिएट और बी.ए. के बराबर मान्यता नहीं दी गई है। इस संस्था को केवल हिन्दी विषय की परीक्षा को संचालित करने की मान्यता दी गई है,भले ही, यह हिन्दी के साथ–साथ अन्य विषयों को भी तैयार करता हो।

पुनः यह स्पष्ट किया जाता है कि किसी पद के लिए निर्धारित किए गए हिन्दी स्तर के निर्धारण के प्रयोजन से हिन्दी साहित्य सम्मेलन की प्रथमा और मध्यमा परीक्षाओं को क्रमशः एस.एस.एल.सी. तथा बी.ए. के बराबर से मान्यता दी गई है।

पुनः यह स्पष्ट किया जाता है कि किसी पद के लिए निर्धारित किए गए हिन्दी स्तर के निर्धारण के प्रयोजन से हिन्दी साहित्य सम्मेलन की प्रथमा और मध्यमा परीक्षाओं को क्रमशः एस. ए इसी प्रकार अन्य स्वैच्छिक हिन्दी संस्थाओं द्वारा संचालित हिन्दी परीक्षाओं की मान्यता के बारे में भी कहा जा सकता है किये परीक्षाएँ न तो किसी राज्य परीक्षा परिषद् और नही विश्वविद्यालय के समकक्ष मानी गई है। जहाँ तक सरकारी नौकरियों के लिए इन परीक्षाओं की मान्यता का प्रश्न है, इस सम्बन्ध में यह निश्चय किया गया है किय दि सरकारी अथवा गैर सरकारी कार्यालय, अर्धसरकारी संस्थाया शैक्षिक संस्था में किसी पद के लिए हिन्दी की कोई विशेष योग्यता निर्धारित की गई है तो इन परीक्षाओं से प्राप्त की गई योग्यताधारी व्यक्ति इन पदों के पात्र हो सकते हैं। परन्तु हिन्दी की अलग से यदि कोई योग्यता निर्धारित नहीं की गई है तो स्वैच्दिक हिन्दी संस्था से प्रमाण पत्र या डिग्री प्राप्त करने वाले व्यक्ति विश्वविद्यालय या राज्य परीक्षा परिषदों के प्रमाण पत्र या डिग्री की समकक्षता का दावा नहीं कर सकते हैं। स.एल.सी. तथा बी.ए. के बराबर से मान्यता दी गई है।

अतः उपर्युक्त विवरण के आधार पर, संक्षेप में पुनः स्पष्ट किया जाता है कि स्वैच्छिक हिन्दी संस्थाओं की मान्यता केवल संलग्न सूची में दर्शायी गई समकक्ष परीक्षा के लिए निर्धारित हिन्दी स्तर तक ही सीमित है और इसे पूर्ण प्रमाण-पत्र या डिग्री परीक्षा के बरोबर नहीं माना जायगा। आम जानकारी के लिए संस्थावार मान्यताओं का विवरण संलग्न है।

ANNEXURE-1

Guidelines for Multiple Entry and Multiple Exit Scheme for Four-Year Undergraduate Programmes in IGNOU

The Multiple Entry and Multiple Exit Scheme is hereby introduced for the Undergraduate Programmes offered by IGNOU under the FYUP framework, with effect **from July, 2025 admission session**.

The implementation of the Multiple Entry and Multiple Exit Scheme for the IGNOU students as well as those coming from other universities/institutions will be regulated as under:

1. Under this Scheme, students will be allowed entry to a programme in IGNOU within a period of 7 years of award of UG Certificate.

2. Only those applicants whose Major and Minor disciplines studied in the previous institution match with those offered by IGNOU, will be allowed to take admission.

3. The applicants will have to choose Medium of Instruction in which the programme is being offered in IGNOU.

4. The applicants who do not fulfil the above requirements will be governed by the extant rules of credit transfer of IGNOU. They will seek admission to first year of the programme and subsequently, apply for transfer of credits of the completed courses as per the University rules.

5. The credits earned by a prospective applicant through SWAYAM/MOOCs will be governed by the relevant rules of the University.

डॉ. हिमांशु कुमार बोस
कुलसचिव (वि.पं.प्र.) इग्नू
Dr. Himansu Kumar Bose
Registrar (SRD) IGNOU

I) IGNOU Students

The Multiple Entry and Multiple Exit Scheme for IGNOU students will be regulated as under:

A) Multiple Exit from FYUP

The IGNOU students will be able to seek exit from a programme as per the following procedure:

Levels and Points of Multiple Exit

S. No.	Level of the Programme	Exit and Certification
1.	Undergraduate Certificate	The learners successfully completing the first year (2 semesters) of study at the undergraduate level will be awarded an Undergraduate Certificate. (Total Credits: 40+4=44)
2.	Undergraduate Diploma	The learners successfully completing the second year (4 semesters) of study at the undergraduate level will be awarded an Undergraduate Diploma. (Total Credits: 80+4 =84)
3.	Undergraduate Degree	The learners successfully completing the third year (6 semesters) of study at the undergraduate level will be awarded a Bachelor's Degree with Major in the relevant discipline. (Total credits: 120)
4	Undergraduate Honours Degree	The learners successfully completing all the four years (8 semesters) of study at the undergraduate level will be awarded a Bachelor's Honours Degree in the relevant discipline. (Total credits: 160)

1. An Undergraduate Certificate with name of the stream will be awarded to the students who wish to exit from the programme on completion of first two semesters (first year) with 40+4=44 credits. An Undergraduate Diploma will be awarded to the students who wish to exit from the programme on completion of first four semesters (two years) with 80+4=84 credits. On completion of six semesters (three years) with 120 credits, the students will be awarded an Undergraduate Degree with Major in the relevant Discipline.

डॉ. हिमांशु कुमार बोस
कुलसचिव (वि.पं.प्र.) इग्नू
Dr. Himansu Kumar Bose
Registrar (SRD) IGNOU

Similarly, on completion of eight semesters (four years) with 160 credits, an Honours Degree in the relevant discipline will be awarded.

2. A Certificate/Diploma on such an exit at the end of first/second year, will be awarded to the students on demand for which a specific request will be made by them. Such students can register for an additional 4-credit Vocational Education course **other than the ones they have already taken in the first/second year**, from the Vocational Courses Category of FYUP through the *Course-wise Registration and Certification Scheme (CRCS)* on the IGNOU Admission Portal. Once they have passed the 4-credit vocational course, the credit would be transferred to the Undergraduate Certificate / Diploma to make it 40+4/ 80+4 credits.

B) Multiple Entry to FYUP

The IGNOU students who have sought exit from a 4-year Undergraduate Programme can seek re-entry to that programme as per the following procedure:

1. IGNOU students shall be eligible to seek multiple entry in the Major as well as Multidisciplinary Programmes.

2. The applicants who have successfully completed Undergraduate Certificate (2 semesters/ one year of undergraduate degree) from IGNOU, will be given entry to the *second year* of the same programme.

3. The applicants who have successfully completed Undergraduate Diploma (4 semesters/ 2 years of undergraduate degree) from IGNOU, will be given entry to the *third year* of the same programme.

4. The applicants will be required to submit copies of Grade Card and Certificate for this purpose.

डॉ. हिमांशु कुमार बोस
कुलसचिव (वि.पं.प्र.) इग्नू
Dr. Himansu Kumar Bose
Registrar (SRD) IGNOU

5. The credits of the UG Certificate/Diploma will be transferred to the UG Degree along with the credits earned subsequent to his/her re-entry to the programme.

6. An applicant seeking lateral entry to second year of the FYUP will be given a maximum period of 4 years (2+2 years) to complete the Degree.
